

the weight of the portfolio and the aggregate gross notional value of listed derivatives based on any single underlying reference asset not exceed 30% of the weight of the portfolio (including gross notional exposures). Instead, the Funds will hold listed derivatives primarily on a single reference asset, the Nasdaq-100 Index or the Russell 2000 Price Index.²⁸ Despite the exposure of the listed derivatives to a single reference asset, the Commission nevertheless believes that certain representations by the Exchange help to mitigate concerns about the prices of the Shares being susceptible to manipulation. Specifically, the Exchange represents that the market for options contracts for each Reference Index are liquid and derive their value from actively traded Reference Index components. Additionally, all of the options held by the Funds will trade on markets that are a member of ISG or affiliated with a member of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.²⁹

Additionally, in support of this proposal, the Exchange represents that:

(1) The Funds and the Shares will satisfy all of the requirements applicable to Managed Fund Shares under BZX Rule 14.11(i), as well as the Generic Listing Standards other than BZX Rule 14.11(i)(4)(C)(iv)(b).

(2) Trading in the Shares will be subject to the existing trading surveillances administered by the Exchange, as well as cross-market surveillances administered by FINRA, on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.

(3) For initial and continued listing, the Funds will be in compliance with Rule 10A-3 under the Act.³⁰

(4) A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange.³¹

This approval order is based on all of the Exchange's statements and representations, including those set forth above and in Amendment Nos. 2 and 3.

²⁸ The Funds also may invest in options overlying Reference ETFs. See *id.* at 15. The Exchange states that each of the applicable Reference Indexes meet the generic listing standards applicable to indexes underlying series of Index Fund Shares listed on the Exchange, which include diversity, liquidity, and market cap requirements that are designed to ensure that an underlying index is not susceptible to manipulation. See *id.* at 17, n.14.

²⁹ For a list of the current members of ISG, see www.isgportal.org.

³⁰ 17 CFR 240.10A-3.

³¹ See Amendment No. 2, *supra* note 5, at 20.

For the foregoing reasons, the Commission finds that the proposed rule change, as modified by Amendment Nos. 2 and 3 thereto, is consistent with Section 6(b)(5) of the Act³² and the rules and regulations thereunder applicable to a national securities exchange.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,³³ that the proposed rule change (SR-ChoeBZX-2019-067), as modified by Amendment Nos. 2 and 3, be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³⁴

Jill M. Peterson,

Assistant Secretary.
