

a better understanding of the types, frequency, and outcomes of contacts between the police and the public, public perceptions of police behavior during the contact, and the conditions under which police force may be threatened or used. BJS plans to publish this information in reports and reference it when responding to queries from the U.S. Congress, Executive Office of the President, the U.S. Supreme Court, state officials, international organizations, researchers, students, the media, and others interested in criminal justice statistics.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimate of the total number of respondents is 108,806. About 75% of respondents (81,713) will have no police contact and will complete the short interview with an average burden of four minutes. Among the 25% of respondents (27,093) who experienced police contact, the time to ask the detailed questions regarding the nature of the contact is estimated to take an average of 8 minutes. Respondents will be asked to respond to this survey only once during the six-month period. The burden estimate is based on data from the 2018 administration of the PPCS.

(6) *An estimate of the total public burden (in hours) associated with the collection:* There are an estimated 9,060 total burden hours associated with this collection.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: September 10, 2019.

Melody Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410-18-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Occupational Safety and Health Administration Alliance Program Office of the Secretary

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting the Occupational

Safety and Health Administration (OSHA) sponsored information collection request (ICR) proposal titled, "Occupational Safety and Health Administration Alliance Program," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995. Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before October 16, 2019.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the *RegInfo.gov* website at http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201902-1218-001 (this link will only become active on the day following publication of this notice) or by contacting Frederick Licari by telephone at 202-693-8073, TTY 202-693-8064, (this is not a toll-free number) or by email at DOL_PRA_PUBLIC@dol.gov.

Submit comments about this request by mail to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL-OSHA, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503; by Fax: 202-395-5806 (this is not a toll-free number); or by email: OIRA_submission@omb.eop.gov. Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW, Washington, DC 20210; or by email: DOL_PRA_PUBLIC@dol.gov.

FOR FURTHER INFORMATION CONTACT: Frederick Licari by telephone at 202-693-8073, TTY 202-693-8064, (these are not toll-free numbers) or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the Occupational Safety and Health Administration Alliance Program information collection. OSHA's Alliance Program is a structure for working with groups that are committed to worker safety and health. The program enables OSHA to enter into a voluntary cooperative relationship with industry, labor and other groups to improve workplace safety and health, prevent workplace fatalities, injuries and illnesses, and to reach employers and workers that OSHA may not otherwise

reach through traditional methods. OSHA collects information from organizations that are signatories to an Alliance agreement through meetings, informal conversations and data forms. OSHA will use the collected information to develop Alliance agreements, support Alliance activities and Alliance agreement objectives, and develop annual and program-wide reports. Occupational Safety and Health Act of 1970 section (2)(b)(1) authorizes this information collection. *See* 29 U.S.C. 651(2)(b)(1).

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB, under the PRA, approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the **Federal Register** on June 21, 2018 (83 FR 28868).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty-(30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB ICR Reference Number 201902-1218-001. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Agency: DOL-OSHA.

Title of Collection: Occupational Safety and Health Administration Alliance Program.

OMB ICR Reference Number: 201902-1218-001.

Affected Public: Private Sector—businesses or other for-profits, State, Local, and Tribal Governments.

Total Estimated Number of Respondents: 250.

Total Estimated Number of Responses: 4,993.

Total Estimated Annual Time Burden: 14,122 hours.

Total Estimated Annual Other Costs Burden: \$0.

Authority: 44 U.S.C. 3507(a)(1)(D).

Dated: September 10, 2019.

Frederick Licari,

Departmental Clearance Officer.

BILLING CODE 4510-26-P

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Technical Advisory Committee; Request for Nominations

AGENCY: Bureau of Labor Statistics (BLS).

ACTION: Request for nominations to the BLS Technical Advisory Committee.

SUMMARY: The BLS is soliciting new members for the Technical Advisory Committee (TAC). Five current membership terms expire on April 12, 2020. The TAC provides advice to the Bureau of Labor Statistics on technical aspects of data collection and the formulation of economic measures and makes recommendations on areas of research. On some technical issues there are differing views, and receiving feedback at public meetings provides BLS with the opportunity to consider all viewpoints. The Committee will consist of 16 members and will be chosen from a cross-section of economists, statisticians, and behavioral scientists who represent a balance of expertise. The economists will have research experience with technical issues related to BLS data and will be familiar with employment and unemployment statistics, price index numbers, compensation measures, productivity measures, occupational and health statistics, or other topics relevant to BLS data series. The statisticians will be familiar with sample design, data analysis, computationally intensive statistical methods, non-sampling errors, or other areas which are relevant to BLS work. The behavioral scientists will be familiar with questionnaire

design, usability, or other areas of survey development. BLS invites persons interested in serving on the TAC to submit their names for consideration for committee membership.

DATES: Nominations for the TAC membership should be postmarked October 16, 2019.

ADDRESSES: Nominations for the TAC membership should be sent to: Commissioner William Beach, U.S. Bureau of Labor Statistics, 2 Massachusetts Avenue NE, Room 4040, Washington, DC 20212.

FOR FURTHER INFORMATION CONTACT: Lucy Eldridge, Associate Commissioner, U.S. Bureau of Labor Statistics, 2 Massachusetts Avenue NE, Office of Productivity and Technology, Room 2150, Washington, DC 20212. Telephone: 202-691-5600. This is not a toll free number. Email: advisorycommittees@bls.gov.

SUPPLEMENTARY INFORMATION: BLS intends to renew memberships in the TAC for another three years. The Bureau often faces highly technical issues while developing and maintaining the accuracy and relevancy of its data on employment and unemployment, prices, productivity, and compensation and working conditions. These issues range from how to develop new measures to how to make sure that existing measures account for the ever-changing economy. The BLS presents issues and then draws on the specialized expertise of Committee members representing specialized fields within the academic disciplines of economics, statistics and survey design. Committee members are also invited to bring to the attention of BLS issues that have been identified in the academic literature or in their own research.

The TAC was established to provide advice to the Commissioner of Labor Statistics on technical topics selected by the BLS. Responsibilities include, but are not limited to providing comments on papers and presentations developed by BLS research and program staff, conducting research on issues identified by BLS on which an objective technical opinion or recommendation from outside of BLS would be valuable, recommending BLS conduct internal research projects to address technical problems with BLS statistics that have been identified in the academic literature, participating in discussions of areas where the types or coverage of economic statistics could be expanded or improved and areas where statistics are no longer relevant, and establishing working relationships with professional associations with an interest in BLS

statistics, such as the American Statistical Association and the American Economic Association.

Nominations: BLS is looking for committed TAC members who have a strong interest in, and familiarity with, BLS data. The Agency is looking for nominees who use and have a comprehensive understanding of economic statistics. The U.S. Bureau of Labor Statistics is committed to bringing greater diversity of thought, perspective, and experience to its advisory committees. Nominees from all races, gender, age, and disabilities are encouraged to apply. Interested persons may nominate themselves or may submit the name of another person who they believe to be interested in and qualified to serve on the TAC. Nominations may also be submitted by organizations. Nominations should include the name, address, and telephone number of the candidate. Each nomination should include a summary of the candidate's training or experience relating to BLS data specifically, or economic statistics more generally. BLS will conduct a basic background check of candidates before their appointment to the TAC. The background check will involve accessing publicly available, internet-based sources.

Authority: This notice was prepared in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. App. 2, the Secretary of Labor has determined that the Bureau of Labor Statistics Technical Advisory Committee is in the public interest in connection with the performance of duties imposed upon the Commissioner of Labor Statistics by 29 U.S.C. 1 and 2. This determination follows consultation with the Committee Management Secretariat, General Services Administration.

Signed at Washington, DC, this 10th day of September 2019.

Mark Staniorski,

*Chief, Division of Management Systems,
Bureau of Labor Statistics.*
