

to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request*: Revision with change of a previously approved collection; *Title of Information Collection*: Medicare Part C and Part D Data Validation (42 CFR 422.516g and 423.514g); *Use*: The Centers for Medicare and Medicaid Services (CMS) established reporting requirements for Medicare Part C and Part D sponsoring organizations (Medicare Advantage Organizations [MAOs], Cost Plans, and Medicare Part D sponsors) under the authority described in 42 CFR 422.516(a) and 423.514(a), respectively. Under these reporting requirements, each sponsoring organization must submit Medicare Part C, Medicare Part D, or Medicare Part C and Part D data. In order for the reported data to be useful for monitoring and performance measurement, the data must be reliable, valid, complete, and comparable among sponsoring organizations. To maintain the independence of the validation process, sponsoring organizations do not use their own staff to conduct the data validation. Sponsoring organizations are responsible for hiring external, independent data validation contractors (DVCs) who meet a minimum set of qualifications and credentials, which CMS outlines in the "Standards for Selecting Data Validation Contractors" document. For the retrospective review in 2020, the DVCs will review data submitted by sponsoring organizations for CY2019. *Form Number*: CMS-10305 (OMB control number: 0938-1115); *Frequency*: Yearly; *Affected Public*: State, Local, or Tribal Governments; *Number of Respondents*: 553; *Total Annual Responses*: 553; *Total Annual Hours*: 15,332. (For policy questions regarding this collection contact Maria Sotirelis at 410-786-0552.)

2. *Type of Information Collection Request*: Extension without change of a previously approved collection; *Title of Information Collection*: National Implementation of the In-Center Hemodialysis CAHPS Survey; *Use*: The Centers for Medicare & Medicaid Services (CMS) is requesting clearance from the Office of Management and Budget (OMB) to continue the In-center Hemodialysis CAHPS (ICH CAHPS) Survey to measure patients' experience

of care with in-center hemodialysis (ICH) facilities. Data collected in the national implementation of the ICH CAHPS Survey are used for the following purposes: To provide a source of information from which selected measures can be publicly reported to beneficiaries as a decision aid for dialysis facility selection; to aid facilities with their internal quality improvement efforts and external benchmarking with other facilities; to provide CMS with information for monitoring and public reporting purposes; and to support the ESRD value-based purchasing program. *Form Number*: CMS-10105 (OMB control number 0938-0926); *Frequency*: Occasionally; *Affected Public*: State, Local, and Tribal Governments; *Number of Respondents*: 108,800; *Total Annual Responses*: 108,800; *Total Annual Hours*: 58,753.
