minimis, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. Entries by Honghua, the separate rate respondent, will be assessed at the cash deposit rate, since it is not a mandatory respondent. If Zhongwei's margin is above de minimis at final, we will calculate importer-specific assessment rates, which only apply to Zhongwei's importers

For entries that were not reported in the U.S. sales database submitted by an exporter individually examined during this review, Commerce will instruct CBP to liquidate such entries at the China-wide rate. Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number will be liquidated at the China-wide rate.²⁴

Cash Deposit Requirements

Because the antidumping duty order on OTR tires from China was revoked,²⁵ Commerce will not issue cash deposit instructions at the conclusion of this administrative review.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: August 16, 2019.

Assistant Secretary for Enforcement and Compliance.
