

border, the ultimate recipient, and the product in the shipment with greater specificity, in advance. CBP will test the feasibility of using the additional data elements, transmitted by multiple entities for a single shipment, to segment risk. In sum, the pilot will enable CBP to determine if requiring additional data and involving non-regulated entities will enable CBP to address the threats and complexities resulting from the vast increase in Section 321 shipments, while facilitating cross-border e-commerce.

Participants in the Section 321 Data Pilot must transmit certain information for any Section 321 shipments destined for the United States for which the participant has information. The required data elements differ slightly depending on what entity is transmitting the data. In general, the required data relates to the entity initiating the shipment (e.g., the entity causing the shipment to cross the border, such as the seller, manufacturer, or shipper), the product in the package, the listed marketplace price, and the final recipient (e.g., the final entity to possess the shipment in the United States). The data elements are as follow.

1. All participants. All participants, regardless of filer type, must electronically transmit the following elements:

- Originator Code of the Participant (assigned by CBP)
- Participant Filer Type (e.g., carrier or online marketplace)
- One or more of the following:
 - Shipment Tracking Number
 - House Bill Number
 - Master Bill Number
- Mode of Transportation (e.g., air, truck, rail, or ocean)

2. Participating carriers. In addition to the data elements listed above in paragraph 1, participating carriers must also electronically transmit the following data elements:

- Shipment Initiator Name and Address (e.g., the entity that causes the movement of a shipment, which may be a seller, shipper, or manufacturer, but not a foreign consolidator)
- Final Deliver to Party Name and Address (e.g., the final entity to receive the shipment once it arrives in the United States, which may be a final purchaser or a warehouse, but not a domestic deconsolidator)
- Enhanced Product Description (e.g., a description of a product shipped to the United States more detailed than the description on the manifest, which should, if applicable, reflect the advertised retail description of the product as listed on an online marketplace)
- Shipment Security Scan (air carriers only) (e.g., verification that a foreign security scan for the shipment has been completed such as an x-ray image or other security screening report)
- Known Carrier Customer Flag (e.g., an indicator that identifies a shipper as a repeat customer that has consistently paid all required fees and does not have any known trade violations)

3. Participating online marketplaces. In addition to the data elements listed above in paragraph 1, participating online

marketplaces must electronically submit the following data elements:

- Seller Name and Address (e.g., an international or domestic company that sells products on marketplaces and other websites), and, if applicable, Shipment Initiator Name and Address (as defined in Section II.A.2)
- Final Deliver to Party Name and Address (as defined in Section II.A.2)
- Known Marketplace Seller Flag (e.g., an indicator provided by a marketplace that identifies a seller as an entity vetted by the marketplace and has no known trade violations)
- Marketplace Seller Account Number/Seller ID (e.g., the unique identifier a marketplace assigns to sellers)
- Buyer Name and Address, if applicable (e.g., the purchaser of a good from an online marketplace. This entity is not always the same as the final deliver to party.)
- Product Picture (e.g., picture of the product presented on an online marketplace), Link to Product Listing (e.g., an active and direct link to the listing of a specific product on an online marketplace), or Enhanced Product Description (as defined in Section II.A.2)
- Listed Price on Marketplace (e.g., the retail price of a product that a seller lists while advertising on an online marketplace. For auction marketplaces, this price is the price of final sale.)

Different entities may transmit different data elements for the same shipment. In addition to the above required data elements, participants may voluntarily provide the following optional data elements:

- HTS Number;
- Retail Price in Export Country;
- Shipper Name;
- Shipper Address;
- Shipper Phone Number;
- Shipper Email Address;
- Shipment Initiator Phone Number;
- Consignee Name;
- Consignee Address;
- Consignee Phone Number;
- Consignee Email Address;
- Marketplace Name;
- Buyer Account Number;
- Buyer Address;
- Seller Phone Number;
- Buyer Phone Number;
- Marketplace Website;
- Buyer Name;
- Buyer Confirmation Number;
- Buyer Email Address;
- Carrier Name;
- Known Carrier Customer;
- Merchandise/Product Weight; and,
- Merchandise/Product Quantity.
- Listed Price on Marketplace

Estimated Number of Respondents: 20.

Estimated Number of Annual Responses per Respondent: 70,000.

Estimated Number of Total Annual Responses: 1,400,000.

Estimated Time per Response: 5 seconds.

Estimated Total Annual Burden Hours: 1,944.

Dated: September 9, 2019.

Seth D. Renkema,

Branch Chief, Economic Impact Analysis Branch, U.S. Customs and Border Protection.

BILLING CODE 9111-14-P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2019-0002; Internal Agency Docket No. FEMA-B-1957]

Proposed Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Notice.

SUMMARY: Comments are requested on proposed flood hazard determinations, which may include additions or modifications of any Base Flood Elevation (BFE), base flood depth, Special Flood Hazard Area (SFHA) boundary or zone designation, or regulatory floodway on the Flood Insurance Rate Maps (FIRMs), and where applicable, in the supporting Flood Insurance Study (FIS) reports for the communities listed in the table below. The purpose of this notice is to seek general information and comment regarding the preliminary FIRM, and where applicable, the FIS report that the Federal Emergency Management Agency (FEMA) has provided to the affected communities. The FIRM and FIS report are the basis of the floodplain management measures that the community is required either to adopt or to show evidence of having in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP). In addition, the FIRM and FIS report, once effective, will be used by insurance agents and others to calculate appropriate flood insurance premium rates for new buildings and the contents of those buildings.

DATES: Comments are to be submitted on or before December 12, 2019.

ADDRESSES: The Preliminary FIRM, and where applicable, the FIS report for each community are available for inspection at both the online location <https://www.fema.gov/preliminaryfloodhazarddata> and the respective Community Map Repository address listed in the tables below. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA

Map Service Center at <https://msc.fema.gov> for comparison.

You may submit comments, identified by Docket No. FEMA-B-1957 to Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646-7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Map Information eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: FEMA proposes to make flood hazard determinations for each community listed below, in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed flood hazard determinations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances

that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities. These flood hazard determinations are used to meet the floodplain management requirements of the NFIP and are used to calculate the appropriate flood insurance premium rates for new buildings built after the FIRM and FIS report become effective.

The communities affected by the flood hazard determinations are provided in the tables below. Any request for reconsideration of the revised flood hazard information shown on the Preliminary FIRM and FIS report that satisfies the data requirements outlined in 44 CFR 67.6(b) is considered an appeal. Comments unrelated to the flood hazard determinations also will be considered before the FIRM and FIS report become effective.

Use of a Scientific Resolution Panel (SRP) is available to communities in support of the appeal resolution process. SRPs are independent panels of experts in hydrology, hydraulics, and other pertinent sciences established to review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after

FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location <https://www.fema.gov/preliminaryfloodhazarddata> and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

BILLING CODE 9110-12-P

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

[FWS-HQ-MB-2019-N105; FF09M21200-190-FXMB1231099BPP0L2; OMB Control Number 1018-0067]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Approval Procedures for Nontoxic Shot and Shot Coatings

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the U.S. Fish and Wildlife Service (Service), are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before October 15, 2019.

ADDRESSES: Send written comments on this information collection request (ICR) to the Office of Management and Budget's Desk Officer for the Department of the Interior by email at OIRA_Submission@omb.eop.gov; or via facsimile to (202) 395-5806. Please provide a copy of your comments to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS: PRB/PERMA (JAO/1N), 5275 Leesburg Pike, Falls Church, VA 22041-3803 (mail); or by email to Info_Coll@fws.gov. Please reference OMB Control Number 1018-0067 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Madonna L. Baucum, Service Information Collection Clearance Officer, by email at Info_Coll@fws.gov, or by telephone at (703) 358-2503. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information

collection requirements and provide the requested data in the desired format.

On May 30, 2019, we published a **Federal Register** notice soliciting comments on this collection of information for 60 days, ending on July 29, 2019 (84 FR 25068). We received one comment in response to that notice but it did not address the information collection requirements. No changes were made as a result of their comment.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the Service; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Service enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Service minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The Migratory Bird Treaty Act (MBTA, 16 U.S.C. 703 *et seq.*) prohibits the unauthorized take of migratory birds and authorizes the Secretary of the Interior to regulate take of migratory birds in the United States. Under this authority, we control the hunting of migratory game birds through regulations in 50 CFR part 20. On January 1, 1991, we banned lead shot for hunting waterfowl and coots in the United States.

This is a non-form collection. Regulations at 50 CFR 20.134 outline the application and approval process for new types of nontoxic shot. When considering approval of a candidate material as nontoxic, we must ensure that it is not hazardous in the environment and that secondary exposure (ingestion of spent shot or its components) is not a hazard to migratory birds. To make that decision, we require each applicant to provide information about the solubility and toxicity of the candidate material. Additionally, for law enforcement

purposes, a noninvasive field detection device must be available to distinguish candidate shot from lead shot. This information constitutes the bulk of an application for approval of nontoxic shot. The Director uses the data in the application to decide whether to approve a material as nontoxic.

Title of Collection: Approval Procedures for Nontoxic Shot and Shot Coatings (50 CFR 20.134).

OMB Control Number: 1018-0067.

Form Number: None.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Businesses that produce and/or market approved nontoxic shot types or nontoxic shot coatings.

Total Estimated Number of Annual Respondents: 1.

Total Estimated Number of Annual Responses: 1.

Estimated Completion Time per Response: 3,200 hours.

Total Estimated Number of Annual Burden Hours: 3,200 hours.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: On occasion.

Total Estimated Annual Nonhour Burden Cost: \$26,630 (\$1,630 application processing fee and \$25,000 for solubility testing).

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: September 10, 2019.

Madonna Baucum,

Information Collection Clearance Officer, U.S. Fish and Wildlife Service.
