OMB Control Number: 0584–0524.
Summary of Collection: This information collection is based on Section 19 of the Child Nutrition Act of 1966 (42 U.S.C. 1787) Section 5 of the Richard B. Russell National School Lunch Act (42 U.S.C. 1754) and Section 11(f) of the Food and Nutrition Act of 2008 (7 U.S.C. 2020). This information collection will conduct research in support of FNS' goal of delivering science-based nutrition education to targeted audiences. From development through testing of materials and tools with the target audience, FNS plans to conduct data collections that involve formative research including focus groups, interviews (dyad, triad, telephone, etc.), surveys and Web-based collection tools.

Need and use of the Information: Obtaining formative input and feedback is fundamental to FNS' success in delivering science-based nutrition messages and reaching diverse segments of the population in ways that are meaningful and relevant. This includes conferring with the target audience, individuals who serve the target audience, and key stakeholders on the communication strategies and interventions that will be developed and on the delivery approaches that will be used to reach consumers. The formative research and testing activities described will help in the development of effective education and promotion tools and communication strategies.

Summary of Collection: This is an extension, without change, of a currently approved collection. In accordance with Section 16(h)(5) of the Food and Nutrition Act (FNA), as amended by section 4022 of the Agriculture Act of 2014, and 7 CFR 273.7(c)(17) the Department requires that State agencies report outcome data for the Supplemental Nutrition Employment Program (SNAP) Employment and Training (E&T) programs. In order for FNS to monitor the effectiveness of E&T programs State agencies are required to report outcome data on five separate reporting measures: (1) The number and percentage of E&T participants who retain employment 2 quarters and 4 quarters after completing E&T; (2) the median wages for participants with earnings 2 quarters after completion of E&T; (3) the number and percentage of participants that completed a training, education, work experience or on-the-job training component; (4) certain unique characteristics of SNAP E&T participants; and (5) additional reporting requirements for State agencies that pledge to serve all at-risk Able-bodied Adults without Dependents (ABAWDs). State agencies are also required to identify appropriate reporting measures for each proposed component that serves a threshold number of participants of at least 100 a year. State agencies identify the reporting measures for these components in State agencies' E&T plans and report the outcome data to the Food and Nutrition Service (FNS) through State agencies' annual reports. Foreign-Trade Zones Board

[B-58-2019]

Foreign-Trade Zone 262—Southaven, Mississippi; Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by the Northern Mississippi FTZ, Inc., grantee of FTZ 262, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or "usage-driven" FTZ sites for operators/users located within a grantee's "service area" in the context of the FTZ Board's standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on September 19, 2019.

FTZ 262 was approved by the FTZ Board on October 1, 2004 (Board Order 1353, 69 FR 60841, October 13, 2004) and expanded on December 21, 2005

(Board Order 1431, 70 FR 77374-77375, December 30, 2005).

The current zone includes the following site: *Site 1* (680 acres)—DeSoto Trade Center, located between Interstate 55 and US Highway 51 just south of Church Road, Southaven.

The grantee's proposed service area under the ASF would be DeSoto County, Mississippi, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The application indicates that the proposed service area is within and adjacent to the Memphis Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone to include its existing site as a "magnet" site. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 262's previously authorized subzones.

In accordance with the FTZ Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is November 25, 2019. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to December 9, 2019.

A copy of the application will be available for public inspection in the "Reading Room" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Camille Evans at Camille.Evans@trade.gov or (202) 482-2350.
