**SUPPLEMENTARY INFORMATION:** Under the PRA (44 U.S.C. 3501 *et seq.*), federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR

1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or disclose

information to a third party. The OCC asks that OMB extend its approval of this information collection.

**Title:** General Reporting and Recordkeeping Requirements by Savings Associations.

**OMB Control No.:** 1557–0266.

**Type of Review:** Regular review.

**Description:** This information collection relates to reports and records required by the following regulations:

- 12 CFR 144.8 (communications between members of a federal mutual savings association);

- 12 CFR 163.47(e) (pension plan records); and
- 12 CFR 163.76(c) (offers and sales of securities of a federal savings association or its affiliates in any office of the savings association—form of certification).

Federal savings associations use the reports and records that the regulations require for internal management control purposes, and examiners use them to determine whether savings associations are being operated safely, soundly, and in compliance with regulations. An absence of the reporting and recordkeeping requirements would make it difficult for institutions to establish prudent internal controls and would limit the ability of examiners to determine the accurate performance and condition of federal savings associations.

**Affected Public:** Businesses or other for-profit.

**Burden Estimates:**

**Estimated Number of Respondents:** 305.

**Estimated Total Burden:** 30,733 hours.

**Frequency of Response:** On occasion.

**Comments:** On July 15, 2019, the OCC issued a notice for 60 days of comment concerning this collection, 84 FR 33810. No comments were received. Comments continue to be invited on:

(a) Whether the collections of information are necessary for the proper performance of the OCC’s functions, including whether the information has practical utility;

(b) The accuracy of the OCC’s estimates of the burden of the information collections, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology; and
