and are in compliance with approved ventilation or other plans, and other applicable laws, standards, or regulations.

—Any disruption in ventilation will be recorded in the logbook required by the petition. The logbook will include a description of the nature of the disruption, the location of the disruption, the date and time of the disruption and the date and time the surveyor communicated the disruption to the section foreman, the date and time production ceased, the date and time ventilation was reestablished, and the date and time production resumed.

—All surveyors, section foremen, section crew members, and other personnel who will be involved with or affected by surveying operations will receive training in accordance with 30 CFR 48.7 on the requirements of the petition within 60 days of the date the petition becomes final. The training will be completed before any nonpermissible electronic surveying equipment can be used while production is occurring. The operator will keep a record of the training and provide the record to MSHA on request.

—The operator will provide annual retraining to all personnel who will be involved with or affected by surveying operations in accordance with 30 CFR 48.8. The operator will train new miners on the requirements of the petition in accordance with 30 CFR 48.5, and will train experienced miners, as defined in 30 CFR 48.6, on the requirements of the petition in accordance with 30 CFR 48.6. The operator will keep a record of the training and provide the record to MSHA on request.

The petitioner asserts that the proposed alternative method will at all times guarantee no less than the same measure of protection afforded by the existing standard.

Roslyn B. Fontaine, 
Deputy Director, Office of Standards, Regulations, and Variances.

SUPPLEMENTARY INFORMATION:

I. Background

ACCSH advises the Secretary of Labor and the Assistant Secretary of Labor for Occupational Safety and Health (Assistant Secretary) in the formulation of standards affecting the construction industry, and on policy matters arising in the administration of the safety and health provisions under the Contract Work Hours and Safety Standards Act (Construction Safety Act (CSA)) (40 U.S.C. 3701 et seq.) and the Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 et seq.) (see also 29 CFR 1911.10 and 1912.3). In addition, the OSHA Act and CSA require the Assistant Secretary to consult with ACCSH before the agency proposes any occupational safety and health standard affecting construction activities (29 CFR 1911.10; 40 U.S.C. 3704).

ACCSH operates in accordance with the CSA, the OSH Act, the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), and regulations issued pursuant to those statutes (29 CFR part 1912, 41 CFR part 102–3). ACCSH generally meets two times a year.

SUPPLEMENTARY INFORMATION:

Scope of Meeting

OSHA is interested in obtaining information from the public on key issues facing the agency’s whistleblower program. This meeting is the fourth in a series of meetings requesting public input on this program. For this meeting, OSHA is focusing on issues relating to whistleblower protection under the Wendell H. Ford Aviation Investment and Reform Act for the 21st Century (AIR21). In particular, the agency invites input on the following:

1. How can OSHA deliver better whistleblower customer service?
2. What kind of assistance can OSHA provide to help explain the whistleblower laws it enforces?
3. Are there any safety issues in the airline industry that you think the agency needs to be aware of?

Request for Comments

Regardless of attendance at the public meeting, interested persons may submit written or electronic comments (see
