• § 208.26(a)—Requests may be submitted for an exemption or a deferral from particular Medication Guide content or format requirements.

In the **Federal Register** of October 26, 2018 (83 FR 54110), we published a 60-day notice requesting public comment on the proposed collection of information. One comment was received encouraging the use of “provider-

neutral language” in places where terms such as “doctor” or “physician” are used suggesting that these terms may cause some confusion for patients. We are appreciative of this recommendation; however, we decline to implement such changes.

We estimate the burden of this collection of information as follows:

TABLE 1—ESTIMATED ANNUAL REPORTING BURDEN ¹

21 CFR section	Number of respondents	Number of responses per respondent	Total annual responses	Average burden per response	Total hours
Content and Format of a Medication Guide—§ 208.20	61	1	61	320	19,520
Supplements and Other Changes to an Approved Application—§§ 314.70(b)(3)(ii) and 601.12(f)	155	1	155	72	11,160
Exemptions and Deferrals—§ 208.26(a)	1	1	1	4	4
Total					30,684

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

TABLE 2—ESTIMATED ANNUAL THIRD-PARTY DISCLOSURE BURDEN ¹

21 CFR section	Number of respondents	Number of disclosures per respondent	Total annual disclosures	Average burden per disclosure	Total hours
Distributing Medication Guide to Authorized Dispenser—§ 208.24(c)	191	9,000	1,719,000	1.25	2,148,750
Distributing and Dispensing a Medication Guide to Patient—§ 208.24(e)	88,736	5,705	506,238,880	0.05 (3 minutes)	25,311,944
Total					27,460,694

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

Our estimated annual reporting burden for the information collection reflects an overall increase of 4,664 total hours. We attribute this adjustment to an increase in the number of submissions we received over the last few years. Based on a review of the information collection since our last request for OMB approval, we have made no adjustments to our annual third-party disclosure burden estimate.

Title of the Collection: Family Planning Annual Report (FPAR).

Type of Collection: Renewal with change.

OMB No.: 0990-0221.

Abstract: The Office of Population Affairs within the Office of the Assistant Secretary for Health is requesting an extension on a currently approved Family Planning Annual Report (FPAR) data collection and reporting tool (OMB No. 0990-0221). This annual reporting requirement is for family planning services delivery projects authorized and funded by the Title X Family Planning Program [“Population Research and Voluntary Family Planning Programs” (Public Law 91-572)], which was enacted in 1970 as Title X of the Public Health Service Act (Section 1001; 42 U.S.C. 300). The FPAR data collection and reporting tool will include a new module to collect

substance use disorder (SUD) screening data in this request to extend an OMB approval to collect essential, annual data from Title X grantees.

Need and Proposed Use of the Information: The Title X Family Planning Program (“Title X program” or “program”) is the only Federal grant program dedicated solely to providing individuals with comprehensive family planning and related preventive health services (e.g., screening for breast and cervical cancer, sexually transmitted

diseases (STDs), and human immunodeficiency virus). By law, priority is given to persons from low-income families (Section 1006(c) of Title X of the Public Health Service Act, 42 U.S.C. 300). The Office of Population Affairs (OPA) within the Office of the Assistant Secretary for Health administers the Title X program.

Likely Respondents: Respondents for this annual reporting requirement are centers that receive funding directly from OPA for family planning services

authorized and funded under the Title X Family.

This weighted average hour burden accounts for differences in reporting burden by type of grantee agency grantee (e.g., public health department or private agency), as found in the 2009 FPAR Burden Study. For purposes of this estimate, the average hour burden ranges between 39 hours (public health department) and 32 hours (private agency).

ANNUALIZED BURDEN HOUR TABLE

Type of respondents	Form name	Number of respondents	Number of responses per respondents	Average annualized burden per response (hours)	Annualized total burden (hours)
Grantees	FPAR	93	1	36	3,348
Total	93	1	36	3,348
