SUPPLEMENTARY INFORMATION:

Title: Mandatory Reliability Standards for Critical Infrastructure Protection [CIP] Reliability Standards.

OMB Control No.: TBD.

Type of Request: Revisions to the information collection, as discussed in Docket No. RD19-3-000.

Abstract: On March 7, 2019, the North American Electric Reliability Corporation (NERC) requested Commission approval of Reliability Standard CIP-008-6 (Cyber Security—Incident Reporting and Response Planning). Reliability Standard CIP-008-6 addresses the Commission's directive in Order No. 848 to develop modifications to the Reliability Standards to require reporting of Cyber Security Incidents that compromise, or attempt to compromise, a Responsible Entity's Electronic Security Perimeter (ESP) or associated Electronic Access Control or Monitoring Systems (EACMS).¹

Reliability Standard CIP-008-6, among other things, requires Responsible Entities² to broaden the mandatory reporting of Cyber Security Incidents to include compromises or attempts to compromise BES Cyber Systems or their associated ESPs or EACMS. Reliability Standard CIP-008-6 will not significantly increase the reporting burden on entities because it builds off the reporting threshold in the previous version of the Reliability Standard, Reliability Standard CIP-008-5.

Type of Respondents: Balancing Authority, Distribution Provider, Generator Operator, Generator Owner, Reliability Coordinator, Transmission Operator, and Transmission Owner.

*Estimate of Annual Burden:*³ The Commission estimates the changes in the annual public reporting burden and cost as indicated below.⁴

¹ *Cyber Security Incident Reporting Reliability Standards*, Order No. 848, 164 FERC ¶ 61,033 (2018).

² "Responsible Entities" refers to Balancing Authority, Distribution Provider, Generator Operator, Generator Owner, Reliability Coordinator, Transmission Operator, and Transmission Owner.

³ Burden is defined as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, refer to 5 Code of Federal Regulations 1320.3.

⁴ For the earlier version of the Reliability Standard retired in Docket No. RD19-3-000, the baseline numbers for respondents, burden, and cost are the same figures as those in Order No. 848. The requirements and burdens from the retired Reliability Standard are continued in Reliability Standard CIP-008-6, plus the additional requirements and burdens as indicated in the table.

Comments: Comments are invited on:

- (1) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility;
- (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used;
- (3) ways to enhance the quality, utility and clarity of the information collection; and
- (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

BILLING CODE 6717-01-P

⁵ There are 1,414 unique registered entities in the NERC compliance registry as of May 24, 2019. Of this total, we estimate that 288 entities will face an increased paperwork burden.

⁶ The loaded hourly wage figure (includes benefits) is based on the average of the occupational categories for 2017 found on the Bureau of Labor Statistics website: <https://www.bls.gov/oes/2017/may/oessrci.htm>.

Legal (Occupation Code: 23-0000): \$143.68.

Information Security Analysts (Occupation Code 15-1122): \$61.55.

Computer and Information Systems Managers (Occupation Code: 11-3021): \$96.51.

Management (Occupation Code: 11-0000): \$94.28.

Electrical Engineer (Occupation Code: 17-2071): \$66.90.

Management Analyst (Code: 43-0000): \$63.32.

These various occupational categories are weighted as follows: [(\$94.28)(.10) + (\$61.55)(.315) + (\$66.90)(.02) + (\$143.68)(.15) + (\$96.51)(.10) + (\$63.32)(.315)] = \$81.30. The figure is rounded to \$81.00 for use in calculating wage figures in this order.

⁷ One-time burdens apply in Year 1 only.

⁸ Ongoing burdens apply in Year 2 and beyond.
