Defense Federal Acquisition Regulation Supplement: Update to Performance Information System References (DFARS Case 2019–D033)

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to implement changes regarding the discontinued use of the Past Performance Information Retrieval System and update all associated references in the DFARS.

DATES: Effective September 13, 2019.

FOR FURTHER INFORMATION CONTACT: Ms. Kimberly Bass, telephone 571–372–6174.

SUPPLEMENTARY INFORMATION:**I. Background**

DoD is issuing a final rule to amend the DFARS to update references to the

Past Performance Information Retrieval System (PIRS) for past performance information and replace with Contractor Performance Assessment Reporting System (CPARS) to implement changes following the official retirement of PIRS and subsequent merger with the CPARS effective January 15, 2019.

This rule also amends the DFARS to replace references to “Past Performance Information Retrieval System-Statistical Reporting” with “Supplier Performance Risk System” and update the associated web addresses.

II. Discussion and Analysis

This final rule removes two references to PIRS at DFARS 209.105–1(2) and replaces the references with CPARS and the Federal Awardee Performance and Integrity Information System (FAPIIS) module of CPARS.

In addition, in the title of DFARS provision 252.213–7000, “Past Performance Information Retrieval System-Statistical Reporting” is replaced with “Supplier Performance Risk System.” Conforming changes are also made to the title of the provision at DFARS 213.301(f)(v) and the obsolete PIRS web addresses at DFARS 213.106–2(b)(i)(A), 213.106–2–70, and 252.213–7000(a) and (d).

III. Applicability to Contracts at or Below the Simplified Acquisition Threshold and for Commercial Items, Including Commercially Available Off-the-Shelf Items

This rule does not impact or create any new provisions or clauses, and only makes technical corrections to the title of an existing provision and web addresses contained within the provision. The rule does not impose any new requirements on contracts at or below the simplified acquisition threshold or for commercial items, including commercially available off-the-shelf items.

IV. Publication of This Final Rule for Public Comment Is Not Required by Statute

The statute that applies to the publication of the Federal Acquisition Regulation is 41 U.S.C. 1707 entitled “Publication of Proposed Regulations.” Paragraph (a)(1) of the statute requires that a procurement policy, regulation, procedure, or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant

cost or administrative impact on contractors or offerors. This final rule is not required to be published for public comment, because the rule merely updates cross-references and makes technical corrections to address the system merger of PIRS and CPARS, effective January 15, 2019.

V. Executive Order 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, or reducing costs, or harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore, was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

VI. Executive Order 13771

This rule is not an E.O. 13771 regulatory action, because this rule is not significant under E.O. 12866.

VII. Regulatory Flexibility Act

Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 41 U.S.C.1707(a)(1) (see section IV. of this preamble), the analytical requirement of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) are not applicable. Accordingly, no regulatory flexibility analysis is required, and none has been prepared.

VIII. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

Defense Federal Acquisition Regulation Supplement; Appendix A, Armed Services Board of Contract Appeals, Part 1—Charter

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: DoD is issuing the updated Charter of the Armed Services Board of Contract Appeals (ASBCA), dated May 23, 2019. The ASBCA is chartered to serve as the authorized representative of the Secretary of Defense and the Secretaries of the Army, Navy, and Air Force in hearing, considering, and determining appeals by contractors from decisions of contracting officers or their authorized representatives or other authorities regarding claims on contracts under the Contract Disputes Act of 1978 or other remedy-granting provisions.

DATES: Effective September 13, 2019.

FOR FURTHER INFORMATION CONTACT: Ms. Jennifer Hawes, Defense Acquisition

Regulations System, OUSD(A&S)DPC(DARS), 3060 Defense Pentagon, Room 3B941, Washington, DC 20301–3060, Telephone 571–372–6115.

SUPPLEMENTARY INFORMATION:

I. Background

This publication of Appendix A of the Defense Federal Acquisition Regulation Supplement (DFARS) updates the Charter of the ASBCA from the most recent prior version, dated April 9, 2018, to its latest version, dated May 23, 2019. The updated Charter revises paragraph 2 to reflect that appointment of ASBCA members and designation of the Chairman and Vice Chairmen of the ASBCA shall now be made by the Secretary of Defense, rather than by the Under Secretary of Defense responsible for acquisition, the General Counsel of the Department of Defense, and the Assistant Secretaries of the Military Departments responsible for acquisition.

II. Publication of This Final Rule for Public Comment Is Not Required by Statute

The statute that applies to the publication of the Federal Acquisition Regulation (FAR) is the Office of Federal Procurement Policy statute (codified at title 41 of the United States Code). Specifically, 41 U.S.C 1707(a)(1) requires that a procurement policy, regulation, procedure or form (including an amendment or modification thereof) must be published for public comment if it relates to the expenditure of appropriated funds, and has either a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure, or form, or has a significant cost or administrative impact on contractors or offerors. This final rule only publishes the updated ASBCA charter and is therefore not required to be published for public comment, because the rule does not have a significant effect beyond the internal operating procedures of the agency issuing the policy, regulation, procedure or form.

III. Executive Orders 12866 and 13563

Executive Order (E.O.) 12866, Regulatory Planning and Review; and E.O. 13563, Improving Regulation and Regulatory Review, direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs
