**SUMMARY:** As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) order on steel wire garment hangers (hangers) from the People's Republic of China (China) would likely lead to a continuation or recurrence of dumping and material injury to an industry in the United States, Commerce is publishing this notice of continuation of the AD order.

review, Commerce determined, pursuant to sections 751(c)(1) and 752(c) of the Act, that revocation of the AD order on hangers from China would likely lead to a continuation or recurrence of dumping and, therefore, notified the ITC of the magnitude of the margins of dumping likely to prevail should the order be revoked.<sup>4</sup> On August 21, 2019, the ITC published its determination, pursuant to section 751(c) of the Act, that revocation of the *Order* would likely lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>5</sup>

### Scope of the Order

The merchandise that is subject to the order is steel wire garment hangers, fabricated from carbon steel wire, whether or not galvanized or painted, whether or not coated with latex or epoxy or similar gripping materials, and/or whether or not fashioned with paper covers or capes (with or without printing) and/or nonslip features such as saddles or tubes. These products may also be referred to by a commercial designation, such as shirt, suit, strut, caped, or latex (industrial) hangers. ### SUPPLEMENTARY INFORMATION:

#### Background

On August 7, 2008, Commerce published the AD and CVD orders on woven sacks from China.<sup>1</sup> On July 1, 2013, Commerce initiated the first five-year (sunset) review of the AD and orders on woven sacks from China, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).<sup>2</sup> As a result of its review, Commerce determined that revocation of the AD and CVD orders on woven sacks from China would likely lead to a continuation or recurrence of dumping and countervailable subsidies and, therefore, notified the ITC of the magnitude of the margins and net countervailable subsidy rates likely to prevail should the orders be revoked.<sup>3</sup> The ITC determined, pursuant to section 751(c) of the Act, that revocation of the AD and CVD orders on woven sacks from China would lead to a continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>4</sup> Accordingly, the continuation of the AD duty order was published on March 26, 2014, and the continuation of the CVD order was published on March 27, 2014, at the conclusion of the first five-year (sunset) reviews.<sup>5</sup>
