Sally Hamlin, Stratospheric protection Division, Office of Atmospheric Programs (mail code 6205T), Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: (202) 343-9711; fax number: (202) 343-2362; email address: [Hamlin.sally@epa.gov](mailto:Hamlin.sally@epa.gov).

**SUPPLEMENTARY INFORMATION:**

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <https://www.epa.gov/dockets>.

**Abstract:** The Responsible Appliance Disposal Program (RAD) is a voluntary partnership program sponsored by the Environmental Protection Agency (EPA) that reduces emissions of ozone depleting substances (ODS) that can be attributed to improper disposal of appliances. Appliances can contain ozone depleting refrigerants and foams as well as universal wastes such as mercury, used oil, and polychlorinated biphenyls (PCB). Federal law requires refrigerant recovery and proper management of universal waste but does not require the recovery of appliance foam. In addition to being ODS, foam blowing agents and refrigerants in appliances may also have high global warming potentials (GWPs). The RAD program works with utilities, retailers, manufacturers, state agencies, affiliates, and others to dispose of appliances using best environmental practices.

**Form Numbers:** 5900-32.

**Respondents/affected entities:** The following is a list of North American Industry Classification System (NAICS) codes for organizations potentially affected by the information requirements covered under this ICR are Utilities (2211), Manufacturers (3352), Retailers (443141), Universities (611310), and States/Municipalities (999300).

**Respondent's obligation to respond:** Voluntary.

**Estimated number of respondents:** 48 (over three years).

**Frequency of response:** Annual, and when desired.

**Total estimated burden:** 292 hours (per year). Burden is defined at 5 CFR 1320.03(b).

**Total estimated cost:** \$36,753 (per year), includes \$0 annualized capital or operation & maintenance costs.

**Changes in Estimates:** There is a decrease of 33 hours in the total estimated respondent burden compared with the 325 hours for the ICR currently approved by OMB. This decrease is due to a decrease in the number of respondents due to recycling industry changes, as well as a reduction in the number of partners participating in the program each year.

**Information Collection Request Submitted to OMB for Review and Approval; Comment Request; NESHAP for Miscellaneous Coating Manufacturing (Renewal)**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), NESHAP for Miscellaneous Coating Manufacturing (EPA ICR Number 2115.07, OMB Control Number 2060-0535), to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR, which is currently approved through November 30, 2019. Public comments were previously requested, via the **Federal Register**, on May 6, 2019 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An Agency may neither conduct nor sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**DATES:** Additional comments may be submitted on or before September 30, 2019.

**ADDRESSES:** Submit your comments, referencing Docket ID Number EPA-HQ-OECA-2012-0701, to: (1) EPA

online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), or by email to [docket.oeca@epa.gov](mailto:docket.oeca@epa.gov), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460; and (2) OMB via email to [oira\\_submission@omb.eop.gov](mailto:oira_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

**Abstract:** The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Miscellaneous Coating Manufacturing (40 CFR part 63, subpart HHHHH) apply to new and existing facilities that: (1) Manufacture a miscellaneous coating (including inks, paints, or adhesives described by either Standard Industrial Classification (SIC) codes 285 or 289, or North American Industry Classification System (NAICS) codes 3255 or 3259); (2) are either located at, or are part of, major sources of hazardous air pollutant (HAP) emissions; (3) process, use, or produce HAP; and (4) are not part of an affected source under another subpart of 40 CFR part 63. New facilities include those that commenced either construction or reconstruction after April 4, 2002.

In general, all NESHAP standards require initial notifications, performance tests, and periodic reports by the owners/operators of the affected facilities. They are also required to

maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These notifications, reports, and records are essential in determining compliance, and are required of all affected facilities subject to NESHAP. This information is being collected to assure compliance with 40 CFR part 63, subpart HHHHH.

*Form Numbers:* None.

*Respondents/affected entities:* These regulations apply to new and existing facilities that: (1) Manufacture a miscellaneous coating (including inks, paints, or adhesives described by Standard Industrial Classification (SIC) codes 285 or 289, or North American Industrial Classification System (NAICS) codes 3255 or 3259); (2) are either located at, or are part of, major sources of hazardous air pollutant (HAP) emissions; (3) process, use, or produce HAP, and (4) are not part of an affected source under another subpart of 40 CFR part 63.

*Respondent's obligation to respond:* Mandatory (40 CFR part 63, subpart HHHHH).

*Estimated number of respondents:* 43 (total).

*Frequency of response:* Semiannually.

*Total estimated burden:* 54,600 hours (per year). Burden is defined at 5 CFR 1320.3(b).

*Total estimated cost:* \$7,240,000 (per year), which includes \$907,000 in annualized capital/startup and/or operation & maintenance costs.

*Changes in the Estimates:* There is an adjustment decrease in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. A decrease in the number of respondent resulted in a decrease in the number of responses, hours and costs.

## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2003-0052; FRL-9999-20-OMS]

### Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Risk Management Program Requirements and Petitions To Modify the List of Regulated Substances Under Section 112(r) of the Clean Air Act (Renewal)

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) is submitting an information collection request (ICR), Risk Management Program Requirements and Petitions to Modify the List of Regulated Substances under section 112(r) of the Clean Air Act (EPA ICR Number 1656.16, OMB Control Number 2050-0144) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a proposed extension of the ICR. Public comments were previously requested via the **Federal Register** on September 11, 2018, during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**DATES:** Comments must be submitted on or before September 30, 2019.

**ADDRESSES:** Submit your comments, referencing Docket ID No. EPA-HQ-OAR-2003-0052, online using [www.regulations.gov](http://www.regulations.gov) (our preferred method), by email to [superfund.docket@epa.gov](mailto:superfund.docket@epa.gov) or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460, and (2) OMB via email to [oir\\_submission@omb.eop.gov](mailto:oir_submission@omb.eop.gov). Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change, including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

#### SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at [www.regulations.gov](http://www.regulations.gov) or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number

for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

**Abstract:** Section 112(r) of the Clean Air Act (CAA) mandates that EPA promulgate a list of "regulated substances" with threshold quantities and establish procedures for the addition and deletion of substances from the list of regulated substances. Processes at stationary sources that contain more than a threshold quantity of those regulated substance are subject to accidental release prevention regulations promulgated under CAA section 112(r)(7). These two rules are codified as 40 CFR part 68, which requires that sources with more than a threshold quantity of a regulated substance in a process develop, implement, and submit a risk management plan to EPA. EPA uses risk management plans to conduct oversight of regulated sources, and to communicate information concerning them to federal, state, and local agencies and the public, as appropriate.

The burden to sources that are currently covered by 40 CFR part 68 for initial rule compliance, including rule familiarization and program implementation, was accounted for in previous ICRs. The term "source" refers to a "stationary source," which is the Clean Air Act term for facility. This information collection covers sources submitting an RMP update to comply with its five-year compliance deadline within this ICR period, sources that revised and resubmitted their RMPs between the five-year deadlines because of changes occurring at the source that triggered an earlier resubmission, and sources that have been assigned a different deadline in 2020, 2021 or 2022 based on the date of their most recent submission. In addition, this ICR accounts for burden for new sources that may become subject to the regulations, sources that have been out of compliance since the last regulatory deadline but are expected to comply during this ICR period, and sources that have deadlines beyond this ICR period but are required to comply with certain prevention program documentation requirements during this ICR period.

**Form Numbers:** Risk Management Plan Form: EPA Form 8700-25; CBI Substantiation Form: EPA Form 8700-27; CBI Unsanitized Data Element Form: EPA Form 8700-28.

**Respondents/affected entities:** Chemical manufacturers, petroleum refineries, water treatment systems, agricultural chemical distributors, refrigerated warehouses, chemical distributors, non-chemical
