BILLING CODE 8011-01-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket Number USTR-2019-0012]

Request for Comments To Compile the National Trade Estimate Report on Foreign Trade Barriers

AGENCY: Office of the United States Trade Representative.

¹⁴ 17 CFR 200.30-3(a)(12).

ACTION: Notice.

SUMMARY: The Office of the United States Trade Representative (USTR), through the Trade Policy Staff Committee (TPSC), publishes the National Trade Estimate Report on Foreign Trade Barriers (NTE Report) each year. USTR invites interested persons to submit written comments to assist it and the TPSC in identifying significant barriers to U.S. exports of goods and services, U.S. foreign direct investment, and the protection and enforcement of intellectual property rights for inclusion in the NTE Report. USTR also will consider responses to this notice as part of the annual review of the operation and effectiveness of all U.S. trade agreements regarding telecommunications products and services that are in force with respect to the United States.

DATES: October 31, 2019 at midnight EST; Deadline for submission of written comments.

ADDRESSES: USTR strongly prefers electronic submissions made through the Federal eRulemaking Portal: <https://www.regulations.gov>. Follow the instructions for submitting comments in section 4 below. The docket number is USTR-2019-0012. For alternatives to online submissions, contact Yvonne Jamison at (202) 395-3475 before transmitting a comment and in advance of the relevant deadline.

FOR FURTHER INFORMATION CONTACT: Yvonne Jamison at (202) 395-3475.

SUPPLEMENTARY INFORMATION:

1. Background

Section 181 of the Trade Act of 1974 (19 U.S.C. 2241), as amended, requires USTR annually to publish the NTE Report, which sets out an inventory of the most significant foreign barriers affecting U.S. exports of goods and services, including agricultural commodities, U.S. intellectual property, U.S. foreign direct investment by U.S. persons, especially if such investment has implications for trade in goods or services, and U.S. electronic commerce. The inventory facilitates U.S. negotiations aimed at reducing or eliminating these barriers and is a valuable tool in enforcing U.S. trade laws and strengthening the rules-based trading system. You can find the 2019 NTE Report on USTR's website at <https://www.ustr.gov> under the tab 'Reports and Publications.' To ensure compliance with the statutory mandate for the NTE Report and the Administration's commitment to focus on the most significant foreign trade barriers, USTR will take into account

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

submissions from interested parties in deciding which restrictions to include in the NTE report.

2. Topics on Which USTR Seeks Information

To assist USTR in preparing the NTE Report, commenters should submit information related to one or more of the following categories of foreign trade barriers:

1. Import policies (for example, tariffs and other import charges, quantitative restrictions, import licensing, customs barriers and shortcomings in trade facilitation, and other market access barriers).

2. Technical barriers to trade (for example, unnecessarily trade restrictive or discriminatory standards, conformity assessment procedures, or technical regulations, including unnecessary or discriminatory technical regulations or standards for telecommunications products).

3. Sanitary and phytosanitary measures (for example, trade restrictions implemented through unwarranted measures not based on scientific evidence).

4. Subsidies, including export subsidies (for example, export financing on preferential terms and agricultural export subsidies that displace U.S. exports in third country markets) and local content subsidies (for example, subsidies contingent on the purchase or use of domestic rather than imported goods).

5. Government procurement restrictions (for example, “buy national policies” and closed bidding).

6. Intellectual property protection (for example, inadequate patent, copyright, and trademark regimes and inadequate enforcement of intellectual property rights).

7. Services barriers (for example, prohibitions or restrictions on foreign participation in the market, discriminatory licensing requirements or regulatory standards, local-presence requirements, and unreasonable restrictions on the types of services that providers may offer).

8. Barriers to digital trade and electronic commerce (for example, barriers to cross-border data flows, including data localization requirements, discriminatory practices affecting trade in digital products, restrictions on the provision of internet-enabled services, and other restrictive technology requirements).

9. Investment barriers (for example, limitations on foreign equity participation and on access to foreign government-funded research and development programs, local content

requirements, technology transfer requirements and export performance requirements, and restrictions on repatriation of earnings, capital, fees, and royalties).

10. Competition (for example, government-tolerated anticompetitive conduct of state-owned or private firms that restrict the sale or purchase of U.S. goods or services in the foreign country’s markets, or abuse of competition laws to inhibit trade).

11. Other barriers (for example, barriers that encompass more than one category, such as bribery and corruption, or that affect a single sector).

Commenters should submit information related to one or more of the following export markets to be covered in the report: Algeria, Angola, the Arab League, Argentina, Australia, Bahrain, Bangladesh, Bolivia, Brazil, Brunei, Burma, Cambodia, Canada, Chile, China, Colombia, Costa Rica, Cote d’Ivoire, Dominican Republic, Ecuador, Egypt, El Salvador, Ethiopia, the European Union, Ghana, Guatemala, Honduras, Hong Kong, India, Indonesia, Israel, Japan, Jordan, Kenya, Korea, Kuwait, Laos, Malaysia, Mexico, Morocco, New Zealand, Nicaragua, Nigeria, Norway, Oman, Pakistan, Panama, Paraguay, Peru, the Philippines, Qatar, Russia, Saudi Arabia, Singapore, South Africa, Switzerland, Taiwan, Thailand, Tunisia, Turkey, United Arab Emirates, Ukraine, and Vietnam.

In addition, Section 1377 of the Omnibus Trade and Competitiveness Act of 1988 (Section 1377) (19 U.S.C. 3106) requires USTR annually to review the operation and effectiveness of U.S. telecommunications trade agreements that are in force with respect to the United States. The purpose of the review is to determine whether any foreign government that is a party to one of those agreements is failing to comply with that government’s obligations or is otherwise denying, within the context of a relevant agreement, “mutually advantageous market opportunities” to U.S. telecommunication products or services suppliers. USTR will consider responses to this notice in the review called for in Section 1377.

Commenters should place particular emphasis on any practices that may violate U.S. trade agreements. USTR also is interested in receiving new or updated information pertinent to the barriers covered in the 2019 NTE Report as well as information on new barriers. If USTR does not include in the 2020 NTE Report information that it receives pursuant to this notice, it will maintain the information for potential use in

future discussions or negotiations with trading partners.

3. Estimate of Increase in Exports

Each comment should include an estimate of the potential increase in U.S. exports that would result from removing any foreign trade barrier the comment identifies, as well as a description of the methodology the commenter used to derive the estimate. Commenters should express estimates within the following value ranges: Less than \$5 million; \$5 million to \$25 million; \$25 million to \$50 million; \$50 million to \$100 million; \$100 million to \$500 million; or, over \$500 million. These estimates will help USTR conduct comparative analyses of a barrier’s effect over a range of industries.

4. Requirements for Submissions

Persons submitting written comments must do so in English and must identify on the first page of the submission—“Comments Regarding Foreign Trade Barriers to U.S. Exports for 2020 Reporting.” Commenters providing information on foreign trade barriers in more than one country should, whenever possible, provide a separate submission for each country.

The deadline for submission is Thursday, October 31, 2019, at midnight EST. USTR strongly encourages commenters to make on-line submissions, using the www.regulations.gov website. To submit comments via www.regulations.gov, enter docket number USTR–2019–0012 on the home page and click ‘search.’ The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice and click on the link entitled ‘comment now!’. For further information on using the www.regulations.gov website, please consult the resources provided on the website by clicking on ‘How to Use Regulations.gov’ on the bottom of the home page.

The www.regulations.gov website allows users to submit comments by filling in a ‘type comment’ field, or by attaching a document using an ‘upload file’ field. USTR prefers that you provide comments in an attached document. If you attach a document, please identify the name of the country to which the submission pertains in the ‘type comment’ field. For example: See attached comments with respect to (name of country). USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If you use an application other than those two, please indicate the name of the application in the ‘type comment’ field.

Filers submitting comments containing no business confidential information (BCI) should name their file using the name of the person or entity submitting the comments. For any comments submitted electronically containing BCI, the file name of the business confidential version should begin with the characters 'BC.' Any page containing BCI must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page. Filers of submissions containing BCI also must submit a public version of their comments that USTR will place in the docket for public inspection. The file name of the public version should begin with the character 'P.' Follow the 'BC' and 'P' with the name of the person or entity submitting the comments.

Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the submission itself, not as separate files.

As noted, USTR strongly urges that you file submissions through www.regulations.gov. You must make any alternative arrangements with Yvonne Jamison at (202) 395-3475 before transmitting a comment and in advance of the relevant deadline.

USTR will post comments in the docket for public inspection, except BCI. You can view comments on the <https://www.regulations.gov> website by entering docket number USTR-2019-0012 in the search field on the home page. General information concerning USTR is available at <https://www.ustr.gov>.
