

ICC being responsible for a first loss position up to the amount of defined resources (except in certain cases of a central bank failure) and with Participants being responsible for the remaining loss, in proportion to their margin and guaranty fund contributions. The amendments would thus enhance the protection of funds and assets provided to ICC as margin or guaranty fund contributions and are therefore reasonably designed to meet the requirements of Rule 17Ad-22(d)(3).¹⁴

Rule 17Ad-22(d)(8)¹⁵ requires ICC to establish, implement, maintain and enforce written policies and procedures reasonably designed to have governance arrangements that are clear and transparent to fulfill the public interest requirements in Section 17A of the Act¹⁶ applicable to clearing agencies, to support the objectives of owners and participants, and to promote the effectiveness of the clearing agency's risk management procedures. ICE Clear Credit believes the amendments discussed herein satisfy these requirements. The amendments are designed to address extreme loss scenarios other than those resulting from Participant default, and provide an orderly means for recovery from such scenarios if necessary. The amendments set out the responsibilities of the ICE Clear Credit Board in connection with establishing the appropriate level of Investment Loss Resources and Custodial Loss Resources provided by ICC. In taking such decisions, the Rules, the ICC mission statement, and the relevant governance committee charters will require the Board to take into consideration both the interests of Participants, customers and other stakeholders and the broader goal of providing safe and sound central counterparty services to reduce systemic risk in an efficient and compliant manner, consistent with the requirements of Rule 17Ad-22(d)(8).¹⁷

For the foregoing reasons, ICE Clear Credit believes that the proposed rule change is consistent with the requirements of Section 17A of the Act¹⁸ and the regulations thereunder applicable to it, including the standards under Rule 17Ad-22.¹⁹

(B) Clearing Agency's Statement on Burden on Competition

ICC does not believe the proposed rule change would have any impact, or

impose any burden, on competition. The proposed changes to the ICC Rules will apply uniformly across all market participants. Therefore, ICC does not believe the proposed rule change imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice Received From Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change, Security-Based Swap Submission, or Advance Notice and Timing for Commission Action

- (B) institute proceedings to determine whether the proposed rule change should be disapproved.
