

and enforce written policies and procedures reasonably designed to effectively measure, monitor, and manage the liquidity risk that arises in or is borne by the covered clearing agency, including measuring, monitoring, and managing its settlement and funding flows on an ongoing and timely basis, and its use of intraday liquidity by addressing foreseeable liquidity shortfalls that would not be covered by the covered clearing agency's liquid resources and seek to avoid unwinding, revoking, or delaying the same-day settlement of payment obligations.⁵¹ FICC believes that the proposed rule change would be consistent with Rule 17Ad-22(e)(7)(viii) because the GCF Repo Allocation Waterfall MRA would be a committed arrangement that would be available to avoid unwinding, revoking, or delaying same-day settlement obligations. All transactions entered into pursuant to the GCF Repo Allocation Waterfall MRA are designed to be readily available to settle same-day cash obligations owed to non-defaulting Netting Members in instances where existing resources (i) may not be readily available after 4:30 p.m. to permit timely settlement or (ii) are maintained primarily to settle the outstanding transactions in the event of a default of a Member and its entire affiliated family.

III. Date of Effectiveness of the Advance Notice, and Timing for Commission Action

The proposed change may be implemented if the Commission does not object to the proposed change within 60 days of the later of (i) the date that the proposed change was filed with the Commission or (ii) the date that any additional information requested by the Commission is received. The clearing agency shall not implement the proposed change if the Commission has any objection to the proposed change.

The Commission may extend the period for review by an additional 60 days if the proposed change raises novel or complex issues, subject to the Commission providing the clearing agency with prompt written notice of the extension. A proposed change may be implemented in less than 60 days from the date the advance notice is filed, or the date further information requested by the Commission is received, if the Commission notifies the clearing agency in writing that it does not object to the proposed change and authorizes the clearing agency to implement the proposed change on an

earlier date, subject to any conditions imposed by the Commission.

The clearing agency shall post notice on its website of proposed changes that are implemented.

The proposal shall not take effect until all regulatory actions required with respect to the proposal are completed.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the Advance Notice is consistent with the Clearing Supervision Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-FICC-2019-801 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549.

All submissions should refer to File Number SR-FICC-2019-801. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the Advance Notice that are filed with the Commission, and all written communications relating to the Advance Notice between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of FICC and on DTCC's website (<http://dtcc.com/legal/sec-rule-filings.aspx>). All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only

information that you wish to make available publicly. All submissions should refer to File Number SR-FICC-2019-801 and should be submitted on or before September 25, 2019.

By the Commission.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-86874]

Order Granting Application by The Financial Information Forum and Security Traders Association for an Exemption Pursuant to Rule 606(c) of Regulation NMS Under the Exchange Act From Certain Requirements of Rule 606 of Regulation NMS Under the Exchange Act

September 4, 2019.

I. Introduction

The Financial Information Forum ("FIF") and Security Traders Association ("STA") have filed with the Securities and Exchange Commission ("Commission") an application for an exemption from certain requirements¹ of Rule 606 of Regulation NMS under the Exchange Act.²

This order grants the following exemptive relief from certain requirements of Rule 606, subject to certain conditions, which are outlined in greater detail below: (1) All broker-dealers are exempt from the requirement to comply with Rule 606(a) until January 1, 2020; (2) all broker-dealers that engage in self-routing activity are exempt from the requirement to comply with Rule 606(b)(3) until January 1, 2020; and (3) all broker-dealers that engage in outsourced routing activity are exempt from the requirement to comply with Rule 606(b)(3) until April 1, 2020.

II. Background

On November 2, 2018, the Commission adopted amendments to Rules 600, 605, and 606 of Regulation NMS under the Exchange Act.³ The

amendments to Rule 606(b) added a new disclosure requirement, set forth in paragraph (b)(3), that requires a broker-dealer, upon request of its customer, to provide specific disclosures related to the routing and execution of the customer's NMS stock orders submitted on a not held basis for the prior six months, subject to two de minimis exceptions. The Commission also amended the customer-specific disclosure requirement in paragraph (b)(1) of Rule 606 to apply to NMS stock orders submitted on a held basis, NMS stock orders that are submitted on a not held basis and the broker-dealer is not required to provide the customer a report under paragraph (b)(3), and NMS securities that are options contracts. In addition, the Commission amended the quarterly public order routing disclosure requirement in Rule 606(a) to apply to NMS stock orders submitted on a held basis, among other things. The Commission also amended Rule 605 of Regulation NMS to require that the public order execution report be kept publicly available for a period of three years.

On April 30, 2019, the Commission extended the compliance date for the amendments to Rule 606 to begin following September 30, 2019, to provide broker-dealers with time to implement fully the systems and other changes necessary to comply with amended Rule 606.⁴

FIF/STA request that: (1) The data collection period for Rule 606(a) be extended to commence on January 1, 2020; (2) the data collection period for Rule 606(b)(3) for broker-dealers that engage in "self-routing activity" (as defined below) be extended to 180 days following the issuance of Commission staff responses to frequently asked questions regarding amended Rule 606 ("Staff FAQs"); and (3) the Commission delay the Rule 606(b)(3) reporting requirement for broker-dealers that engage in "outsourced routing activity" (as defined below).⁵

⁴ See Exchange Act Release No. 85714 (April 24, 2019), 84 FR 18136 (April 30, 2019) ("Rule 606 Compliance Date Extension Release"). The original compliance date set forth in the Adopting Release was May 20, 2019. The Rule 606 Compliance Date Extension Release did not extend the original compliance date for the amendment to Rule 605.

⁵ See FIF/STA Letter, *supra* note 2, at 2. We note that Commission staff issued the Staff FAQs on August 16, 2019. See Responses to Frequently Asked Questions Concerning Rule 606 of Regulation NMS, <https://www.sec.gov/tm/faq-rule-606-regulation-nms>. The Staff FAQs are not a rule, regulation, or statement of the Commission, and the Commission has neither approved nor disapproved their content. The Staff FAQs have no legal force or effect: they do not alter or amend applicable law, and they create no new or additional obligations for any person.

According to FIF/STA, broker-dealers and other industry stakeholders are unable to meaningfully comply with amended Rule 606 within the current implementation timeframe.⁶ FIF/STA set forth several implementation challenges that they state would affect a broker-dealer's ability to comply, in particular, with the Rule 606(b)(3) requirement that it provide customer-specific reports of data regarding its handling of customers' not held NMS stock orders.⁷ In addition, according to FIF/STA, these challenges are greater when a broker-dealer must report the information required under Rule 606(b)(3) for orders handled using the order routing systems of another broker-dealer ("outsourced routing activity") than they are for orders handled using a broker-dealer's own systems ("self-routing activity").⁸ Self-routing activity for the purposes of this exemption is when a broker-dealer receives a customer's order and routes it (or child orders thereof) to venues using its own systems. Outsourced routing activity is when a broker-dealer receives a customer's order and utilizes the systems of another broker-dealer to route it (or child orders thereof) to venues.

With respect to the quarterly public reporting requirement in Rule 606(a), FIF/STA state that "the majority of 606(a) provisions are implementable within a relatively short timeframe" after the issuance of requested guidance.⁹

III. Order Granting Conditional Exemption

Rule 606(c)¹⁰ authorizes the Commission to conditionally or unconditionally exempt any person, security, or transaction, or any class or classes of persons, securities, or transactions, from any provision or provisions of this section, if the Commission determines that such exemption is necessary or appropriate in the public interest, and is consistent with the protection of investors. The Commission, by the Division pursuant to delegated authority,¹¹ is granting a temporary exemption from reporting obligations under Rules 606(a) and 606(b)(3) to provide additional time for broker-dealers to complete the development of systems and processes

necessary to begin collecting the data required by the rule. As described below, however, the length of time of the exemption from reporting obligations under Rule 606(b)(3) differs based on whether a broker-dealer is engaged in self-routing activity or outsourced routing activity.¹²

A. Amended Rule 606(a)

The Commission has determined that providing broker-dealers with an exemption from the quarterly public reporting requirements of amended Rule 606(a) relating to held orders and options orders until January 1, 2020 is necessary or appropriate in the public interest, and is consistent with the protection of investors. While the Commission previously extended the compliance date for the amendments to Rule 606(a), FIF/STA note that a few open items remain before implementation efforts are finalized.¹³ The Commission agrees with the importance of what FIF/STA describe as consistent, complete and accurate reporting across broker-dealers complying with all aspects of amended Rule 606(a). As FIF/STA state, complete and accurate data will "provide customers with the value the Rule intends." Pursuant to this exemption, a broker-dealer has three additional months from the current compliance date to comply with amended Rule 606(a) and therefore must begin collecting the amended Rule 606(a) data for the first quarter of 2020, and the public report of first quarter 2020 data is required by the end of April 2020.¹⁴

B. Rule 606(b)(3) for Broker-Dealers Engaged in Self-Routing Activity

Further, the Commission has determined that providing a temporary exemption from reporting obligations under Rule 606(b)(3) for not held orders for a broker-dealer engaged in self-routing activity is necessary or appropriate in the public interest, and is consistent with the protection of

¹² The Commission is not issuing an exemption from any other provisions of Rule 606. Accordingly, compliance with Rule 606(b)(1) and the obligation to provide, upon request, customer-specific reports on routing of the following securities is still required to begin following September 30, 2019: (1) NMS stock orders submitted on a held basis; (2) NMS stock orders that are submitted on a not held basis and the broker-dealer is not required to provide the customer a report under paragraph (b)(3); and NMS securities that are options contracts. See Rule 606 Compliance Date Extension Release, *supra* note 4.

¹³ See FIF/STA Letter, *supra* note 2, at 9 (noting that compliance efforts continue with, e.g., options reporting and the capture of aggregated fee information for orders).

¹⁴ The Commission is granting the exemption as requested by FIF/STA. See FIF/STA Letter, *supra* note 2, at 2.

investors because it will provide additional time to finalize development efforts. Specifically, the Commission believes that further time will allow the industry to complete implementation, ultimately allowing broker-dealers to provide customers with consistent, complete, and accurate 606(b)(3) reports, as described above.¹⁵ Accordingly, a broker-dealer engaged in self-routing activity is exempt until January 1, 2020 from the requirement to start collecting the data required by Rule 606(b)(3) for such activity. For customer requests that are made on or before February 15, 2020, a broker-dealer is exempt from the requirement to provide a report for self-routing activity covering January 2020 data until seven business days after February 15, 2020. Pursuant to this exemption, a broker-dealer has three additional months from the current compliance date to prepare to collect the data required by Rule 606(b)(3) for self-routing activity, and has extra time in February 2020 to prepare the first report relating to self-routing activity for January 2020 data.¹⁶

While the Commission is not granting the specific relief requested by FIF/STA and is instead granting a shorter extension, the Commission believes that this new date should provide self-routing broker-dealers with sufficient time to finalize their internal development efforts.

C. Rule 606(b)(3) for Broker-Dealers Engaged in Outsourced Routing Activity

Finally, the Commission has determined that reporting a temporary exemption from reporting obligations under Rule 606(b)(3) for not held orders for a broker-dealer engaged in outsourced routing activity is necessary or appropriate in the public interest, and is consistent with the protection of investors. This exemption will provide additional time to coordinate and finalize development efforts, including among third parties.

As also is the case for broker-dealers engaged in self-routing activity, discussed above, the Commission believes that further time will allow the industry to complete implementation,

¹⁵ See FIF/STA Letter, *supra* note 2, at 9 (noting that compliance efforts continue with, e.g., options reporting and the capture of aggregated fee information for orders).

¹⁶ Under Rule 606(b)(3), if a customer requests a report on the first of the month for example, the broker-dealer is required to provide the report within seven business days of the customer's request. Under the relief provided herein, however, if a customer requests a report of January 2020 data on February 1, 2020, the broker-dealer is not required to provide the report within seven business days of February 1, 2020; instead, the broker-dealer is required to provide the report within seven business days of February 15.

ultimately allowing broker-dealers to provide customers with consistent, complete, and accurate 606(b)(3) reports.¹⁷ Specifically, to comply with Rule 606(b)(3), broker-dealers may need to develop systems to pass the data required by Rule 606(b)(3) from an executing broker to an introducing broker. To the extent that any broker-dealers that handle outsourced routing activity require additional time to complete development of specific portions of their systems, e.g., the required XML schema and PDF renderer, the Commission believes that the six-month exemption it is granting today provides sufficient time to finalize that development. Further, the Commission believes that this additional time should permit broker-dealers that outsource their routing activity to third parties the additional time needed to finalize updating their routing arrangements with such parties.

Accordingly, a broker-dealer engaged in outsourced routing activity is exempt from the requirement to start collecting the Rule 606(b)(3) data until April 1, 2020 for such activity. For customer requests that are made on or before May 15, 2020, a broker-dealer is exempt from the requirement to provide a Rule 606(b)(3) report for outsourced routing activity covering April 2020 data until seven business days after May 15, 2020. Pursuant to this exemption, a broker-dealer has six additional months from the current compliance date to prepare to collect the data required by Rule 606(b)(3) for outsourced routing activity, and has extra time in May 2020 to prepare the first report relating to outsourced routing activity for April 2020 data.¹⁸

Accordingly, *it is ordered*, pursuant to Rule 606(c) of Regulation NMS under the Exchange Act,¹⁹ that:

(1) Broker-dealers are exempt from the requirement to comply with amended Rule 606(a) by the current compliance date of October 1, 2019 and instead must begin collecting amended Rule 606(a) data for the first quarter of 2020. The public report of first quarter 2020 data is required by April 30, 2020.

(2) Broker-dealers engaged in self-routing activity are exempt from the requirement to start collecting the data required by Rule 606(b)(3) until January

¹⁷ See FIF/STA Letter, *supra* note 2, at 9 (noting that compliance efforts continue with, e.g., options reporting and the capture of aggregated fee information for orders).

¹⁸ The Commission notes that FIF/STA did not request a specific alternative compliance date for the Rule 606(b)(3) reporting requirement for broker-dealers that outsource routing services. See FIF/STA Letter, *supra* note 2, at 2.

¹⁹ 17 CFR 242.606(c).

1, 2020 for such activity. For customer requests that are made on or before February 15, 2020, a broker-dealer is exempt from the requirement to provide a report for self-routing activity covering January 2020 data until seven business days after February 15, 2020.

(3) Broker-dealers engaged in outsourced routing activity are exempt from the requirement to start collecting the Rule 606(b)(3) data until April 1, 2020 for such activity. For customer requests that are made on or before May 15, 2020, a broker-dealer is exempt from the requirement to provide a Rule 606(b)(3) report for outsourced routing activity covering April 2020 data until seven business days after May 15, 2020.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Designation of Longer Period for Commission Action on a Proposed Rule Change To Amend Rule 6.49A Concerning Off-Floor Position Transfers

September 4, 2019.

On July 3, 2019, Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposal to amend Rule 6.49A concerning off-floor position transfers. The proposed rule change was published for comment in the **Federal Register** on July 23, 2019.³ The Exchange submitted Amendment No. 1 to its filing on August 6, 2019.⁴ The
