OFFICE OF THE UNITED STATES
TRADE REPRESENTATIVE

[Docket Number USTR–2019–0012]

Request for Comments To Compile the
National Trade Estimate Report on
Foreign Trade Barriers

AGENCY: Office of the United States
Trade Representative.

4(f)(6)(ii) requires a self-regulatory organization
to give the Commission written notice of its intent to
file the proposed rule change, along with a brief
description and text of the proposed rule change,
at least five business days prior to the date of filing
of the proposed rule change, or such shorter time
as designated by the Commission. The Exchange
has satisfied this requirement.
submissions from interested parties in deciding which restrictions to include in the NTE Report.

2. Topics on Which USTR Seeks Information

To assist USTR in preparing the NTE Report, commenters should submit information related to one or more of the following categories of foreign trade barriers:

1. Import policies (for example, tariffs and other import charges, quantitative restrictions, import licensing, customs barriers and shortcomings in trade facilitation, and other market access barriers).

2. Technical barriers to trade (for example, unnecessarily trade restrictive or discriminatory standards, conformity assessment procedures, or technical regulations, including unnecessary or discriminatory technical regulations or standards for telecommunications products).

3. Sanitary and phytosanitary measures (for example, trade restrictions implemented through unwarranted measures not based on scientific evidence).

4. Subsidies, including export subsidies (for example, export financing on preferential terms and agricultural export subsidies that displace U.S. exports in third country markets) and local content subsidies (for example, subsidies contingent on the purchase or use of domestic rather than imported goods).

5. Government procurement restrictions (for example, “buy national policies” and closed bidding).

6. Intellectual property protection (for example, inadequate patent, copyright, and trademark regimes and inadequate enforcement of intellectual property rights).

7. Services barriers (for example, prohibitions or restrictions on foreign participation in the market, discriminatory licensing requirements or regulatory standards, local-presence requirements, and unreasonable restrictions on the types of services that providers may offer).

8. Barriers to digital trade and electronic commerce (for example, barriers to cross-border data flows, including data localization requirements, discriminatory practices affecting trade in digital products, restrictions on the provision of internet-enabled services, and other restrictive technology requirements).

9. Investment barriers (for example, limitations on foreign equity participation and on access to foreign government-funded research and development programs, local content requirements, technology transfer requirements and export performance requirements, and restrictions on repatriation of earnings, capital, fees, and royalties).

10. Competition (for example, government-tolerated anticompetitive conduct of state-owned or private firms that restrict the sale or purchase of U.S. goods or services in the foreign country’s markets, or abuse of competition laws to inhibit trade).

11. Other barriers (for example, barriers that encompass more than one category, such as bribery and corruption, or that affect a single sector).

Commenters should submit information related to one or more of the following export markets to be covered in the report: Algeria, Angola, the Arab League, Argentina, Australia, Bahrain, Bangladesh, Bolivia, Brazil, Brunei, Burma, Cambodia, Canada, Chile, China, Colombia, Costa Rica, Cote d’Ivoire, Dominican Republic, Ecuador, Egypt, El Salvador, Ethiopia, the European Union, Ghana, Guatemala, Honduras, Hong Kong, India, Indonesia, Israel, Japan, Jordan, Kenya, Korea, Kuwait, Laos, Malaysia, Mexico, Morocco, New Zealand, Nicaragua, Nigeria, Norway, Oman, Pakistan, Panama, Paraguay, Peru, the Philippines, Qatar, Russia, Saudi Arabia, Singapore, South Africa, Switzerland, Taiwan, Thailand, Tunisia, Turkey, United Arab Emirates, Ukraine, and Vietnam.

In addition, Section 1377 of the Omnibus Trade and Competitiveness Act of 1988 (Section 1377) (19 U.S.C. 3106) requires USTR annually to review the operation and effectiveness of U.S. telecommunications trade agreements that are in force with respect to the United States. The purpose of the review is to determine whether any foreign government that is a party to one of those agreements is failing to comply with that government’s obligations or is otherwise denying, within the context of a relevant agreement, “mutually advantageous market opportunities” to U.S. telecommunication products or services suppliers. USTR will consider responses to this notice in the review called for in Section 1377.

Commenters should place particular emphasis on any practices that may violate U.S. trade agreements. USTR also is interested in receiving new or updated information pertinent to the barriers covered in the 2019 NTE Report as well as information on new barriers. If USTR does not include in the 2020 NTE Report information that it receives pursuant to this notice, it will maintain the information for potential use in future discussions or negotiations with trading partners.

3. Estimate of Increase in Exports

Each comment should include an estimate of the potential increase in U.S. exports that would result from removing any foreign trade barrier the comment identifies, as well as a description of the methodology the commenter used to derive the estimate. Commenters should express estimates within the following value ranges: Less than $5 million; $5 million to $25 million; $25 million to $50 million; $50 million to $100 million; $100 million to $500 million; or, over $500 million. These estimates will help USTR conduct comparative analyses of a barrier’s effect over a range of industries.

4. Requirements for Submissions

Persons submitting written comments must do so in English and must identify on the first page of the submission—“Comments Regarding Foreign Trade Barriers to U.S. Exports for 2020 Reporting.” Commenters providing information on foreign trade barriers in more than one country should, whenever possible, provide a separate submission for each country.

The deadline for submission is Thursday, October 31, 2019, at midnight EST. USTR strongly encourages commenters to make on-line submissions, using the www.regulations.gov website. To submit comments via www.regulations.gov, enter docket number USTR–2019–0012 on the home page and click ‘search.’ The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice and click on the link entitled ‘comment now’! For further information on using the www.regulations.gov website, please consult the resources provided on the website by clicking on ‘How to Use Regulations.gov’ on the bottom of the home page.

USTR prefers that you provide comments in an attached document. If you attach a document, please identify the name of the country to which the submission pertains in the ‘type comment’ field. For example: See attached comments with respect to (name of country). USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If you use an application other than those two, please indicate the name of the application in the ‘type comment’ field.
