[Docket No. CP19-11-000]

**Sabine Pass LNG, L.P.; Notice of Availability of the Environmental Assessment for the Proposed Third Berth Expansion Project**

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Third Berth Expansion Project (Project), proposed by Sabine Pass LNG, L.P. in the above-referenced docket. Sabine Pass LNG, L.P. requests authorization to construct and operate a third marine berth at the existing Sabine Pass LNG Terminal in Cameron Parish, Louisiana. The Project would also include the addition of piping, pipe racks, utilities, and other infrastructure necessary to transport liquefied natural gas (LNG) to the third berth.

The EA assesses the potential environmental effects of the construction and operation of the Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the proposed Project, with appropriate mitigating measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The U.S. Army Corps of Engineers, U.S. Department of Energy, U.S. Department of Transportation, U.S. Coast Guard, U.S. Fish and Wildlife Service, and Louisiana Department of Wildlife and Fisheries participated as cooperating agencies in the preparation of the EA. Cooperating agencies have jurisdiction by law or special expertise with respect to resources potentially affected by the proposal and participate in the NEPA analysis.

The Project would consist of the following facilities in Cameron Parish, Louisiana:

- A new marine berth to be dredged adjacent and southeast of the two existing marine berths along the Sabine Pass Channel;
- additional two tugs to the existing dedicated tug fleet;
- an LNG loading system consisting of a new platform, LNG loading and cooldown lines, and LNG loading arms (two liquid, one vapor, and one hybrid liquid/vapor);
- two new 30-inch-diameter loading lines to transfer LNG to the Third Berth loading platform;
- an LNG spill collection system to provide spill protection for the new LNG piping and equipment; and
- appurtenant facilities including, the customs/security building, analyzer shelters, telecommunications systems, digital control systems upgrades, security fencing, cathodic protection systems, elevated fire monitor towers, and gangway with associated gangway hydraulic power unit and local control panel.

The Commission mailed a copy of the *Notice of Availability* to federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American tribes; potentially affected landowners and other interested individuals and groups; and newspapers and libraries in the Project area. The EA is only available in electronic format. It may be viewed and downloaded from the FERC’s website ([www.ferc.gov](http://www.ferc.gov)), on the Environmental Documents page (<https://www.ferc.gov/industries/gas/enviro/eis.asp>). In addition, the EA may be accessed by using the eLibrary link on the FERC’s website. Click on the eLibrary link (<https://www.ferc.gov/docs-filing/elibrary.asp>), click on General Search, and enter the docket number in the “Docket Number” field, excluding the last three digits (*i.e.*, CP19-11). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov) or toll free

at (866) 208-3676, or for TTY, contact (202) 502-8659.

Any person wishing to comment on the EA may do so. Your comments should focus on the EA’s disclosure and discussion of potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that the Commission has the opportunity to consider your comments prior to making its decision on this project, it is important that we receive your comments in Washington, DC on or before 5:00 p.m. Eastern Time on September 23, 2019.

For your convenience, there are three methods you can use to file your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov). Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the eComment feature on the Commission’s website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. This is an easy method for submitting brief, text-only comments on a project;

(2) You can also file your comments electronically using the eFiling feature on the Commission’s website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must first create an account by clicking on eRegister. You must select the type of filing you are making. If you are filing a comment on a particular project, please select “Comment on a Filing”; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference the project docket number (CP19-11-000) with your submission: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426.

Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214). Motions to intervene are more fully described at <http://www.ferc.gov/resources/guides/how-to/intervene.asp>. Only intervenors have the right to seek rehearing or judicial review of the Commission's decision. The Commission may grant affected landowners and others with environmental concerns intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which no other party can adequately represent. Simply filing environmental comments will not give you intervenor status, but you do not need intervenor status to have your comments considered.

Additional information about the Project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with

notification of these filings, document summaries, and direct links to the documents. Go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

[Docket No. ER19-2585-000]

**Florida Power & Light Company; Notice of Extension of Time**

August 23, 2019.

On August 15, 2019, Seminole Electric Cooperative, Inc. (Seminole), Lee County Electric Cooperative, Inc. (LCEC), and Florida Keys Electric Cooperative Association, Inc. (FKEC) filed a joint motion to intervene and a request for an extension, from September 3, 2019 to September 13, 2019, of the date for filing interventions and comments in response to Florida Power & Light Company's (FPL) rate filing, filed pursuant to Section 205 of the Federal Power Act, in this proceeding.<sup>1</sup> Seminole, LCEC, and FKEC state that an extension of time is necessary to aid intervenors in

developing a greater understanding of this complex filing and the issues it presents without unduly constraining the time available to the Commission for its deliberations. Seminole, LCEC and FKEC are authorized to represent that the Florida Municipal Power Agency (FMFA)<sup>2</sup> supports, and that FPL does not oppose, the requested extension of the date for interventions and comments.

Upon consideration, notice is hereby given that Seminole, LCEC, and FKEC's motion is granted, and the interventions and comment date for the above-captioned proceeding is hereby extended to and including September 13, 2019.
