Title: Special Use Permit for Outfitting and Guiding Optional Clause and Appendices.

OMB Number: 0596-0082.

Type of Request: Renewal to a currently approved information collection with changes.

Abstract: The change to an approved information collection supports implementation of the National Forest System Trails Stewardship Act of 2016 (the Act) (16 U.S.C. 583k-5). The Act directs the Forest Service to establish a pilot program on not less than 20 forest units to offset all or part of the land use fee for an outfitting and guiding permit by the cost of the work performed by the permit holder to construct, improve, or maintain National Forest System trails, trailheads, or developed sites that support public use. The amended information collection and optional appendices will be the official permit that documents the relationship between the Forest Service and the permit holder.

Forms

FS-2700-4i, *Special Use Permit for Outfitting and Guiding*. This permit will be amended to include clause A-23. National Forest System Trails Stewardship Act—Fee Offset for Holder-Performed Work. Major headings in the clause are definitions, land use fee

offset, and the holder maintenance plan. No new information will be collected.

FS-2700-4i, Appendix H, *Annual Stewardship Act Fee Offset Agreement*, is a new optional information collection that serves as an amendment to FS-2700-4i. The amendment will only be used if the permit is subject to the National Forest System Trails Stewardship Act fee offset agreement. This information collection asks for the name of the permit holder, the date of the permit, and the total estimated annual land use fee amount. The form also collects information about the agreed upon project/s (including whether the project is construction, improvement, or maintenance), the project completion due date, estimated cost, actual completion date, and actual cost.

FS-2700-4i, Appendix I, *Stewardship Act Fee Offset Claim Certification*. Information collected includes the National Forest and Ranger District location of the project, the project name, the fiscal year of the planned work, the name of the holder, and the date of the annual Stewardship Act fee offset agreement. Additionally collected, is the itemized costs of the project.

This information is used to manage permits applicable to the National Forest System Trails Stewardship Act fee offset. The information will be collected by Federal employees authorized to issue recreation special use permits for outfitters and guides. The name and contact information of the permit holder will be used to track which holders are participating in the fee offset program. The description of the agreed upon project and the estimated and actual cost of the project will be used to assure compliance with the fee offset program and to track trends and the amount of trail care completed by partners.
