Access can be restricted to specific functions (*i.e.*, create, update, delete, view, assign permissions) and is restricted utilizing role-based access. SUPPLEMENTARY INFORMATION: On December 4, 2017, President Donald Trump signed Presidential Proclamation 9682 modifying the boundaries of the GSENM to exclude from designation and reservation approximately 861,974 acres of land. Lands that remain part of the GSENM are included in three units, known as the Grand Staircase, Kaiparowits, and Escalante Canyons Units and are reserved for the care and management of the objects of historic and scientific interest described in Proclamation 6920, as modified by Proclamation 9682. Lands that are excluded from the Monument boundaries are now referred to as the Kanab-Escalante Planning Area (KEPA) and are managed in accordance with the BLM's multiple-use mandate.

The planning area is located in Kane and Garfield Counties, Utah, and encompasses approximately 1.87 million acres of public land. For the GSENM Grand Staircase, Kaiparowits, and Escalante Canyons Units, this planning effort is needed to identify goals, objectives, and management actions necessary for the proper care and management of the objects and values identified in Proclamations 6920, as modified by Proclamation 9682. For lands in the KEPA, this planning effort is needed to identify goals, objectives, and management actions necessary to ensure that public lands and their various resource values are utilized in the combination that will best meet the present and future needs of the American people.

The entire planning area is currently managed by the BLM and under the Grand Staircase-Escalante National Monument Management Plan (BLM 1999), as amended. This planning effort would replace the existing Monument Management Plan with four new RMPs.

The BLM reviewed public-scoping comments to identify planning issues that directed the formulation of alternatives and framed the scope of analysis in the Draft RMPs/EIS. Issues identified include management of
