

practicable after they decide to pursue any form of financial assistance directly or indirectly available through the Agency.

(4) *Appeals*. A person may seek a review of an Agency decision or appeal to the National Appeals Division in accordance with 7 CFR 4280.105.

(5) *Reporting*. Grants, guaranteed loans, combination guaranteed loans and grants, and energy audit and energy development assistance grants that are awarded are required to fulfill the reporting requirements as specified in Departmental Regulations, the Grant Agreement, and in 7 CFR part 4280 subpart B and paragraphs VI.B.(5)(a) through (d) of this Notice.

(a) Renewable energy system and energy efficiency improvements grants that are awarded are required to fulfill the reporting requirements as specified in 7 CFR 4280.123.

(b) Guaranteed loan applications that are awarded are required to fulfill the reporting requirements as specified in 7 CFR 4280.143.

(c) Combined guaranteed loan and grant applications that are awarded are required to fulfill the reporting requirements as specified in 7 CFR 4280.165(f).

(d) Energy audit and renewable energy development assistance grants grant applications that are awarded are required to fulfill the reporting requirements as specified in 7 CFR 4280.196.

VII. Federal Awarding Agency Contacts

For further information contact the applicable USDA Rural Development Energy Coordinator for your respective State, as identified via the following link: http://www.rd.usda.gov/files/RBS_StateEnergyCoordinators.pdf. For information about this Notice, please contact Venus Welch-White, National Rural Energy Coordinator, USDA Rural Development, Energy Division, 1400 Independence Avenue SW, Stop 3225, Room 6901, Washington, DC 20250. Telephone: (202) 720-0400. Email: venus.welchwhite@usda.gov.

VIII. Other Information

A. Paperwork Reduction Act

In accordance with the Paperwork Reduction Act of 1995, the information collection requirements associated with renewable energy system and energy efficiency improvements grants and guaranteed loans, as covered in this Notice, have been approved by the Office of Management and Budget (OMB) under OMB Control Number 0570-0067. The information collection

requirements associated with energy audit and renewable energy development assistance grants have also been approved by OMB under OMB Control Number 0570-0067.

B. Nondiscrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

(1) *Mail*: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW, Washington, DC 20250-9410;

(2) *Fax*: (202) 690-7442; or

(3) *Email*: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.

Bette B. Brand,

Administrator, Rural Business-Cooperative Service.

BILLING CODE 3410-XY-P

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Central Electric Power Cooperative, Inc.: Notice of Intent and Availability of a Supplemental Draft Environmental Impact Statement and Notice to Hold a Public Meeting

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of intent and availability of a Supplemental Draft Environmental Impact Statement and Notice to hold a public meeting.

SUMMARY: The Rural Utilities Service (RUS), an agency within the U.S. Department of Agriculture (USDA), has issued a Supplemental Draft Environmental Impact Statement (Supplemental Draft EIS) for Central Electric Power Cooperative's (Central Electric) proposed McClellanville Area 115-kV Transmission Project (Project) in South Carolina. In this document, RUS analyzes the environmental impacts associated with an anticipated decision request to approve or deny funding for Central Electric's proposed Project. The Supplemental Draft EIS was prepared to address substantial changes to the proposed action and assesses new circumstances and information relevant to potential environmental impacts originally evaluated in the Draft Environmental Impact Statement (Draft EIS).

In April 2014, RUS issued a Draft EIS that evaluated six 115-kV transmission line corridors originating in Georgetown County, South Carolina and terminating in the McClellanville area of Charleston County, South Carolina. Since publication of the Draft EIS, updated engineering data has resulted in substantial changes to the proposed action, including the need to evaluate new transmission line corridors originating from the Jamestown and Charity areas of Berkeley County, South Carolina, and to account for a new winter weather operating agreement between the former South Carolina Electric and Gas (now Dominion Energy South Carolina) and Berkeley Electric Cooperative that addresses load concerns during the winter months. In addition, the following changes made it necessary to supplement the Draft EIS: The promulgation of a new environmental regulation applicable to RUS (7 CFR part 1970, which replaced the former 7 CFR part 1794, RUS Environmental Policies and Procedures), issuance and implementation of Executive Order 13807: "Establishing Discipline and Accountability in the Environmental

Review and Permitting Process for Infrastructure Projects” (known as the “One Federal Decision Executive Order”), and publication of the Francis Marion National Forest’s Forest Plan.

The Supplemental Draft EIS addresses the construction, operation, and maintenance of Central Electric’s proposed Project. The Project includes the construction of a new 115 kV transmission line needed to energize the new McClellanville Substation located near the McClellanville service area. The Supplemental Draft EIS considers three alternatives, encompassing three potential corridor locations with one corridor including two different alignments. The overall project area encompasses parts of Berkeley, Georgetown and Charleston counties in coastal South Carolina, and potentially crosses the Francis Marion National Forest.

The Supplemental Draft EIS has identified the potential for impacts to various resources, including wetlands, biological resources and cultural resources (including historic properties). Central Electric does not hold easements across these areas. Once a final right-of-way (ROW) is selected within the preferred corridor, coordination with federal and state agencies and other interested parties would occur to identify, evaluate and, if needed, mitigate any adverse effects. RUS will compile public comments received on the Supplemental Draft EIS and produce a Final EIS that considers and responds to those substantive public comments. Based on this analysis in addition to technical and financial reviews, RUS will decide to approve or deny an application for funding.

DATES: The public comment period on the Supplemental Draft EIS starts with the publication of the U.S. Environmental Protection Agency’s environmental impact statement (EIS) receipt notice in the **Federal Register** and will continue for 60 days. The Supplemental Draft EIS and associated documents will be available for the public to view on the weblink provided in this Notice. RUS will consider all substantive written comments on the Supplemental Draft EIS received or postmarked within the 60-day timeframe. Agencies, interested parties, and the public are invited to submit comments on the Supplemental Draft EIS at any time during the public comment period RUS contact information provided in this Notice. The date(s) and time for a public meeting will be announced in local newspapers and published on the agency’s website at: <https://>

www.rd.usda.gov/publications/environmental-studies/impact-statements/mcclellanville-115kv-transmission-line. Attendees are welcome to attend any public meetings and to provide written or oral comments on the Project. A court reporter will be present.

FOR FURTHER INFORMATION CONTACT: For information on the proposed Project and the EIS process, please contact Ms. Lauren Rayburn, Environmental Scientist, Rural Utilities Service, 160 Zillicoa Street, Suite 2, Asheville, North Carolina 28801, Telephone: (202) 695–2540 or email: lauren.rayburn@usda.gov. Parties wishing to be placed on the Project mailing list for future information and to receive copies of the Supplemental Draft EIS and the Final EIS when available should also contact Ms. Rayburn. Comments on the Supplemental Draft EIS may be emailed to: Comments-mcclellanville@louisberger.com or physically mailed to the address provided in this Notice.

SUPPLEMENTARY INFORMATION: RUS is authorized to make loans and loan guarantees that finance the construction of electric distribution, transmission, and generation facilities, including system improvements and replacements required to furnish and improve electric service in rural areas, as well as demand side management, energy conservation programs, and on-grid and off-grid renewable energy systems. Central Electric is an electric transmission cooperative that provides transmission service from the bulk transmission system to South Carolina’s 20 retail electric cooperatives. Berkeley Electric, a member distribution electric cooperative of Central Electric, was formed in 1940 to bring electric service to rural areas of coastal South Carolina. Berkeley Electric owns and operates more than 5,000 miles of distribution line serving more than 80,000 accounts in Berkeley, Charleston, and Dorchester counties.

Project Description: Central Electric has identified the need for additional electric transmission capacity in the McClellanville area of coastal South Carolina to meet reliability and energy load requirements of its member owner, Berkeley Electric Cooperative. Investigations and analyses conducted for the overall power delivery systems found that without improvements, the flow of power along existing lines may result in local line overloads and power outages. To resolve these issues, Central Electric is proposing to construct, own and operate a new 115-kV transmission line and associated supporting infrastructure to energize the new

McClellanville Substation, located near the McClellanville service area. Berkeley Electric owner-customers that would benefit from the proposed Project include those located in the areas near Rutledge Road, South Santee Road, Wedge Plantation, Germantown, Toby Road, Dupree Road, Lincoln High School, Randall Road, Tibwin Road, St. James-Santee School, Shellmore, Buck Hall, Town of Awendaw, Doar Road, and areas adjacent to U.S. Highway 17 in northern Charleston County.

The Supplemental Draft EIS considers three alternatives, encompassing three potential corridor locations with one corridor including two different alignments. The corridors range in length from 16 to 31 miles and encompasses parts of Berkeley, Georgetown and Charleston counties in South Carolina. The corridor locations propose to cross both public and private lands, including the Francis Marion National Forest, Santee Coastal Reserve, and other private and public lands used for conservation management purposes; all corridors are located entirely within the Gullah Geechee Cultural Heritage Corridor. The Supplemental Draft EIS analyzes the extent of Central’s Electric’s proposal with regard to the following: Water resources, biological resources, soils and geology, air quality and greenhouse gas emissions, cultural resources, recreation and land use, visual resources, socioeconomics, environmental justice, transportation, health and safety, and noise.

Central Electric plans to request financial assistance for the proposed Project from RUS. Completing the EIS is one of RUS’s requirements in processing a future application from Central Electric, along with other technical and financial considerations. In accordance with 40 CFR 1501.5(b) of the Council on Environmental Quality’s (CEQ) Regulation for Implementing the Procedural Provisions of the National Environmental Policy Act (CEQ Regulations), RUS will serve as the lead agency in the preparation of the EIS. The U.S. Army Corps of Engineers and the U.S. Forest Service are participating as cooperating agencies. RUS has prepared a Supplemental Draft EIS to analyze the impacts of the respective federal actions and the proposed Project in accordance with the National Environmental Policy Act (NEPA), as amended, CEQ Regulations, RUS Environmental Policies and Procedures, and the U.S. Forest Service’s National Environmental Policy Act procedures.

Because the proposed Project may involve action in floodplains or wetlands, this Notice also serves as a notice of proposed floodplain or

wetland action. The Supplemental Draft EIS will include an assessment of effects to floodplains/wetlands and, if required, a statement of findings will be issued with the Final SEIS.

RUS has determined that its action regarding the proposed Project would be an undertaking subject to review under Section 106 of the National Historic Preservation Act (Section 106), and its implementing regulations, "Protection of Historic Properties." As part of its broad environmental review process, RUS must consider the effect of the proposed Project on historic properties in accordance with Section 106. Pursuant to 36 CFR 800.2(d)(3), RUS is using its procedures for public involvement under NEPA to meet its responsibilities to solicit and consider the views of the public during Section 106 review. Accordingly, comments submitted in response to this Notice will inform RUS decision-making in its Section 106 review process. Any party wishing to participate more directly with RUS as a "consulting party" in Section 106 review may submit a written request to the RUS contact provided in this Notice.

Agency Responsibilities: RUS is serving as the lead agency, as defined at 40 CFR 1501.5, for preparation of the Supplemental Draft EIS. The U.S. Army Corps of Engineers and the U.S. Forest Service are participating as cooperating agencies and may issue separate Records of Decision relevant to the

Project under separate authorities. For the U.S. Forest Service, a draft Record of Decision would be subject to the Agency's administrative review process at 36 CFR part 218, subparts A and B. The U.S. Forest Service may need to issue a special use permit to authorize occupancy of National Forest System lands for this proposal. Per 40 CFR 1506.3, the U.S. Forest Service intends to review and adopt the Final EIS, if found sufficient, in support of issuance of a special use permit.

Public Participation: The EIS process has included past scoping meetings and comment periods; consultation and involvement with appropriate Federal, State, local, and tribal governments; and a public meeting and comment period on the Draft EIS issued in 2014. The date(s) and time for a public meeting will be announced in local newspapers and published on the agency's website at: <https://www.rd.usda.gov/publications/environmental-studies/impact-statements/mccllellanville-115kv-transmission-line>. Attendees are welcome to attend any public meetings and to provide written or oral comments on the Project. A court reporter will be present. The process will be followed by publication of a Final EIS and publication of a Record of Decision.

Christopher A. Mclean,
Assistant Administrator—Electric Program,
Rural Utilities Service.

BILLING CODE P

DEPARTMENT OF COMMERCE

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, U.S. Department of Commerce.

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

SUPPLEMENTARY INFORMATION:

LIST OF PETITIONS RECEIVED BY EDA FOR CERTIFICATION OF ELIGIBILITY TO APPLY FOR TRADE ADJUSTMENT ASSISTANCE

[8/2/2019 through 8/22/2019]

Firm name	Firm address	Date accepted for investigation	Product(s)
D & W, Inc	941 Oak Street, Elkhart, IN 46514	8/14/2019	The firm manufactures mirrors and patterned glass.
Fetting's Frozen Foods, LLC.	206 4th Street West, Finley, ND 58230	8/21/2019	The firm manufactures frozen bread dough.
Sieling and Jones, Inc ..	127 Pleasant Avenue, New Freedom, PA 17349.	8/22/2019	The firm manufactures veneer wood products.

Any party having a substantial interest in these proceedings may request a public hearing on the matter. A written request for a hearing must be submitted to the Trade Adjustment Assistance Division, Room 71030, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than ten (10) calendar days following publication of this notice. These petitions are received pursuant to section 251 of the Trade Act of 1974, as amended.

Please follow the requirements set forth in EDA's regulations at 13 CFR 315.9 for procedures to request a public hearing. The Catalog of Federal Domestic Assistance official number and title for the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance for Firms.

Irette Patterson,
Program Analyst.
