

assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: 2019 Temporary Emergency Impact Aid for Displaced Students.

OMB Control Number: 1810-NEW.

Type of Review: A new information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 56.

Total Estimated Number of Annual Burden Hours: 2,240.

Abstract: This is an emergency collection request for 2019 Temporary Emergency Impact Aid for Displaced Students. The Additional Supplemental Appropriations for Disaster Relief Act, 2019 (Pub. L. 116-20, hereafter referred to as the Disaster Supplemental) was signed into law by President Trump on June 6, 2019. The law provides \$165 million for education-related disaster recovery activities for certain natural disasters in 2018 and 2019 for which a major disaster or emergency (covered disasters) has been declared by the President.

The Department of Education plans to use the discretion afforded to the Secretary by the Disaster Supplemental to implement four programs: Immediate Aid to Restart School Operations program (Restart), Emergency Impact Aid for Displaced Students (EIA), Emergency Assistance to Institutions of Higher Education program (Emergency Assistance to IHEs), and Project School Emergency Response to Violence (Project SERV).

Under this request, the Department is seeking emergency clearance for the 2019 Restart Program. Under this

program, the Department will award Restart funding to SEAs, which, in turn, will provide assistance to LEAs to defray expenses related to the restart of operations in, the reopening of, and the re-enrollment of students in elementary and secondary schools that serve an area affected by a covered disaster.

Due to the severe impact (e.g., physical, social, emotional) of the covered programs and the degree to which they have disrupted teaching and learning, we are requesting emergency clearance by August 30, 2019. In light of the late enactment of the Disaster Supplemental and the fact that the 2018-2019 school year is effectively over, it is critical that these data are collected quickly, to enable ED to make timely payments and provide necessary relief.

Additional Information: An emergency clearance approval for the use of the system is described below due to the following conditions:

The Additional Supplemental Appropriations for Disaster Relief Act of 2019, signed into law by President Trump on June 06, 2019, included new funding to support disaster relief. The U.S. Department of Education (Department) will award up to \$165 million to assist K-12 schools and school districts in meeting the educational needs of students affected by Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires, earthquakes, and volcanic eruptions occurring in calendar year 2018 and tornadoes and floods occurring in calendar year 2019 in those areas for which a major disaster or emergency is declared under section 401 or 501 of the Robert T. Stafford Disaster Relief and Emergency Act (42 U.S.C. 5170 and 5190). This disaster assistance will help schools and school districts return to their full capabilities as quickly and effectively as possible. Pursuant to 5 CFR 1320.13, the Department requests that OMB review and approved this collection by August 30, 2019 under its emergency procedures, based on harm to public due to an unanticipated/unforeseen natural disaster event that occurred beyond ED's control.

Dated: August 22, 2019.

Lock+™ Hydro Friends Fund XXI, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

August 22, 2019.

On March 1, 2019, Lock+™ Hydro Friends Fund XXI, LLC, filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of the East Branch Dam Hydropower Project to be located at the U.S. Army Corps of Engineers' (Corps) East Branch Dam on the Clarion River in Elk County, Pennsylvania. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed project would consist of the following: (1) A new 30-foot-long, 30-foot-wide, 160-foot-high Large Frame Module; (2) two turbine-generator units with a total rated capacity of 1.6 megawatts; (3) a new 4-foot-long, 4-foot-wide, 3-foot-high pad-mounted transformer; (4) a new 200-foot-long, 13-kilovolt transmission line connecting the new transformer to an existing distribution line; and (5) appurtenant facilities. The proposed project would have an annual generation of 7,100 megawatt-hours.

Applicant Contact: Wayne Krouse, Lock+™ Hydro Friends Fund XXI, LLC, P.O. Box 43796, Birmingham, AL 35243; phone: 877-556-6566 ext. 709.
