

**DEPARTMENT OF ENERGY****Federal Energy Regulatory  
Commission****[Docket No. OR19–31–000]****Saddlehorn Pipeline Company, LLC;  
Saddlehorn Pipeline Company, LLC;  
Notice of Petition for Declaratory Order**

Take notice that on August 7, 2019, pursuant to Rule 207(a)(2) of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.207(a)(2) (2018), Saddlehorn Pipeline Company, LLC ("Saddlehorn"), filed a declaratory order petition seeking approval of a proposed tariff and overall rate structure and terms of service for a proposed expansion of the existing Saddlehorn pipeline and the addition of a new origin in Ft. Laramie, Wyoming for service to Cushing, Oklahoma, all as more fully explained in the petition.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Petitioner.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the eLibrary link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

*Comment Date:* 5:00 p.m. Eastern time on September 6, 2019.

Dated: August 13, 2019.

**ENVIRONMENTAL PROTECTION  
AGENCY****[EPA–HQ–OPPT–2018–0436; FRL–9998–25]****Di-isononyl Phthalate (DINP);  
Manufacturer Request for Risk  
Evaluation Under the Toxic  
Substances Control Act (TSCA); Notice  
of Availability and Request for  
Comments****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

**SUMMARY:** EPA is announcing the availability of and soliciting public comment on a manufacturer request for a risk evaluation of di-isononyl phthalate (DINP) under the Toxic Substances Control Act (TSCA). The request was made by Evonik Corporation, ExxonMobil Chemical Company and Teknor Apex, through the American Chemistry Council's High Phthalates Council. EPA conducts risk evaluations to determine whether a chemical substance presents an unreasonable risk of injury to health or the environment without consideration of costs or other non-risk factors, including an unreasonable risk to potentially exposed or susceptible subpopulations, under the conditions of use. In the docket associated with this request is the manufacturer request for an EPA conducted risk evaluation and possible additional conditions of use EPA has identified for inclusion within the scope of a risk evaluation of DINP. After considering comments received in response to this solicitation, EPA will make a decision whether to grant or deny the manufacturer request. All TSCA risk evaluations, whether EPA-initiated or manufacturer-requested, will be conducted in the same manner.

**DATES:** Comments must be received on or before October 3, 2019.**ADDRESSES:** Submit your comments, identified by docket identification (ID) number EPA–HQ–OPPT–2018–0436, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

- *Mail:* Document Control Office (7407M), Office of Pollution Prevention and Toxics (OPPT), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001.

- *Hand Delivery:* To make special arrangements for hand delivery or delivery of boxed information, please follow the instructions at <http://www.epa.gov/dockets/contacts.html>.

Additional instructions on commenting or visiting the docket, along with more information about dockets generally, is available at <http://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Darlene Leonard, National Program Chemicals Division, Office of Pollution Prevention and Toxics, Environmental Protection Agency, Mail Code 7404T, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; telephone number: (202) 566–0516; email address: [leonard.darlene@epa.gov](mailto:leonard.darlene@epa.gov).

**SUPPLEMENTARY INFORMATION:****I. General Information***A. Does this apply to me?*

This notice is directed to the public in general, and may be of interest to persons who currently or may manufacture (including import), process, distribute, use, and/or dispose of DINP. Since other entities may also be interested in these risk evaluations, the EPA has not attempted to describe all the specific entities that may be affected by this action.

*B. What is EPA's authority for taking this action?*

TSCA section 6(b) requires that EPA conduct risk evaluations on existing chemicals and identifies the minimum components EPA must include in all chemical substance risk evaluations. 15 U.S.C. 2605(b). The risk evaluation must not consider costs or other non-risk factors. 15 U.S.C. 2605(b)(4)(F)(iii). The specific risk evaluation process is set out in 40 CFR part 702 and summarized on EPA's website at <https://www.epa.gov/assessing-and-managing-chemicals-under-tsca/risk-evaluations-existing-chemicals-under-tsca>.

TSCA section 6(b) also allows manufacturers of a chemical to request an EPA-conducted risk evaluation on the chemical. TSCA required EPA to develop the form and manner under which these requests must be made, and the criteria for which EPA will determine whether to grant a request. These requirements and criteria are set out in 40 CFR 702.37.

Under 40 CFR 702.37(e)(3), EPA is required to assess whether the circumstances identified in a
