[Docket No. FAA-2019-0347; Airspace Docket No. 19-AEA-6]

RIN 2120-AA66

Establishment of Class E Airspace; Endicott, NY; Correction**AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule; correction.

SUMMARY: This action corrects a final rule published in the *Federal Register* on July 23, 2019, establishing Class E airspace for Tri-Cities Airport, Endicott, NY, by correcting the airport's name in the legal description. The 'dash' was inadvertently omitted from the airport name in the body of the legal description.

DATES: Effective 0901 UTC, October 10, 2019. The Director of the Federal Register approves this incorporation by reference action under Title 1 Code of Federal Regulations part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Ave, College Park, GA 30337; telephone (404) 305-6364.

SUPPLEMENTARY INFORMATION:**History**

The FAA published a final rule in the *Federal Register* (84 FR 35290, July 23, 2019) for Doc. No. FAA-2019-0347, establishing Class E airspace extending upward from 700 feet or more above the surface at Tri-Cities Airport, Endicott, NY. Subsequent to publication, the FAA found that the dash was omitted from Tri-Cities Airport in the body of the legal description. This action corrects the error.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11C dated August 13, 2018, and effective September 15, 2018, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11C, Airspace Designations and

Reporting Points, dated August 13, 2018, and effective September 15, 2018. FAA Order 7400.11C is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11C lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

Correction to Final Rule

■ Accordingly, pursuant to the authority delegated to me, in the Federal Register of July 23, 2019 (84 FR 35290) FR Doc. 2019-15525, the establishment of Class E Airspace for Tri-Cities, Endicott, NY is corrected as follows:

§ 71.1 [Amended]**AEA NY E5 Endicott, NY [Corrected]**

Tri-Cities Airport, NY
(Lat. 42°4'43" N, long. 76°5'47" W)

That airspace extending upward from 700 feet above the surface within an 8-mile radius of Tri-Cities Airport.

Issued in College Park, Georgia, on August 26, 2019.

[Docket No. RM19-18-000; Order No. 862]

Formal Requirements for Filings in Proceedings Before the Commission**AGENCY:** Federal Energy Regulatory Commission, Department of Energy.**ACTION:** Final rule.

SUMMARY: The Federal Energy Regulatory Commission (Commission or FERC) amends its regulations concerning the process for delivering filings and submissions to the Commission. Specifically, the Commission's regulations are revised to require that filings and submissions to be delivered to the Commission, other than by the United States Postal Service (USPS), are instead to be sent to the Commission's off-site security screening facility. The regulations still permit USPS mail to be sent directly to the Commission's headquarters.

SUPPLEMENTARY INFORMATION:**I. Introduction**

1. The Federal Energy Regulatory Commission (Commission or FERC) amends its regulations concerning the process for submitting hardcopy filings and submissions¹ to the Commission.² Specifically, this final rule revises 18 CFR 385.2001(a) to require that deliveries of filings and submissions other than by the United States Postal Service (USPS) are to be sent to an off-site facility for security screening and processing.³ The regulations still permit USPS mail to be sent directly to the Commission's headquarters.

II. Background

2. The Government Accounting Office (GAO) has issued a report indicating that, since the fall of 2001, the rate of incidents involving threats via the mail has increased "due in part to hoaxes and concerns about leakages from mail that had previously been routinely handled."⁴ More recently, in October 2018, package bombs sent to politicians and newsrooms prompted many organizations to assess mail screening and security procedures to reduce vulnerabilities.⁵ The GAO report concluded that "[m]ail continues to be a potential venue" for threats and that "[p]reparation involves having the procedures, plans, and training in place."⁶ Further, the U.S. Department of Homeland Security (DHS) recommends that deliveries submitted to agencies should be "received, screened, sorted,

¹ While the current version of 18 CFR 385.2001 addresses filings submitted to the Commission, the revisions herein clarify that the subsection applies to other forms of correspondence sent to the Commission.

and prepared for delivery” at an offsite facility.⁷

3. The Commission has reviewed its protocols on hardcopy/hand-delivered submissions to the agency. The Commission’s regulations currently provide that filers should send hard-copy submissions directly to the Commission’s principal office, which is located at 888 First Street NE, Washington, DC 20426.⁸ Upon review, the Commission has determined that sending hard-copy/hand-delivered submissions to an off-site facility for security screening and processing, prior to being delivered to the Commission’s principal office, would better protect the safety of the Commission, its employees, and the public.

III. Discussion

4. The purpose of this final rule is to protect the general public and Commission employees from potential security risks related to hardcopy/hand-delivered submissions. Revising the Commission’s procedures to have hardcopy/hand-delivered submissions delivered to an off-site facility for security screening, before delivery to the Commission, acknowledges the findings in the GAO Report and comports with the recommendation from DHS.⁹

5. Accordingly, this final rule amends the Commission’s regulations to provide that members of the public are required to send hardcopy submissions, other than those sent through USPS, to an off-site facility at 12225 Wilkins Avenue, Rockville, Maryland 20852. Hand-deliveries can be provided to the off-site facility in-person (by the filing entity or its designee) during the hours of 7:00 a.m. to 3:30 p.m.¹⁰ The off-site facility will sort, screen, and prepare the filings and submissions for delivery to the Commission. Filings and submissions sent though USPS can continue to be mailed to the Commission’s principal office in Washington, DC because USPS has existing “security, screening, and control processes” that comply with DHS best practices.¹¹

⁷ See U.S. Department of Homeland Security, Best Practices for Managing Mail Screening and Handling Processes: A Guide for the Public and Private Sectors, at 17 (Sept. 2012) <https://www.dhs.gov/sites/default/files/publications/isc-mail-handling-screening-nonfouo-sept-2012-508.pdf>. [DHS Best Practices].

⁸ See 18 CFR 385.2001(a).

⁹ See DHS Best Practices at 17.

¹⁰ The current regulations provide that all filings should be made to the Commission’s headquarters. Filings that are directed to the regional offices should continue to be submitted in accordance with current procedures or as directed.

6. The revisions adopted here will not affect the public’s ability to make timely filings. As an initial matter, this final rule does *not* change the process for submitting electronic filings with the Commission. Unless a hardcopy filing or submission is required, the public is strongly encouraged to submit filings and submissions electronically, through the Commission’s eFiling application, at <https://www.ferc.gov/>.¹² For deliveries and documents sent through means other than USPS, those filings and submissions will be considered “received” by the off-site facility. The off-site facility will log all deliveries when received and will provide the Commission with the log so that the documents may be stamped appropriately and recorded by the Commission as received on that date, consistent with the date and time on the log.

7. The Commission’s principal office for business and its headquarters address will remain 888 First Street NE, Washington, DC 20426.¹³ After this rule becomes effective, however, Commission staff at headquarters will no longer accept deliveries and hardcopy filings sent through carriers other than USPS. As noted above, for security reasons, deliveries to the Commission’s headquarters other than by USPS will be rejected. Such filings and submissions would not be considered received until re-submitted in accordance with the revisions adopted herein.

IV. Information Collection Statement

8. The Office of Management and Budget (OMB) approves certain information collection requirements imposed by agency rule.¹⁴ However, this final rule does not contain any additional information collection requirements. Therefore, compliance with OMB’s regulations is not required.

V. Environmental Analysis

9. The Commission is required to prepare an Environmental Assessment or an Environmental Impact Statement for any action that may have a

comprehensive approach to protecting the mail system by utilizing a targeted strategy of specialized technology, screening protocols and employee training.”).

¹² See 18 CFR 385.2001(a)(1)(iii). Other agencies have also urged the public to use electronic filing. See 17 CFR 232.14 (providing that the Securities and Exchange Commission will not accept paper filings for certain submission unless an exemption is provided).

significant adverse effect on the human environment.¹⁵

10. Part 380 of the Commission’s regulations lists exemptions to the requirement to draft an Environmental Analysis or Environmental Impact Statement. Included is an exemption for procedural, ministerial, or internal administrative actions.¹⁶ Accordingly, this rulemaking is exempt from the requirement to draft such documents under that provision.

VI. Regulatory Flexibility Act

11. The Regulatory Flexibility Act of 1980 (RFA)¹⁷ generally requires a description and analysis of final rules that will have a significant economic impact on a substantial number of small entities. This final rule concerns a modification of current Commission regulations and practices. The Commission certifies that it will not have a significant economic impact upon participants in Commission proceedings. An analysis under the RFA is therefore not required.

VIII. Effective Date

15. The Commission is issuing this rule as a final rule without a period for public comment. Under 5 U.S.C. 553(b)(3)(A), notice-and-comment rulemaking procedures are unnecessary for "rules of agency organization, procedure, or practice." This rule is therefore exempt from notice-and-comment rulemaking procedures, because it concerns the Commission's mail procedures and practices. In particular, the rule is directed at improving the safety of the Commission, its employees, and the public, not toward a determination of the rights or interests of affected parties. The rule will not significantly affect regulated entities or the general public.

16. This rule is effective November 4, 2019.
