regulations also include the qualifications required of applicants and the procedures for applying for licenses and permits. Section 111.11 of the CBP regulations (19 CFR 111.11) sets forth the basic requirements for a broker’s license, and in paragraph (a)(4) of that section provides that an applicant for an individual broker’s license must attain a passing grade (75 percent or higher) on a written examination.

Section 111.13 of the CBP regulations (19 CFR 111.13) sets forth the requirements and procedures for the written examination for an individual broker’s license and states that written customs broker’s license examinations will be given on the fourth Wednesday in April and October unless the regularly scheduled examination date conflicts with a national holiday, religious observance, or other foreseeable event.

Due to an unforeseen impediment to optimal conditions for administering the test, CBP has decided to change the regularly scheduled date of the examination. This document announces that CBP has scheduled the October 2019 customs broker’s license examination for Thursday, October 17, 2019.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

OMB Approval Number: 2577–0083.

Type of Request: Revision of a currently approved collection.

Form Number: Form HUD–50058 MTW Family Report, Form HUD–50058 MTW Expansion Family Report.

Description of the need for the information and proposed use: The Office of Public and Indian Housing of the Department of Housing and Urban Development (HUD) provides funding to public housing agencies (PHAs) to administer assisted housing programs. Form HUD–50058, Form HUD–50058 MTW, and Form HUD–50058 MTW Expansion Family Reports solicit demographic, family profile, income and housing information on the entire nationwide population of tenants residing in assisted housing. The information collected through the Form HUD–50058 will be used to monitor and evaluate the Public Housing, Section 8 Housing Choice Voucher, Section 8 Project-Based Vouchers, and Moving to Work (MTW) Demonstration programs. The information collected through the Form HUD–50058 MTW will be used to monitor and evaluate the expansion MTW PHAs (PHAs designated as MTW pursuant to the 2016 Expansion Statute) that are participating in the MTW Demonstration program, which includes Public Housing, Section 8 Housing Choice Voucher, Section 8 Project-Based Vouchers, and Moving to Work (MTW) Demonstration programs. The information collected through the Form HUD–50058 MTW Expansion will be used to monitor and evaluate the expansion MTW PHAs that are participating in the MTW Demonstration program, which includes Public Housing, Section 8 Housing Choice Voucher, Section 8 Project-Based Vouchers, Local Non-Traditional Property-Based, and Local, Non-Traditional Tenant-Based programs.

Tenant data is collected to understand demographic, family profile, income, and housing information for participants in the Public Housing, Section 8 Housing Choice Voucher, Section 8 Project Based Certificate, Section 8 Moderate Rehabilitation, and MTW Demonstration programs. This data also allows HUD to monitor the performance of programs and the performance of public housing agencies that administer the programs.

Reason for PRA

No changes have been made to the Forms HUD–50058 Family Report and HUD–50058 MTW Family Report. HUD is seeking comments for the new Form HUD–50058 MTW Expansion, which is a derivative of the HUD–50058 and HUD–50058 MTW, to collect data from the MTW expansion PHAs. As with the HUD–50058 and HUD–50058 MTW, this data will be used to understand demographic, family profile, income, and housing information. It will also be used to evaluate the MTW expansion agencies, as required by statute, according to the specific evaluation criteria set forth for each cohort that PHAs are being admitted to the MTW program.

Most of the data elements on the Form HUD–50058 MTW Expansion are from the HUD–50058 and HUD–50058 MTW and are being utilized with no changes. There are some data elements, however, that have been changed, removed, or added from the original content to meet the needs of the MTW expansion data collection and evaluation. Those items are outlined below. The items noted below are only applicable to MTW expansion PHAs submitting the Form HUD–50058 MTW Expansion.

Line Additions

- Line 1h, Unit Real Estate ID Number: This is for the unique identifier that each unit will be assigned in the PHA’s ReSource. Units can be identified and tracked even if they change programs (i.e., through a RAD conversion a public housing unit becomes a project-based voucher unit).
- Line 2w, End of participation reasons: This data will assist PHAs and HUD determine and track the reasons why families are ending participation in the PHA’s program if the PHA is submitting an End of Participation action type.
- Line 8u, Total allowances determined by PHA: PHAs utilizing waivers outlined in the MTW Operations Notice should use this line to report the total amount of allowances that will later be used in the calculation of the family’s adjusted annual income. This line will also be used when a family is a participant in the for Local, Non-Traditional Property-Based or Local, Non-Traditional Tenant-Based programs. This line was added since line 8x, Total allowances, cannot be used in these instances.
- Line 10v, Date over-income family exceeded the two-year grace period: Added to capture the date an over-income family exceeded the two-year grace period outlined in Housing Opportunity Through Modernization Act of 2016 (HOTMA) and related guidance and must begin paying over-income rent. This is added to assist PHAs in tracking this information for each family.
- Line 10w, Alternate tenant rent: PHAs will use this line to record the amount of rent paid by a family if one of the alternate types of rent is selected in line 10u. Type of rent selected.
- Lines 11u and 11aq, MTW specific alternate rent type: Will be used to indicate the MTW specific alternate rent type the family’s rent is determined by if the family’s rent is not calculated using the standard rent calculation detailed on the form. Can be used for the Local, Non-Traditional Property-Based program if one of these alternate rent types is applicable. Line 11ap is only for used for prorated assistance for mixed families is used in conjunction with line 11aq.
- Lines 11u and 11aq, Alternate tenant rent: PHAs will use this line to record the amount of rent paid by a family if one of the alternate types of rent is selected in line 10u. Type of rent selected.
- Lines 11v and 11aq, MTW specific alternate rent type: Will be used to indicate the MTW specific alternate rent type the family’s rent is determined by if the family’s rent is not calculated using the standard rent calculation detailed on the form. Can be used for the Local, Non-Traditional Property-Based program if one of these alternate rent types is applicable. Line 11ap is only for used for prorated assistance for mixed families is used in conjunction with line 11aq.
detailed on the form. Can be used for the Local, Non-Traditional Tenant-Based program if one of these alternate rent types is applicable. Line 12ak is only for use for prorated assistance for mixed families and is used in conjunction with line 12am. • Lines 12yk and 12yk, Alternate tenant rent: PHAs will use this line to record the amount of rent paid by a family member if one of the alternate rent types is selected in line 12x, MTW specific alternate rent type, or if the family is participating in the for the Local, Non-Traditional Tenant-Based program. Line 12am is only for use for prorated assistance for mixed families is used in conjunction with line 12ak. • Lines 17p through 17t, MTW Self-Sufficiency Program section: These lines allow PHAs to report MTW self-sufficiency participation data and remain unchanged from the HUD–50058 MTW.

Line Changes and Removals
• Line 1c, Program: Utilized the program type codes from the HUD–50058 MTW with the exceptions listed below. These program codes are more specific than the HUD–50058 program codes and allow for differentiation of tenant-based and project-based assistance, which are both under the VO (Voucher) code on the HUD–50058.
  ○ Local, Non-Traditional Homeownership is not applicable in the MTW expansion.
  ○ Clarified that Local, Non-Traditional Assistance is tenant-based.
  ○ Added Local, Non-Traditional Property-Based so that tenant-based and property or project-based assistance can be easily determined.
• Line 2a, Type of action: Removed the selection for Historical Adjustment. Due to improvements in PIC, PHAs should no longer need to utilize this action type. This action type was originally meant to assist in capturing data that would serve as a baseline for a household when there was no data in PIC after the initial migration to PIC.
  • Line 2m, Special program: Removed the selection for Welfare to Work Voucher since this program no longer exists.
  • Line 2v, MTW self-sufficiency program participation now or in last year: This line was on the HUD–50058 MTW as line 2m. Line 2m is already in use on the HUD–50058 so assigned the next available line number.
  • Line 3g, Gender: The title of this line was changed from “Sex” to “Gender” and an additional response code was added. Many PHAs have requested a response of “X” be allowed due to many localities issuing gender neutral identification cards.
  • Line 4f, Is there a HUD approved income targeting disregard: This line was removed since it was only applicable to the Welfare to Work (WtW) program.
  • Line 8x, Total allowances: This line reflects the addition of line 8u, Total allowances determined by PHA, in the calculation of the adjusted annual income.
  • Line 10c, Income based ceiling rent: This line was removed since ceiling rents are no longer used.
  • Line 10a, Type of rent selected: A section for alternate rent types has been added and includes six selections. All of the selections except “Over-income rent” are specific to the MTW program. Over-income rent was added to allow PHAs to indicate if a family has exceeded the over-income limit for two consecutive years and is subject to higher rent.
• Line 11d, Did family move into your PHA jurisdiction under portability, line 11e, Cost billed per month, and line 11f, PHA code billed: These lines were removed. Per 24 CFR 983.261 the family may request to move under portability, but must first receive a tenant-based voucher. PHAs must change the voucher type on the 50058 submission to reflect this prior to submitting a Portability Move-out action type.
• Line 17a, Participate in special programs: The reference to Welfare to Work Voucher was removed and replaced by MTW self-sufficiency. This will allow PHAs to indicate if the household is a participant in one or both programs.
• Line 17e, MTW self-sufficiency report category, line 17f, MTW self-sufficiency effective date, and 17g, PHA code of PHA administering MTW self-sufficiency contract: These items are unchanged from the HUD–50058 MTW and replaced the Welfare to Work (WtW) content on these lines.
• Line 17i, FSS family services table: Clarified that this table is to only be used for FSS participants.
• Line 17n, MTW self-sufficiency Contract Information: This replaces the Welfare to Work (WtW) program information line.

Many of the PIC system validations (errors) for Sections 8 through 15 of the form, which deal with allowances and rent calculation, will either be relaxed from fatal errors to warnings or may be relaxed completely. A full list of system validations and Technical Reference Guide will be published at a later date. Additional information on the MTW expansion can be found on the MTW website at https://www.hud.gov/mtw.

Respondents (i.e., affected public): Public Housing Agencies, State and local governments, individuals and households.

Columbia River Treaty Negotiations With Canada

AGENCY: Bureau of Indian Affairs, Bureau of Reclamation; Interior.

ACTION: Notice of Tribal consultation.

SUMMARY: The Department of the Interior (Interior) will be hosting a government-to-government consultation with interested Tribes of the Columbia River basin addressing the ongoing Columbia River Treaty regime modernization negotiations between the United States and Canada.

DATES: A group Tribal consultation session will be held from 9 a.m. to 1 p.m. on August 28, 2019, and individual consultation sessions with Tribes will be held from 1 p.m. to 5 p.m. on August 28, 2019 and from 9 a.m. to 5 p.m. on August 29, 2019. To schedule an individual session, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section of this notice. Written input must be postmarked by September 13, 2019.

ADDRESSES: The Tribal consultation session will be held at the Bonneville Power Administration (BPA) Rates Hearing Room, 1201 Lloyd Blvd., Suite 200, Portland, OR. Please submit any written input to Columbia River Treaty Negotiations with Canada c/o Elizabeth Appel, Office of the Assistant Secretary—Indian Affairs, 1849 C Street NW, MS 4660, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Mr. David Denton, Pacific Northwest Regional Liaison, U.S. Bureau of Reclamation, telephone (202) 513–0671, email: pdnliaison@usbr.gov.

SUPPLEMENTARY INFORMATION: The Department of the Interior strives for meaningful engagement with the Tribes in the Columbia River basin on the topic of Columbia River Treaty negotiations with Canada. The U.S. Department of State leads negotiations for the United States Government in the negotiations between the United States and Canada to modernize the Columbia River Treaty regime. The Department of State holds periodic consultations with Tribes in the Columbia River basin regarding the negotiations, and also invites representatives from Interior, Bonneville Power Administration, National Oceanic and Atmospheric Administration (NOAA) Fisheries, and the U.S. Army Corps of Engineers. Interior has participated in all of these Tribal consultations. In conjunction with the State Department’s periodic consultations with Tribes, the Interior Department will also host a government-to-government consultation with all interested Tribes in the Columbia River basin addressing the Treaty regime modernization negotiations. Because the State Department leads the U.S. Government’s participation in the negotiations, Interior will hold this consultation in concert with the State Department and will invite representatives of the other participating Federal agencies.

As the Secretary of the Interior’s delegated representative and lead for many Columbia River basin matters, the office of the Assistant Secretary for Water and Science is hosting this consultation, with assistance from the office of the Assistant Secretary for Indian Affairs. Interior invites interested Tribes in the Columbia River Basin to participate in person or provide written comments, as detailed in the DATES and ADDRESSES sections of this document.

Dated: July 26, 2019.

Timothy R. Petty,
Assistant Secretary for Water and Science.

Tara Sweeney,
Assistant Secretary—Indian Affairs.
