

aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023-01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone lasting up to 96 hours that will prohibit entry within a 500-foot radius of the New York State Department of Transportation (NYSDOT) I-95 bridge structures to the north, and south, of the Unionport (Bruckner Expressway) Bridge, construction vessels, and machinery at mile 1.7 over Westchester Creek. Channel openings may be requested by mariners before, or after, each work day when requested 24-hours in advance by mariners. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023-01-001-01, Rev. 01. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water) Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191; 33 CFR 1.05-1, 6.04-1, 6.04-6, and 160.5;

Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T01-1060 to read as follows:

§ 165.T01-1060 Safety Zone, Unionport (Bruckner Expressway) Bridge, Westchester Creek, Bronx, NY.

(a) *Location.* The following area is a safety zone: all waters of Westchester Creek at mile 1.7, from surface to bottom, within a 500-foot radius of the New York State Department of Transportation (NYSDOT) I-95 bridge structures to the north, and south, of the Unionport (Bruckner Expressway) Bridge, construction vessels, and machinery.

(b) *Definitions.* As used in this section:

Designated representative means any Coast Guard commissioned, warrant, petty officer, or designated Patrol Commander of the U.S. Coast Guard who has been designated by the Captain of the Port, Sector Northern New England (COTP), to act on his or her behalf. The designated representative may be on an official patrol vessel or may be on shore and will communicate with vessels via VHF-FM radio or loudhailer. In addition, members of the Coast Guard Auxiliary may be present to inform vessel operators of this regulation.

Official patrol vessels means any Coast Guard, Coast Guard Auxiliary, state, or local law enforcement vessels assigned or approved by the COTP to enforce this section.

(c) *Regulations.* (1) The general regulations contained in 33 CFR 165.20 and 165.23 apply.

(2) During periods of enforcement, no person or vessel may enter or remain in the safety zone described in paragraph (a) of this section unless authorized by the the Captain of the Port (COTP) or the COTP's designated representative. However, any vessel that is granted permission by the COTP or the COTP's designated representative must proceed through the area with caution and operate at a speed no faster than that speed necessary to maintain a safe course, unless otherwise required by the Navigation Rules.

(3) During periods of enforcement, any vessels transiting must comply with all orders and directions from the COTP or the COTP's designated representative.

(4) Upon being hailed by a Coast Guard vessel by siren, radio, flashing light or other means, the operator of the vessel must proceed as directed by the Coast Guard.

(5) The COTP will promulgate a notice of the channel closure or restrictions by appropriate means to the

affected segments of the public. Such means of notification may include, but are not limited to, LNM and/or Broadcast Notice to Mariners.

(d) *Enforcement periods.* (1) This rule will be effective on February 25, 2019, through May 1, 2019, but will only be enforced during the float-in, erection, and installation of two temporary vertical lift spans by barge.

(2) *Notice of suspension of enforcement.* If enforcement is suspended, the COTP will promulgate a notice of the suspension of enforcement by appropriate means. Such means of notification may include, but are not limited to, Broadcast Notice to Mariners and/or LNM. Such notification will include the approximate date and time enforcement will be suspended as well as the approximate date and time enforcement will resume.

(3) Violations of this regulation may be reported to the COTP at (718) 354-4353 or on VHF-Channel 16.

Dated: July 26, 2019.

J.P. Tama,

Captain, U.S. Coast Guard, Captain of the Port New York.

[FR Doc. 2019-19990 Filed 9-17-19; 8:45 am]

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG-2019-0784]

RIN 1625-AA00

Safety Zone, Delaware River, Philadelphia, PA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone on the navigable waters of the Delaware River to restrict and protect vessel traffic during the offloading of two Post-Panamax gantry cranes at the Port of Philadelphia. This action is intended to protect mariners and vessels from the hazards associated with these offloading activities. Entry of vessels or persons into this zone is prohibited unless a vessel meets the stated requirements or is specifically authorized by the Captain of the Port Delaware Bay. This rule compliments a safety zone found in docket number USCG-2019-0782 addressing navigation risks while the vessel carrying the cranes is anchored or underway in Delaware Bay and River.

DATES: This rule is effective without actual notice from September 18, 2019 through October 15, 2019. For the purposes of enforcement, actual notice will be used from September 14, 2019 through September 18, 2019.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to <https://www.regulations.gov>, type USCG-2019-0782 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Petty Officer Edmund Ofalt, U.S. Coast Guard Sector Delaware Bay, Waterways Management Branch; telephone (215) 271-4889, email Edmund.J.Ofalt@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The M/V ZHEN HUA 26 is transporting post-Panamax gantry cranes to ports within the United States. These large cranes extend beyond the width of M/V ZHEN HUA 26 on both sides of the vessel and create a navigational hazard to vessels operating within a certain proximity. The cranes are fastened in a manner which facilitates passage through the open ocean. Upon arrival to the Delaware River, M/V ZHEN HUA 26 will transit to anchorage and begin an approximately four day process of removing the sea fastenings. The M/V ZHEN HUA 26 will then proceed, conditions permitting, to berth at the Port of Philadelphia Greenwich Terminal where it will offload the cranes. Because offloading the cranes requires precise environmental conditions which passing traffic could disrupt, and with the consequences of failure being catastrophic to those in proximity to the operation, the facility, and the waterway, we are establishing a safety zone around the vessel while it is preparing for and conducting the operation to offload the cranes.

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule

without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable and contrary to the public interest. There is insufficient time to allow for a reasonable comment period prior to the anticipated arrival of M/V ZHEN HUA 26 to the Delaware Bay Captain of the Port zone. The rule must be in force by September 14, 2019, to serve its purpose of ensuring the safety of waterway users and the general public from hazards associated with the offloading of post-Panamax gantry cranes with the Delaware Bay Captain of the Port Zone.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to the public interest because immediate action is needed to mitigate the potential safety hazards associated with the offloading of the post-Panamax gantry cranes.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The COTP has determined that there are potential hazards associated with the offloading of the post-Panamax gantry cranes. These potential hazards will be a safety concern for anyone transiting navigable waters of the Delaware River bounded to the south by a line drawn from the southeast corner of Pier 124S at 39°53'41" N, 075°08'19" W, thence east-southeast to the New Jersey Shoreline at 39°53'34" N, 075°07'49" W, and bounded to the north by the southernmost edge of the Walt Whitman Bridge.

IV. Discussion of the Rule

This rule establishes a temporary safety zone on all waters of the Delaware River bounded to the south by a line drawn from the southeast corner of Pier 124S at 39°53'41" N, 075°08'19" W, thence east-southeast to the New Jersey Shoreline at 39°53'34" N, 075°07'49" W, and bounded to the north by the southernmost edge of the Walt Whitman Bridge. This safety zone is needed to protect personnel and vessels, in the navigable waters within the safety zone as well as persons on the adjacent shoreline during offloading of two Post-Panamax gantry cranes. This safety zone

will be enforced for approximately seven days beginning from the time the M/V ZHEN HUA 26 arrives at berth at Greenwich Terminal until the vessel departs from the terminal, unless cancelled earlier by the COTP Delaware Bay. Enforcement of the safety zone will be announced via broadcast notice to mariners.

Vessels will be able to transit through the safety zone without permission from the COTP Delaware Bay if they meet the following requirements: (1) Transit through the safety zone at the minimum safe speed to reduce wake and maintain steerage, (2) except for towing vessels designated as assist tugs and operating in such capacity, do not overtake, meet, or otherwise pass any other unmoored or unanchored vessel while transiting through the safety zone, and (3) regardless of travel direction, vessels shall remain east of the centerline of the main navigation channel. The centerline is depicted on U. S. Electronic Navigational Chart US5PA12M and is a line drawn approximately from 39°53'39" N, 075°08'11" W, thence north-northeast to approximate position 39°54'20" N, 075°07'54" W. Vessels which do not meet all of the requirements listed above will be prohibited from entering or transiting the safety zone without prior approval of the COTP Delaware Bay. Vessels requesting to enter or transit the safety zone may contact the Sector Delaware Bay Command Center via VHF-FM channel 16.

Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt

from the requirements of Executive Order 13771.

This regulatory action determination is based on the short duration and traffic management of the safety zone. This rule will allow for vessels to transit through the safety zone while the M/V ZHEN HUA 26 moored at Greenwich Terminal in Port of Philadelphia, Pennsylvania if certain requirements are met, and the Coast Guard anticipates that most vessels will be able to freely transit around the safety zone and will not need to seek permission to enter the zone. For these reasons, the impact on waterway traffic is expected to be minimal.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain

about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human

environment. This rule involves a safety zone to be enforced only during the offload of a vessel carrying post-Panamax gantry cranes. It is categorically excluded from further review under paragraph L60(a) in Table 3–1 of U.S. Coast Guard Environmental Planning Implementing Procedures. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under **ADDRESSES**.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

- 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

- 2. Add § 165.T05–0784, to read as follows:

§ 165.T05–0784 Safety Zone, Delaware River, Philadelphia, PA

(a) *Location.* The following area is a safety zone: All navigable waters bounded to the south by a line drawn from the southeast corner of Pier 124S at 39°53′41″ N, 075°08′19″ W, thence east-southeast to the New Jersey shoreline at 39°53′34″ N, 075°07′49″ W, and bounded to the north by the southernmost edge of the Walt Whitman Bridge. These coordinates are based on the 1984 World Geodetic System (WGS 84).

(b) *Definitions.* As used in this section, *designated representative* means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Delaware Bay (COTP) in the enforcement of the safety zone.

(c) *Regulations.* (1) In accordance with the general safety zone regulations in subpart C of this part and except for as described in paragraph (c)(3) of this section, vessels may not enter, remain in, or transit the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) To seek permission to enter or remain in the zone, unless moored or anchored outside the main navigational channel, contact the COTP or the COTP's representative via VHF-FM Channel 16. Those in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative.

(3) Vessels may transit the safety zone described in paragraph (a) of this section if all of the following criteria are met:

(i) Vessel shall maintain the minimum safe speed to reduce wake and maintain steerage.

(ii) Except towing vessels designated as assist tugs and operating in such capacity, no vessel may meet, overtake or otherwise pass another unmoored or unanchored vessel within the safety zone.

(iii) Regardless of travel direction, vessels shall remain east of the centerline of the main navigation channel. The centerline is depicted on U. S. Electronic Navigational Chart US5PA12M and is a line drawn approximately from 39°53'39" N, 075°08'11" W, thence north-northeast to approximate position 39°54'20" N, 075°07'54" W.

(d) *Enforcement.* The U.S. Coast Guard may be assisted in the patrol and enforcement of the safety zone by Federal, State, and local agencies.

(e) *Enforcement period.* Enforcement of the safety zone will begin when the M/V ZHEN HUA 26 arrives at berth at the Greenwich Terminal in the Port of Philadelphia, Pennsylvania and end at midnight on October 15, 2019.

Dated: September 11, 2019.

Scott E. Anderson,

Captain, U.S. Coast Guard, Captain of the Port, Delaware Bay.

RIN 2070-AB27

Significant New Use Rules on Certain Chemical Substances (17-3)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is issuing significant new use rules (SNURs) under the Toxic Substances Control Act (TSCA) for 19 chemical substances which are the subject of premanufacture notices (PMNs). The chemical substances are subject to Orders issued by EPA pursuant to TSCA section 5(e). This action requires persons who intend to manufacture (defined by statute to include import) or process any of these 19 chemical substances for an activity that is designated as a significant new use by this rule to notify EPA at least 90 days before commencing that activity. The required notification initiates EPA's evaluation of the use, under the conditions of use for that chemical substance, within the applicable review period. Persons may not commence manufacture or processing for the significant new use until EPA has conducted a review of the notice, made an appropriate determination on the notice, and has taken such actions as are required by that determination.

DATES: This rule is effective on November 18, 2019. For purposes of judicial review, this rule shall be promulgated at 1 p.m. (EST) on October 2, 2019.

FOR FURTHER INFORMATION CONTACT:

For technical information contact: Kenneth Moss, Chemical Control Division (7405M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 564-9232; email address: moss.kenneth@epa.gov.

For general information contact: The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you manufacture, process,

or use the chemical substances contained in this rule. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Manufacturers or processors of one or more subject chemical substances (NAICS codes 325 and 324110), e.g., chemical manufacturing and petroleum refineries.

This action may also affect certain entities through pre-existing import certification and export notification rules under TSCA. Chemical importers are subject to the TSCA section 13 (15 U.S.C. 2612) import certification requirements promulgated at 19 CFR 12.118 through 12.127 and 19 CFR 127.28. Chemical importers must certify that the shipment of the chemical substance complies with all applicable rules and orders under TSCA. Importers of chemicals subject to these SNURs must certify their compliance with the SNUR requirements. The EPA policy in support of import certification appears at 40 CFR part 707, subpart B. In addition, any persons who export or intend to export a chemical substance that is the subject of this rule on or after October 18, 2019 are subject to the export notification provisions of TSCA section 12(b) (15 U.S.C. 2611(b)) (see 40 CFR 721.20), and must comply with the export notification requirements in 40 CFR part 707, subpart D.

II. Background

A. What action is the Agency taking?

EPA is finalizing these SNURs under TSCA section 5(a)(2) for 19 substances which were the subject of PMNs. These SNURs require persons who intend to manufacture or process any of these chemical substances for an activity that is designated as a significant new use to notify EPA at least 90 days before commencing that activity.

In the **Federal Register** of August 27, 2018, (83 FR 43607) (FRL-9982-25), EPA proposed a SNUR for these 19 chemical substances in 40 CFR part 721 subpart E. More information on the specific chemical substances subject to this final rule can be found in the **Federal Register** documents for the direct final SNUR of August 27, 2019 (83 FR 43538)(FRL-9982-24). The record for the SNUR was established in the docket under docket ID number EPA-HQ-OPPT-2017-0464. That docket includes information considered by the Agency in developing the proposed and final rules.
