SUPPLEMENTARY INFORMATION:

Public Participation and Request for Comments

We request public comments on this notice. Although we do not plan to respond to comments in the **Federal Register**, we will respond directly to commenters and may modify our proposal in light of comments.

Comments should be marked with docket number USCG-2019-0704 and should provide a reason for each suggestion or recommendation. You should provide personal contact information so that we can contact you if we have questions regarding your comments; but please note that all comments will be posted to the online docket without change and that any personal information you include can be searchable online (see the **Federal Register** Privacy Act notice regarding our public dockets, 73 FR 3316, Jan. 17, 2008). We also accept anonymous comments.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, contact the Coast Guard (see **FOR FURTHER INFORMATION CONTACT**). Documents mentioned in this notice, and all public comments, are in our online docket at <http://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

Do not submit detailed proposals for future CRADAs to the Docket Management Facility. Instead, submit them directly to the Coast Guard (see **FOR FURTHER INFORMATION CONTACT**).

Discussion

CRADAs are authorized under 15 U.S.C. 3710(a).¹ A CRADA promotes the

transfer of technology to the private sector for commercial use, as well as specified research or development efforts that are consistent with the mission of the Federal parties to the CRADA. The Federal party or parties agree with one or more non-Federal parties to share research resources, but the Federal party does not contribute funding.

CRADAs are not procurement contracts. Care is taken to ensure that CRADAs are not used to circumvent the contracting process. CRADAs have a specific purpose and should not be confused with procurement contracts, grants, and other type of agreements.

Under this CRADA, the R&D Center will collaborate with a non-Federal participant. Together, the R&D Center and the non-Federal participant will collect information/data for performance, reliability, maintenance requirements, human systems integration and other data on using smart phone's location services for geolocation.

We anticipate the Coast Guard's contributions under this CRADA will include the following:

(1) Research by the parties under this CRADA will be performed offsite at Callyo 2009 Corporation's facilities and the RDC.

(2) Provide web based support at the following locations:

CG Sector New York: Staten Island, NY
CG Sector Long Island Sound: New Haven, CT

CG Sector Boston: Boston, MA
CG Sector Southeastern New England:

Woods Hole, MA
CG Sector Northern New England:
South Portland, ME

We anticipate that the non-Federal participant's contributions under this CRADA will include the following:

(1) Provide technical support, training and maintenance throughout the period of performance to ensure maximum availability and utility of Callyo 2009 Corporation i911 web based solution.

(2) Deployment of the Callyo 2009 Corporation i911 capability, including the interface to the RapidSOS NG911 Clearinghouse, at each CG Sector.

The Coast Guard reserves the right to select for CRADA participants all, some, or no proposals submitted for this CRADA. The Coast Guard will provide no funding for reimbursement of proposal development costs. Proposals and any other material submitted in response to this notice will not be returned. Proposals submitted are

expected to be unclassified and have no more than five single-sided pages.

The Coast Guard will select proposals at its sole discretion on the basis of:

(1) How well they communicate an understanding of, and ability to meet, the proposed CRADA's goal; and

(2) How well they address the following criteria:

(a) Technical capability to support the non-Federal party contributions described; and

(b) Resources available for supporting the non-Federal party contributions described.

Currently, the Coast Guard entered a CRADA with Callyo 2009 Corporation for participation in this CRADA. This consideration is based on the fact that Callyo 2009 Corporation has demonstrated its technical ability as the developer, manufacturer, and integrator of cellular direction finding equipment. However, we do not wish to exclude other viable participants from this or future similar CRADAs.

The CRADA with Callyo 2009 Corporation is based on market research and visits to vendors with advertised expertise in this operational use of cellular phone geolocation technology.

This is a technology assessment effort. The goal for the Coast Guard of this CRADA is to better understand the advantages, disadvantages, required technology enhancements, performance, costs, and other issues associated with cellular direction finding technologies. Special consideration will be given to small business firms/consortia, and preference will be given to business units located in the U.S. This document is issued under the authority of 5 U.S.C. 552(a).

Dated: August 15, 2019.

Bert N. Macesker,

Executive Director, U.S. Coast Guard Research and Development Center.

SUPPLEMENTARY INFORMATION: CBP invites the general public and other Federal agencies to comment on the proposed and/or continuing information collections pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*). This proposed information collection was previously published in the **Federal Register** (84 FR 26127) on June 5, 2019, allowing for a 60-day comment period. This notice allows for an additional 30 days for public comments. This process is conducted in accordance with 5 CFR 1320.8. Written comments and suggestions from the public and affected agencies should address one or more of the following four points: (1) Whether the proposed collection of information is necessary

for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) suggestions to enhance the quality, utility, and clarity of the information to be collected; and (4) suggestions to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The comments that are submitted will be summarized and included in the request for approval. All comments will become a matter of public record.

Overview of This Information Collection

Title: CBP Recordkeeping Requirements.

OMB Number: 1651-0076.

Abstract: The North American Free Trade Agreement Implementation Act, Title VI, known as the Customs Modernization Act (Mod Act) amended title 19 U.S.C. 1508, 1509 and 1510 by revising customs laws related to recordkeeping, examination of books and witnesses, regulatory audit procedures and judicial enforcement. Specifically, the Mod Act amended § 1508 by expanding the list of parties subject to recordkeeping requirements; distinguishing between records which pertain to the entry of merchandise and financial records needed to substantiate the correctness of information contained in entry documentation; and identifying a list of records which must be maintained and produced upon request by CBP. The information and records are used by CBP to verify the accuracy of the claims made on the entry documents regarding the tariff status of imported merchandise, admissibility, classification/nomenclature, value and rate of duty applicable to the entered goods. The CBP recordkeeping requirements are provided for by 19 CFR 163 and instructions are available at: <http://www.cbp.gov/document/publications/recordkeeping>.

Current Actions: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the recordkeeping requirements.

Type of Review: Extension (without change).

Affected Public: Businesses.

Estimated Number of Respondents: 5,459.

Estimated Number of Annual Responses per Recordkeeper: 1.

Estimated Number of Total Annual Responses: 5,459.

Estimated Annual Time per Recordkeeper: 1,040 hours.

Estimated Annual Burden Hours: 5,677,360.

Dated: August 26, 2019.
