Persulfates From the People's Republic of China: Continuation of Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on persulfates from the People's Republic of China (China) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD duty order.

DATES: Applicable August 28, 2019.

FOR FURTHER INFORMATION CONTACT: Thomas Hanna or Howard Smith, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0835 or (202) 482-5193, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 7, 1997, Commerce published in the **Federal Register** the AD order on persulfates from China.¹ On February 5, 2019, Commerce published the notice of initiation of this sunset review of the AD order on persulfates from China pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² Commerce conducted this sunset review

on an expedited basis, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2) because it received a complete timely and adequate response from a domestic interested party³ but no substantive responses from respondent interested parties. As a result of its review, Commerce determined pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the *Order* would likely lead to a continuation or recurrence of dumping. Commerce also notified the ITC of the magnitude of the dumping margins likely to prevail should the *Order* be revoked.⁴ On August 21, 2019, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the AD duty order on persulfates from China would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁵

Scope of the Order

The products covered by the order are persulfates, including ammonium, potassium, and sodium persulfates. The chemical formulas for these persulfates are, respectively, (NH₄)₂S₂O₈, K₂S₂O₈, and Na₂S₂O₈. Potassium persulfates are currently classifiable under subheading 2833.40.10 of the Harmonized Tariff Schedule of the United States (HTSUS). Sodium persulfates are classifiable under HTSUS subheading 2833.40.20. Ammonium and other persulfates are classifiable under HTSUS subheadings 2833.40.50 and 2833.40.60. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Continuation of the Order

As a result of the determinations by Commerce and the ITC that revocation of the *Order* would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the AD order on persulfates from China.
