ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting the Employment and Training Administration (ETA) sponsored information collection request (ICR) revision titled, "Migrant and Seasonal Farmworker (MSFW) Monitoring Report and Complaint/Apparent Violation Form," to the Office of Management and Budget (OMB) for review and approval for use in accordance with the Paperwork Reduction Act (PRA) of 1995. Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before October 25, 2019.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the *RegInfo.gov* website at http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201908-1205-002 (this link will only become active on the day following publication of this notice) or by contacting Frederick Licari by telephone at 202-693-8073, TTY 202-693-8064, (these are not toll-free numbers) or sending an email to DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Migrant and Seasonal Farmworker (MSFW) Monitoring Report and Complaint/Apparent Violation Form. Form ETA-5148, Services to Migrant and Seasonal Farmworkers Report, collects data that monitors and measures how a State Workforce Agency delivers services to MSFWs. Form ETA-8429, One-Stop Career Center Compliance Referral Record, collects and documents complaints. This information collection is a revision because ETA is deleting the duplicative information in Form 5148 from Parts 3 and 4 through the Workforce Integrated Performance System. Additionally, for Form 8429, ETA is adding a box on page 1 for the complainant to check off authorizing someone else to act in his behalf, and adding two other boxes in Part II, Section 4 to track the types of complaints received (trafficking and sexual harassment/coercion/assault complaints). Wagner Peyser Act section 10(c)(1) authorizes this information collection. See 29 U.S.C. 49i(c)(1).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB, under the PRA, approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1205-0039. The current approval is scheduled to expire on September 30, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB will receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 7, 2019 (84 FR 8343).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty-(30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number

1205-0039. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION:

Public Meeting

On July 29, 2019, MSHA published a **Federal Register** notice, Availability of Program Policy Letter (PPL) and Request for Comments (84 FR 36623), regarding escapeways and refuges in underground metal and nonmetal (MNM) mines. Based on questions from underground MNM mine operators, MSHA believes that this PPL addresses a significant safety issue regarding the placement of a refuge in a location that provides miners access if they cannot escape.

MSHA will hold a public meeting to receive input from industry, labor, and other interested parties on the PPL. The public meeting will be held on October 10, 2019, at MSHA Headquarters, 201 12th Street South, Arlington, Virginia 22202-5452. The public meeting will begin at 9 a.m. local time and conclude at 5 p.m., or until the last speaker speaks. The meetings will be conducted in an informal manner. Speakers and other attendees may present information to MSHA for inclusion in the public docket. The verbatim transcript may be viewed at <https://www.regulations.gov/> and on MSHA's website at: <https://www.msha.gov/regulations/escapeways-and-refuges-underground-metal-and-nonmetal-mines>.
