Abstract of Proposed Collection

USAID collects information from individuals and organizations to

conduct screening to help ensure that USAID funds, USAID-funded activities, or other resources will not be used to provide support to entities or individuals deemed to be a risk to national security.

USAID vets prospective awardees seeking funding from USAID to mitigate the risk that such funds might benefit entities or individuals who present a national security risk. To conduct vetting, USAID collects information from prospective awardees and subawardees regarding their directors, officers, and/or key employees. The information collected is compared to information gathered from commercial, public, and U.S. government databases to determine the risk that the applying organization or individual might use Agency funds or programs in a way that presents a threat to national security.

Methodology

USAID collects information via mail or electronic submission.

Colleen Allen,

Director, Bureau for Management, Office of Management Policy, Budget, and Performance, U.S. Agency for International Development.
