Federal Register

Vol. 84, No. 185

Tuesday, September 24, 2019

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

September 18, 2019.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques and other forms of information technology.

Comments regarding this information collection received by October 24, 2019 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725—17th Street NW, Washington, DC 20503. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@omb.eop.gov or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OClO, Mail Stop 7602, Washington, DC 20250–7602. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Post-Decisional Administrative Review Process.

OMB Control Number: 0596–0231.

Summary of Collection: Under 36 CFR part 214, the Forest Service (FS), at its own discretion, provides a process by which holders, operators, and solicited applicants may appeal certain written decisions issued by a Responsible Official involving a written instrument authorizing the occupancy or use of National Forest System (NFS) lands and resources.

Need and use of the Information: Information is collected and submitted from individuals who are holders or operators of a valid written authorization to occupy or use NFS lands and resources. The appellant must provide name, mailing address, daytime telephone number, email address, signature, and statements of how appellant is adversely affected by decision being appealed; relevant facts underlying the decision; discussion of issues raised by the decision; attempts to resolve issues under appeal with the Responsible Official and a statement of the relief sought. The information is used to review an agency decision on a written authorization against the issues raised by the appellant and determine whether to affirm or reverse the decision.

Description of Respondents: Individuals or households.

Number of Respondents: 25.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 200.

Title: The Role of Local Communities in the Development of Agreement or Contract Plans Through Stewardship Contracting.

OMB Control Number: 0596–0201.

Summary of Collection: Section 8205 of Public Law 113–79, the Agricultural Act of 2014, requires the Forest Service (FS) to report to Congress annually on the role of local communities in the development of agreement or contract plans through stewardship contracting. To meet that requirement FS conducts an annual telephone survey to gather

the necessary information for FS to develop its annual report to Congress.

Need and use of the Information: The survey will collect information on the role of local communities in the development of agreement or contract plans through stewardship contracting. The survey will provide information regarding the nature of the local community involved in developing agreement or contract plans, the nature of roles played by the entities involved in developing agreement or contract plans, the benefits to the community and agency by being involved in planning and development of contract plans, and the usefulness of stewardship contracting in helping meet the needs of local communities. FS posts the report on its web page for viewing by the public. Congress also makes the agency reports available for use by organizations both inside and outside the government.

Description of Respondents: Individuals or households; Business or other for-profit; Not-for-profit institutions; Federal Government; State, Local or Tribal Government.

Number of Respondents: 75.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 56.

Kimble Brown,

Departmental Information Collection Clearance Officer.

BILLING CODE 3411–15–P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS–2019–0017]

Availability of an Environmental Assessment and Finding of No Significant Impact for the Release of *Cheilosia urbana* for Biological Control of Invasive Hawkweeds

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that we have prepared an environmental assessment and finding of no significant impact relative to the release of the hoverfly *Cheilosia urbana* for the biological control of hawkweeds

(*Pilosella* species), a significant invasive weed, within the contiguous United States. Based on our finding of no significant impact, we have determined that an environmental impact statement need not be prepared.

FOR FURTHER INFORMATION CONTACT: Dr. Colin D. Stewart, Assistant Director, Pests, Pathogens, and Biocontrol Permits, Permitting and Compliance Coordination, PPQ, APHIS, 4700 River Road, Unit 133, Riverdale, MD 20737–1231; (301) 851–2327; email: Colin.Stewart@usda.gov.

SUPPLEMENTARY INFORMATION:

Hawkweeds are invasive weeds of moist pastures, forest meadows, and mountain rangelands with a moderate amount of moisture. Habitats most vulnerable to invasion include human-disturbed sites, such as roadsides and hayfields, and abandoned farmland. The following hawkweeds are considered noxious in many western States and are currently targets for biological control: *Pilosella flagellaris* (whiplash hawkweed), *Pilosella floribunda* (king devil hawkweed), *Pilosella glomerata* (queen devil or yellow devil hawkweed), *Pilosella officinarum* (mouse-ear hawkweed), and *Pilosella piloselloides* (tall hawkweed).

Cheilosia urbana is a very common and widespread hoverfly in Europe. The fly's potential range in North America is expected to match much of the distributions of the targeted *Pilosella* (hawkweed) species that occur in the northwestern United States and northeastern United States, including southwestern and southeastern Canada. Permitting the release of *Cheilosia urbana* is necessary to reduce the severity of invasive hawkweed infestations and economic losses since other alternatives are not effective or feasible.

On May 28, 2019, we published in the **Federal Register** (84 FR 24463, Docket No. APHIS–2019–0017) a notice¹ in which we announced the availability, for public review and comment, of an environmental assessment (EA) that examined the potential environmental impacts associated with the release of *Cheilosia urbana* for the biological control of invasive hawkweeds within the contiguous United States.

We solicited comments on the EA for 30 days ending June 27, 2019. We received eight comments by that date. Six of those comments were in favor of the release of the biological control agents. One comment was a general

comment against the Animal and Plant Health Inspection Service (APHIS) but raised no substantive issues. One comment raised questions regarding impacts on native hawkweeds. This last comment is addressed in Appendix 6 of the final EA.

In this document, we are advising the public of our finding of no significant impact (FONSI) regarding the release of *Cheilosia urbana* for the biological control of invasive hawkweeds within the contiguous United States. The finding, which is based on the EA, reflects our determination that release of the *Cheilosia urbana* will not have a significant impact on the quality of the human environment. Concurrent with this announcement, we will issue a permit for the release of *Cheilosia urbana* for the biological control of invasive hawkweeds.

The EA and FONSI may be viewed on the [Regulations.gov](http://www.Regulations.gov) website (see footnote 1). Copies of the EA and FONSI are also available for public inspection at USDA, Room 1141, South Building, 14th Street and Independence Avenue SW, Washington, DC, between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays. Persons wishing to inspect copies are requested to call ahead on (202) 799–7039 to facilitate entry into the reading room. In addition, copies may be obtained by calling or writing to the individual listed under **FOR FURTHER INFORMATION CONTACT**.

The EA and FONSI have been prepared in accordance with: (1) The National Environmental Policy Act of 1969 (NEPA), as amended (42 U.S.C. 4321 *et seq.*); (2) regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508); (3) USDA regulations implementing NEPA (7 CFR part 1b); and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372).

Done in Washington, DC, this 17th day of September 2019.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS–2019–0060]

Notice of Request for an Extension of Approval of an Information Collection; Interstate Movement of Certain Land Tortoises

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request an extension of approval of an information collection associated with the regulations for the interstate movement of certain land tortoises.

DATES: We will consider all comments that we receive on or before November 25, 2019.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov/#!docketDetail;D=APHIS-2019-0060>.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2019–0060, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road, Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov/#!docketDetail;D=APHIS-2019-0060> or in our reading room, which is located in Room 1141 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the land tortoises program, contact Dr. Alicia Marston, Staff Veterinary Medical Officer, Strategy & Policy, Veterinary Services, APHIS, 4700 River Road, Unit 39, Riverdale, MD 20737; (301) 851–3361. For more detailed information on the information collection, contact Mr. Joseph Moxey, APHIS' Information Collection Coordinator, at (301) 851–2483.

SUPPLEMENTARY INFORMATION:
