Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NSPS for Industrial/Commercial/Institutional Steam Generating Units (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NSPS for Industrial/Commercial/Institutional Steam Generating Units (EPA ICR Number 1088.15, OMB Control Number 2060-0072), to the Office of Management and Budget (OMB), for review and approval in

accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through November 30, 2019. Public comments were previously requested via the **Federal Register** on May 6, 2019 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before September 16, 2019.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2012-0499, to: (1) EPA online using www.regulations.gov (our preferred method), or by email to docket.oeca@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to oira_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov, or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit: <http://www.epa.gov/dockets>.

Abstract: The New Source Performance Standards (NSPS) for Industrial/Commercial/Institutional

Steam Generating Units (40 CFR part 60, subpart Db) were proposed on June 19, 1986, promulgated on December 16, 1987, and most-recently amended on February 27, 2014. The amendment of 2014 promulgated technical and editorial corrections for source-testing of emission operations. The revisions did not result in any changes to either the reporting or recordkeeping requirements. These regulations apply to industrial/commercial/institutional steam generating units (boilers) that commenced either construction, or modification, or reconstruction after June 19, 1984, and have a heat input capacity from fuels combusted in the unit of greater than 29 megawatts (MW) (100 million British thermal units per hour (MMBtu/hr)). This information is being collected to assure compliance with 40 CFR part 60, subpart Db.

In general, all NSPS standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NSPS.

Form Numbers: None.

Respondents/affected entities:

Owners and operators of industrial/commercial/institutional steam generating units (boilers) that commenced construction, modification, or reconstruction after June 19, 1984, and have a heat input capacity from fuels combusted in the unit of greater than 29 megawatts (MW) (100 million British thermal units per hour (MMBtu/hr)).

Respondent's obligation to respond: Mandatory (40 CFR part 60, subpart Db).

Estimated number of respondents: 1,957 (total).

Frequency of response: Quarterly and semiannually.

Total estimated burden: 1,790,000 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$243,000,000 (per year), which includes \$36,200,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the estimates: There is an adjustment increase in the burden in this ICR compared to the previous ICR. The increase is based on an increase in the number of sources subject to the

NSPS due to continued growth in the industry.

Courtney Kerwin,

Director, Regulatory Support Division.

Proposed Low-Priority Substance Designation Under the Toxic Substances Control Act (TSCA); Notice of Availability and Request for Comment

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: As required under section 6(b) of the Toxic Substances Control Act (TSCA) and implementing regulations, EPA is proposing to designate 20 chemical substances as Low-Priority Substances for which risk evaluation is not warranted at this time. This document provides a summary of the approach used by EPA to support the proposed designations, the proposed designation for each of the chemical substances, and instructions on how to access the chemical-specific information, analysis and basis used by EPA to make the proposed designation for each chemical substance. EPA is providing a 90-day comment period during which interested persons may provide comments on the proposed designations.

DATES: Comments must be received on or before November 13, 2019.

ADDRESSES: Use one of the following methods to submit comments: For comments not related to a specific chemical substance, including comments on EPA's Approach Document for Screening Hazard Information for Low-Priority Substances Under TSCA (July 2019), direct your comments to docket identification (ID) number EPA-HQ-OPPT-2019-0450. For comments on one or more of the 20 chemical substances, use the applicable chemical specific docket ID number(s) identified in Unit IV.B.

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* Document Control Office (7407M), Office of Pollution Prevention

and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

I. Executive Summary

A. Does this action apply to me?

This action is directed to the public in general and may be of interest to entities that currently or may manufacture (including import) a chemical substance regulated under TSCA (e.g., entities identified under North American Industrial Classification System (NAICS) codes 325 and 324110). The action may also be of interest to chemical processors, distributors in commerce, and users; non-profit organizations in the environmental and public health sectors; state and local government agencies; and members of the public. Because interest in this notice may be broad, the Agency has not attempted to describe all the specific entities and corresponding NAICS codes for entities that may be interested in or affected by this action.

B. What action is the Agency taking?

EPA is proposing to designate 20 chemical substances as Low-Priority Substances pursuant to section 6(b) of the Toxic Substances Control Act (TSCA), 15 U.S.C. 2605(b). This document includes a summary of the approach used by EPA to support the proposed designations, the proposed designation for each of the chemical substances, and instructions on how to

access the chemical-specific information, analysis and basis used by EPA to make the proposed designation for each chemical substance. EPA is providing a 90-day comment period during which interested persons may submit comments on the proposed designation.

C. Why is the Agency taking this action?

EPA is proposing to designate as Low-Priority Substances 20 chemical substances for which EPA initiated the prioritization process required by TSCA section 6(b) on March 21, 2019 (Ref. 1). EPA is providing a 90-day comment period during which the public may submit comments on EPA's proposed designations of Low-Priority Substances, as required by TSCA section 6(b)(1)(C)(ii).

D. What is the Agency's authority for taking this action?

This document is issued pursuant to TSCA section 6(b)(1).

E. What are the estimated incremental impacts of this action?

This document identifies 20 chemical substances for proposed designation as Low-Priority Substances. This document does not establish any requirements on persons or entities outside of the Agency. No incremental impacts are therefore anticipated, and consequently EPA did not estimate potential incremental impacts for this action.

F. What should I consider as I prepare my comments for EPA?

1. *Submitting Confidential Business Information (CBI).* Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.
