rule remain unchanged since its publication on January 23, 2017. Based on the requirements of E.O. 13771, the $27.6 million annual savings attributed to fiscal year 2018 is now a regulatory cost for the current fiscal year.

List of Subjects in 30 CFR Parts 56 and 57
Metals, Mine safety and health, Reporting and recordkeeping requirements.

David G. Zatezalo,
Assistant Secretary of Labor for Mine Safety and Health Administration.

For the reasons set out in the preamble, and under the authority of the Federal Mine Safety and Health Act of 1977, as amended by the Mine Improvement and New Emergency Response Act of 2006, MSHA is amending chapter I of title 30 of the Code of Federal Regulations as follows:

PART 56—SAFETY AND HEALTH STANDARDS—SURFACE METAL AND NONMETAL MINES

§ 56.18002 Examination of working places.

(a) A competent person designated by the operator shall examine each working place at least once each shift before miners begin work in that place, for conditions that may adversely affect safety or health.

(1) The operator shall promptly notify miners in any affected areas of any conditions found that may adversely affect safety or health and promptly initiate appropriate action to correct such conditions.

(2) Conditions noted by the person conducting the examination that may present an imminent danger shall be brought to the immediate attention of the operator who shall withdraw all persons from the area affected (except persons referred to in section 104(c) of the Federal Mine Safety and Health Act of 1977) until the danger is abated.

(b) A record of each examination shall be made before the end of the shift for which the examination was conducted. The record shall contain the name of the person conducting the examination; date of the examination; location of all areas examined; and description of each condition found that may adversely affect the safety or health of miners.

(c) When a condition that may adversely affect safety or health is corrected, the examination record shall include, or be supplemented to include, the date of the corrective action.

(d) The operator shall maintain the examination records for at least one year, make the records available for inspection by authorized representatives of the Secretary and the representatives of miners, and provide these representatives a copy on request.

PART 57—SAFETY AND HEALTH STANDARDS—UNDERGROUND METAL AND NONMETAL MINES

§ 57.18002 Examination of working places.

(a) A competent person designated by the operator shall examine each working place at least once each shift before miners begin work in that place, for conditions that may adversely affect safety or health.

(1) The operator shall promptly notify miners in any affected areas of any conditions found that may adversely affect safety or health and promptly initiate appropriate action to correct such conditions.

(2) Conditions noted by the person conducting the examination that may present an imminent danger shall be brought to the immediate attention of the operator who shall withdraw all persons from the area affected (except persons referred to in section 104(c) of the Federal Mine Safety and Health Act of 1977) until the danger is abated.

(b) A record of each examination shall be made before the end of the shift for which the examination was conducted. The record shall contain the name of the person conducting the examination; date of the examination; location of all areas examined; and description of each condition found that may adversely affect the safety or health of miners.

(c) When a condition that may adversely affect safety or health is corrected, the examination record shall include, or be supplemented to include, the date of the corrective action.

(d) The operator shall maintain the examination records for at least one year, make the records available for inspection by authorized representatives of the Secretary and the representatives of miners, and provide these representatives a copy on request.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100
[Docket No. USCG–2019–0150]

Special Local Regulation; Kailua Bay, Ironman World Championship, Kailua-Kona, Hawaii

AGENCY: Coast Guard, DHS.
ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce a special local regulation for the Ironman Ho'ala practice swim and Ironman World Championship Triathlon on October 6 and October 12, 2019, to provide for the safety of life on navigable waterways during this event. Our regulation for marine events within the Fourteenth Coast Guard District identifies the regulated area for this event on certain waters of Kailua Bay, Kailua-Kona, Hawaii. During the enforcement periods, the operator of any vessel in the regulated area must comply with directions from the Patrol Commander or any Official Patrol vessel in the regulated area must display a Coast Guard ensign.

DATES: The regulations in 33 CFR 100.1402 will be enforced from 3:45 a.m. until 11 a.m. on October 6, 2019 and October 12, 2019.

FOR FURTHER INFORMATION CONTACT: If you have questions on this document, call or email Chief Jason Olney, Waterways Management Division, U.S. Coast Guard Sector Honolulu; telephone (808) 522–8265, email jason.r.olney@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the special local regulation for the Ironman Ho’ala practice swim and Ironman World Championship Triathlon on October 6 and October 12, 2019. The regulated area covers all navigable waters of Kailua Bay within 100 yards adjacent to the 2.4 mile (4,224 yard) marked race course located in navigable shallow ocean waters. Because of increased spectator pleasure craft drawn to support and view the Ironman swim event, spectator vessel traffic poses a significant safety hazard due to the limited maneuverability of swim participants and vessels navigating in close proximity to the designated area.

On April 18, 2019, the Coast Guard published a Notice of Proposed Rulemaking (NPRM) in the Federal Register (84 FR 16223) entitled “Special Local Regulation; Kailua Bay, Ironman World Championship, Kailua-Kona, Hawaii.” In the NPRM we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this swim event. During the comment period that ended May 18, 2019, we received four comments.

This annual event consists of a practice swim and then a race swim held on two consecutive weekends in October. This event is a world famous triathlon with participants coming from around the world to compete. The event occurs within the ocean waters of Kailua Bay, HI. Each swim event consists of 2,500 participants swimming a 2.4 mile (4,224 yard) marked race course located in navigable shallow ocean waters. Because of increased spectator pleasure craft drawn to support and view the Ironman swim event, spectator vessel traffic poses a significant safety hazard due to the limited maneuverability of swim participants and vessels navigating in close proximity to the designated area.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Due to the comments received during the comment period, the Coast Guard is unable to publish this final rule in time to meet the 30 day

Coast Guard

33 CFR Part 100
[Docket Number USCG–2019–0150]

RIN 1625–AA08

Special Local Regulation; Kailua Bay, Ironman World Championship, Kailua-Kona, Hawaii

AGENCY: Coast Guard, DHS.
ACTION: Final rule.

SUMMARY: The Coast Guard is establishing a recurring special local regulation for certain waters of Kailua Bay, Hawaii. This action is necessary to provide for the safety of life on these navigable waters located at Kailua-Kona, HI, during the swim portion of the Ironman World Championship Triathlon and practice swim held on consecutive weekends annually in October. On both days, the swim events are held from 3:45 a.m. to 11 a.m. This rulemaking prohibits persons and vessels from being in the regulated area each day of the event unless authorized by the Captain of the Port Honolulu.

DATES: This rule is effective September 30, 2019.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to https://www.regulations.gov, type USCG–2019–0150 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Chief Jason Olney, Waterways Management Division, U.S. Coast Guard Sector Honolulu; telephone (808) 522–8265, email jason.r.olney@uscg.mil.
