Affected Public: Businesses or other for-profit and not-for-profit organizations.

D. Public Comment

A 60-day notice published in the Federal Register at 84 FR 27779, on June 14, 2019. No comments were received.

Obtaining Copies: Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat Division (MVCB), 1800 F Street NW, Washington, DC 20405, telephone 202–501–4755. Please cite OMB Control No. 9000–0114, Right of First Refusal of Employment, in all correspondence.

Dated: August 19, 2019.

Janet Fry,
Director, Federal Acquisition Policy Division, Office of Governmentwide Acquisition Policy, Office of Acquisition Policy, Office of Governmentwide Policy.

BILLING CODE 6820–EP–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day–19–1154; Docket No. CDC–2019–0072]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing efforts to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies to take this opportunity to comment on a proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995. This notice invites comment on “Generic Clearance for CDC/ATSDR Formative Research and Tool Development”. This information collection request is designed to allow CDC to conduct formative research information collection activities used to inform aspects of surveillance, communications, health promotion, and research project development.

DATES: Written comments must be received on or before October 22, 2019.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2019–0072 by any of the following methods:
• Federal eRulemaking Portal: Regulations.gov. Follow the instructions for submitting comments.
• Mail: Jeffrey Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS–D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. All relevant comments received will be posted without change to Regulations.gov, including any personal information provided. For access to the docket to read background documents or comments received, go to Regulations.gov.

Please note: All public comment should be submitted through the Federal eRulemaking portal (Regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road NE, MS–D74, Atlanta, Georgia 30329; phone: 404–639–7570; Email: omb@cdc.gov.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. In addition, the PRA also requires Federal agencies to provide a 60-day notice in the Federal Register concerning each proposed collection of information, including each new proposed collection, each proposed extension of existing collection of information, and each reinstatement of previously approved information collection before submitting the collection to OMB for approval. To comply with this requirement, we are publishing this notice of a proposed data collection as described below.

The OMB is particularly interested in comments that will help:
1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who respond, including through the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submissions of responses.

5. Assess information costs.

Proposed Project

Generic Clearance for CDC/ATSDR Formative Research and Tool Development—Extension—Office of Science (OS), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The Centers for Disease Control and Prevention (CDC) requests approval for an extension of a generic clearance for CDC/ATSDR Formative Research and Tool Development. This information collection request is designed to allow CDC to conduct formative research information collection activities used to inform many aspects of surveillance, communications, health promotion, and research project development at CDC. Formative research is the basis for developing effective strategies including communication channels, for influencing behavior change. It helps researchers identify and understand the characteristics—interests, behaviors and needs—of target populations that influence their decisions and actions.

Formative research is integral in developing programs, as well as improving existing and ongoing programs. Formative research looks at the community in which a public health intervention is being or will be implemented and helps the project staff understand the interests, attributes and needs of different populations and persons in that community. Formative research occurs before a program is designed and implemented, or while a program is being conducted.

At CDC, formative research is necessary for developing new programs or adapting programs that deal with the complexity of behaviors, social context, cultural identities, and health care that underlie the epidemiology of diseases and conditions in the U.S. CDC conducts formative research to develop public-sensitive communication messages and user friendly tools prior to developing or recommending interventions, or care. Sometimes these studies are entirely behavioral but most often they are cycles of interviews and focus groups designed to inform the development of a product.
PRODUCTS FROM THESE FORMATIVE RESEARCH STUDIES WILL BE USED FOR PREVENTION OF DISEASE. FINDINGS FROM THESE STUDIES MAY ALSO BE PRESENTED AS EVIDENCE TO DISEASE-SPECIFIC NATIONAL ADVISORY COMMITTEES, TO SUPPORT REVISIONS TO RECOMMENDED PREVENTION AND INTERVENTION METHODS, AS WELL AS NEW RECOMMENDATIONS.

MUCH OF CDC’S HEALTH COMMUNICATION TAKES PLACE WITHIN CAMPAIGNS THAT HAVE FAIRLY LENGTHY PLANNING PERIODS—TIMEFRAMES THAT ACCOMMODATE THE STANDARD FEDERAL PROCESS FOR APPROVING DATA COLLECTIONS. SHORT-TERM QUALITATIVE INTERVIEWING AND COGNITIVE RESEARCH TECHNIQUES HAVE PREVIOUSLY PROVEN INVALUABLE IN THE DEVELOPMENT OF SCIENTIFICALLY VALID AND POPULATION-APPROPRIATE METHODS, INTERVENTIONS, AND INSTRUMENTS.

THIS REQUEST INCLUDES STUDIES INVESTIGATING THE UTILITY AND ACCEPTABILITY OF PROPOSED SAMPLING AND RECRUITMENT METHODS, INTERVENTION CONTENTS AND DELIVERY, QUESTIONNAIRE DOMAINS, INDIVIDUAL QUESTIONS, AND INTERACTIONS WITH PROJECT STAFF OR ELECTRONIC DATA COLLECTION EQUIPMENT.

THESE ACTIVITIES WILL ALSO PROVIDE INFORMATION ABOUT HOW RESPONDENTS ANSWER QUESTIONS AND WAYS IN WHICH QUESTION RESPONSE BIAS AND ERROR CAN BE REDUCED.

THIS REQUEST ALSO INCLUDES COLLECTION OF INFORMATION FROM PUBLIC HEALTH PROGRAMS TO ASSESS NEEDS RELATED TO INITIATION OF A NEW PROGRAM ACTIVITY OR EXPANSION OR CHANGES IN SCOPE OR IMPLEMENTATION OF EXISTING PROGRAM ACTIVITIES TO ADAPT THEM TO CURRENT NEEDS. THE INFORMATION COLLECTED WILL BE USED TO ADVISE PROGRAMS AND PROVIDE CAPACITY-BUILDING ASSISTANCE TAILORED TO IDENTIFY NEEDS.

OVERALL, THESE DEVELOPMENT ACTIVITIES ARE INTENDED TO PROVIDE INFORMATION THAT WILL INCREASE THE SUCCESS OF THE SURVEILLANCE OR RESEARCH PROJECTS THROUGH INCREASING RESPONSE RATES AND DECREASING RESPONSE ERROR, THEREBY DECREASING FUTURE DATA COLLECTION BURDEN TO THE PUBLIC. THE STUDIES THAT WILL BE COVERED UNDER THISREQUEST WILL INCLUDE ONE OR MORE OF THE FOLLOWING INVESTIGATIONAL MODALITIES: (1) STRUCTURED AND QUALITATIVE INTERVIEWING FOR SURVEILLANCE, RESEARCH, INTERVENTIONS AND MATERIAL DEVELOPMENT, (2) COGNITIVE INTERVIEWING FOR DEVELOPMENT OF SPECIFIC DATA COLLECTION INSTRUMENTS, (3) METHODOLOGICAL RESEARCH, (4) USABILITY TESTING OF TECHNOLOGY-BASED INSTRUMENTS AND MATERIALS, (5) FIELD TESTING OF NEW METHODOLOGIES AND MATERIALS, (6) INVESTIGATION OF MENTAL MODELS FOR HEALTH DECISION-MAKING TO INFORM HEALTH COMMUNICATION MESSAGES, AND (7) ORGANIZATIONAL NEEDS ASSESSMENTS TO SUPPORT DEVELOPMENT OF CAPACITY.

RESPONDENTS WHO WILL PARTICIPATE IN INDIVIDUAL AND GROUP INTERVIEWS (QUALITATIVE, COGNITIVE, AND COMPUTER ASSISTED DEVELOPMENT ACTIVITIES) ARE SELECTED PURPOSEFULLY FROM THOSE WHO RESPOND TO RECRUITMENT ADVERTISEMENTS.

IN ADDITION TO UTILIZING ADVERTISEMENTS FOR RECRUITMENT, RESPONDENTS WHO WILL PARTICIPATE IN RESEARCH ON SURVEY METHODS MAY BE SELECTED PURPOSEFULLY OR SYSTEMATICALLY FROM WITHIN AN ONGOING SURVEILLANCE OR RESEARCH PROJECT.

PARTICIPATION OF RESPONDENTS IS VOLUNTARY. THERE IS NO COST TO PARTICIPANTS OTHER THAN THEIR TIME. THE TOTAL ESTIMATED ANNUAL BURDEN IS 20,000 HOURS.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

[60Day–19–1166; Docket No. CDC–2019–0070]

Proposed Data Collection Submitted for Public Comment and Recommendations

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice with comment period.

SUMMARY: The Centers for Disease Control and Prevention (CDC), as part of its continuing effort to reduce public burden and maximize the utility of government information, invites the general public and other Federal agencies the opportunity to comment on a proposed and/or continuing information collection, as required by the Paperwork Reduction Act of 1995. This notice invites comment on a proposed information collection project titled “Poison Center Collaborations for Public Health Emergencies.” This information collection is designed to create a timely mechanism which will allow a network of regional, state and local poison centers, supported by CDC, to obtain critical exposure and health information during a public health emergency.

DATES: CDC must receive written comments on or before October 22, 2019.

ADDRESSES: You may submit comments, identified by Docket No. CDC–2019–0070 by any of the following methods:

• Federal eRulemaking Portal: Regulations.gov. Follow the instructions for submitting comments.

• Mail: Jeffrey M. Zirger, Information Collection Review Office, Centers for Disease Control and Prevention, 1600 Clifton Road, NE, MS–D74, Atlanta, Georgia 30329.

Instructions: All submissions received must include the agency name and Docket Number. CDC will post, without change, all relevant comments to Regulations.gov.

Please note: Submit all comments through the Federal eRulemaking portal (regulations.gov) or by U.S. mail to the address listed above.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the information collection plan and instruments, contact Jeffrey M. Zirger,
