Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The Bureau of Land Management has prepared the Ambler Road Draft EIS. The Draft EIS is in response to an application for an industrial road right-of-way (ROW) in north-central Alaska across federal public lands and other lands. The road would run from the existing Dalton Highway to the Ambler Mining District. The area involved lies south of the Brooks Range, north of the Yukon River, west of the Dalton Highway and east of the Purcell Mountains. The Alaska Industrial Development and Export Authority (AIDEA), a public corporation of the State of Alaska, is the applicant.

The purpose of the public comment period is to inform the public of the availability of the Draft EIS and solicit comments from the public. Information received during the public comment period will be used to develop the Final EIS.

Before including your address, phone number, email address, or other personal identifying information, be advised that your entire comment, including your identifying information, may be made publicly available at any time. While you may ask us in your comments to withhold your personal identifying information from public

review, we cannot guarantee that we will be able to do so.

The BLM has worked with interested parties to develop a proposed action and alternatives consistent with the following criteria:

- The proposed project submitted by the applicant, AIDEA;
- Issues identified during public scoping, impacts and potential alternatives to be addressed; and
- Subsistence resources and users, as well as potential actions to minimize adverse impacts to subsistence in accordance with section 810 of the Alaska National Interest Lands Conservation Act (ANILCA).

Section 810 of ANILCA requires the BLM to evaluate the effects of the alternatives presented in the Draft EIS on subsistence activities, and to hold public hearings if it finds that any alternatives may significantly restrict subsistence users. The preliminary evaluation of subsistence impact indicates that certain alternatives analyzed in the Draft EIS and the associated cumulative impacts may significantly restrict subsistence uses. Therefore, the BLM will hold public hearings on subsistence resources and activities in conjunction with the public meeting on the Draft EIS in Alatna, Allakaket, Ambler, Anaktuvuk Pass, Bettles, Buckland, Coldfoot, Evansville, Hughes, Huslia, Kiana, Kobuk, Kotzebue, Noatak, Noorvik, Selawik, Shungnak, Stevens Village, Tanana, and Wiseman, Alaska.

Authority: 40 CFR 1506.6(b).

Associate State Director, Alaska.
