SUPPLEMENTARY INFORMATION:

Title: Procurement Contracts (OMB Control No. 3038-0031). This is a request for an extension of a currently approved information collection.

Abstract: The information collection consists of data gathered through the use of procurement forms, specific to a contract or contracting action, relating to solicitations, amendments to solicitations, requests for quotations, construction contracts, awards of contracts, performance bonds, and payment information for individuals (vendors) or contractors engaged in providing supplies or services, as specified in the Federal Acquisition Regulations (48 CFR parts 1-53).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On June 14, 2019, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 84 FR 27770 (60-Day Notice). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden statement: The Commission is revising its burden estimate for this collection to reflect changed circumstances, as follows:²

Respondents/affected entities:

Vendors and contractors.

Estimated number of respondents:

758.

Estimated burden hours per response:

2 hours.

Estimated total annual burden on respondents: 1,516 hours.

Frequency of responses: Annually.

There are no capital costs or operating and maintenance costs associated with this collection.

Authority: 44 U.S.C. 3501 *et seq.*

² The changes in the current renewal reflect the fact that acquisition requirements change from year to year. Estimated burden increases are also due to the Commission's higher acquisition volume, normal inflation and fluctuations in the economy.

Dated: August 20, 2019.

Robert Sidman,

Deputy Secretary of the Commission.
