

each selected establishment in the State on a regular basis to verify that the establishment is operating in a manner that is consistent with the FMIA or PPIA and the implementing regulations (9 CFR 332.7 and 381.517).

The approval for this information collection will expire on January 31, 2020. FSIS has reduced the estimated burden in this information collection by 1,272 hours due to a reduction in the number of participating States. FSIS has made the following estimates based on an information collection assessment.

Estimate of Burden: FSIS estimates that it will take each new State an average of 40 hours to prepare and submit a request to establish a cooperative interstate shipment program.

FSIS estimates that it will take each State 24 hours to prepare and submit an evaluation for each new establishment entering the program. FSIS estimates that States will submit approximately 3 evaluations per year.

FSIS estimates that 15 establishments per year, out of the current 60 participating establishments, will spend 16 hours to modify their recordkeeping procedures to comply with Federal standards and 5 minutes per establishment to file these records. The State will need to provide these records during the initial verification visit when the FSIS SEC verifies the State nomination to select the establishment into the program. FSIS estimates 15 minutes per establishment to provide the records for the verification assessment.

Respondents: States and establishments.

Estimated No. of Respondents: 7 states and 60 establishments.

Estimated No. of Annual Responses per Respondent: FSIS estimates there will be one request per each new State to establish a cooperative interstate shipment program per year. There will be a one-time modification of records for each newly selected establishment whose recordkeeping does not comply with all Federal standards. The total number of estimated annual responses is 777.

Estimated Total Annual Burden on Respondents: 733 hours.

SUPPLEMENTARY INFORMATION:

Background

On May 28, 2019, the Department of Commerce (Commerce) initiated less-than-fair-value (LTFV) investigations of imports of certain quartz surface products from India and Turkey.¹ Currently, the preliminary determinations are due no later than October 15, 2019.

Postponement of Preliminary Determinations

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in an LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.²

On September 16, 2019, the petitioner³ submitted timely requests that Commerce postpone the preliminary determinations in these LTFV investigations.⁴ The petitioner stated that it requested postponement because Commerce was still gathering data and questionnaire responses from
