Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on June 6, 2019, the Association of American Railroads (AAR) petitioned the Federal Railroad Administration (FRA) for a special approval of certain industry standards in accordance with the Federal railroad safety regulations contained at 49 CFR 231.33, *Procedure for special approval of existing industry safety appliance standards*, and 49 CFR 231.35, *Procedure for modification of an approved industry safety appliance standard for new railcar construction*.
