Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Alternative Pilot Physical Examination and Education Requirements

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval to renew an information collection. The Federal Aviation Administration Extension, Safety, and Security Act of 2016 was enacted on July 15, 2016. Section 2307 of FESSA, Medical Certification of Certain Small Aircraft Pilots, directed the FAA to

“issue or revise regulations to ensure that an individual may operate as pilot in command of a covered aircraft” without having to undergo the medical certification process prescribed by FAA regulations if the pilot and aircraft meet certain prescribed conditions as outlined in FESSA. This collection enables those eligible airmen to establish their eligibility with the FAA.

DATES: Written comments should be submitted by November 25, 2019.

ADDRESSES: Please send written comments:

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

OMB Control Number: 2120-0770.

Title: Alternative Pilot Physical Examination and Education Requirements.

Form Numbers: FAA forms 8700-2 and 8700-3.

Type of Review: Renewal.

Background: The FAA will use this information to determine that individual pilots have met the requirements of section 2307 of Public Law 114-190. It is important for the FAA to know this information as the vast majority of pilots conducting operations described in section 2307 of Public Law 114-190 must either hold a valid medical certificate or be conducting operations using the requirements of section 2307 as an alternative to holding a medical certificate.

The FAA published a final rule, Alternative Pilot Physical Examination and Education Requirements, to implement the provisions of section 2307, on January 11, 2017.

Respondents: Approximately 50,000 individuals.

Frequency: Course: Once every two years; medical exam: once every four years.

Estimated Average Burden per Response: 21 minutes.

Estimated Total Annual Burden: 17,500 hours.

Issued in Washington, DC on September 23, 2019.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2019-0159]

Parts and Accessories Necessary for Safe Operation; Vision Systems North America, Inc. Application for an Exemption

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: The Federal Motor Carrier Safety Administration (FMCSA) requests public comment on an exemption application from Vision Systems North America, Inc. (VSNA) to allow motor carriers to operate commercial motor vehicles (CMVs) equipped with the company’s Smart-Vision high definition camera monitoring system (Smart-Vision) as an alternative to the two rear-vision mirrors required by the Federal Motor Carrier Safety Regulations (FMCSRs). VSNA states that its Smart-Vision system provides the same functionality and view as traditional mirrors but with high-definition cameras and interior displays. VSNA believes the exemption would maintain a level of safety that is equivalent to, or greater than, the level of safety achieved without the exemption because the Smart-Vision system meets or exceeds the performance requirements for traditional mirrors under the National Highway Traffic Safety Administration (NHTSA)’s standards, which are cross-referenced by the FMCSRs.

DATES: Comments must be received on or before October 28, 2019.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) Docket ID FMCSA-2019-0159 using any of the following methods:
