SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

On June 5, 2019, we published a **Federal Register** notice soliciting comments on this collection of information for 60 days, ending on August 5, 2019 (84 FR 26154). We did not receive any comments regarding this information collection.

We are again soliciting comments on the proposed ICR described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the NPS; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the NPS enhance the quality, utility, and clarity of the information to be collected; and (5) how might the NPS minimize the burden of this collection on the respondents, including through the use of information technology.
