SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Summary Plan Description Requirements Under the Employee Retirement Income Security Act of 1974, as Amended information collection. The Employee Retirement Income Security Act of 1974 (ERISA) requires the administrator of an employee benefit plan to furnish each plan participant and each beneficiary receiving benefits under the plan a copy of the plan's summary plan description (SPD). The Department's regulations provide guidance on the content, frequency, and manner of disclosures required under ERISA to be furnished by employee benefit plans to plan participants and certain specified plan beneficiaries periodically in Summary Plan Descriptions (SPDs), Summaries of Material Modifications (SMMs), and Summaries of Material Reductions (SMRs). ERISA sections 102(b), 104(b)(1), and 109(c) authorize this information collection. See 29 U.S.C. 1022(b), 1024(b)(1), and 1029(c).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210–0039.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on August 31, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For

additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 27, 2019 (84 FR 11573).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210–0039. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Trade Adjustment Assistance Program Reserve Funding Request. Information collected using this form enables the Department to effectively provide financial information to stakeholders such as Congress, OMB, internal and external partners, and the public. States use the form to request additional funds for training costs, job search and relocation allowances, and employment and case management services for trade-affected workers. This information collection is a revision because the currently approved version of this collection is based on amendments made to the Trade Act of 1974 (Act) through the Trade Reform Act of 2002 (Pub. L. 107–210). Since that time, there have been three additional major amendments to the Act, most recently through the Trade Adjustment Assistance Reauthorization Act of 2015 (Pub. L. 114–27). One of the major changes authorized funding for the provision of employment and case management services under Section 235 of the Act. The current collection does not take into account this authorized expenditure category. The Trade Act of 1974, as amended, Sections 236 (a)(2)(B)(i) and (a)(2)(D) authorizes this information collection. See 19 U.S.C. 2296(a)(2).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB, under the PRA, approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205–0275. The current approval is scheduled to expire on August 31, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB will receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 29, 2019 (84 FR 12003).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of

publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1205–0275. The OMB is particularly interested in comments that:

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
