

V. Authority and Signature

Loren Sweatt, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44 U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 1–2012 (77 FR 3912).

Signed at Washington, DC, on September 25, 2019.

Loren Sweatt,

Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510–26–P

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA–2019–008]

Renewal of State, Local, Tribal, and Private Sector Policy Advisory Committee

AGENCY: National Archives and Records Administration.

ACTION: Notice of Federal Advisory Committee charter renewal.

SUMMARY: NARA has renewed the charter for its State, Local, Tribal, and Private Sector Policy Advisory Committee (SLTPS–PAC). The General Services Administration included the SLTPS–PAC in NARA's ceiling of approved Federal advisory committees.

DATES: The charter will run for two years, until December 15, 2020.

ADDRESSES: NARA staff supporting the Committee are located at National Archives and Records Administration; 700 Pennsylvania Avenue, NW; Information Security Oversight Office; Washington, DC 20408.

FOR FURTHER INFORMATION CONTACT: Miranda Andreacchio, NARA Committee Management Officer, by telephone at 202–357–7467.

SUPPLEMENTARY INFORMATION: NARA determined that renewing the SLTPS–PAC was in the public interest due to the expertise and valuable advice the Committee members provide. NARA will use the Committee's recommendations on issues related to the Classified National Security Information Program for State, Local, Tribal, and Private Sector Entities.

NARA renewed the charter in accordance with provisions of section 9(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463, 5 U.S.C., App.). GSA approved the

SLTPS–PAC in accordance with Executive Order 13549.

David S. Ferriero,

Archivist of the United States.

BILLING CODE 7515–01–P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50–409 and 72–046; EA–19–077; NRC–2019–0110]

In the Matter of Dairyland Power Cooperative; La Crosse Boiling Water Reactor

AGENCY: U.S. Nuclear Regulatory Commission.

ACTION: Direct transfer of license; order.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing an order approving the direct transfer of Possession Only License No. DPR–45 for the La Crosse Boiling Water Reactor (LACBWR), with respect to NRC-licensed possession, maintenance, and decommissioning authorities, from the current holder, LaCrosseSolutions, LLC (LS), to Dairyland Power Cooperative (DPC), which held these authorities prior to transferring them to LS on June 1, 2016, and which is currently the licensed owner of LACBWR. The NRC is also amending the facility operating license for administrative purposes to reflect the license transfer from LS to DPC. The NRC determined that DPC is qualified to be the holder of the license and that the transfer of the license is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission. The Order approving the transfer of the LACBWR license to DPC became effective on September 24, 2019.

DATES: The Order was issued on September 24, 2019, and is effective for one year.

ADDRESSES: Please refer to Docket ID NRC–2019–0110 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2019–0110. Address questions about NRC docket IDs in *Regulations.gov* to Jennifer Borges; telephone: 301–287–9127; email: Jennifer.Borges@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to pdr.resource@nrc.gov. The license transfer Order, the NRC safety evaluation supporting the staff's findings, and the conforming license amendment are available in ADAMS under Accession Nos. ML19008A396, ML19008A397, and ML19008A394, respectively.

- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Marlayna Vaaler Doell, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–3178; email: marlayna.doell@nrc.gov.

SUPPLEMENTARY INFORMATION: The text of the Order is attached.

Dated at Rockville, Maryland, this 26th day of September, 2019.

For the Nuclear Regulatory Commission.

John W. Lubinski,

Director, Office of Nuclear Material Safety and Safeguards.

Attachment—Order Approving the Transfer of License and Conforming Amendment

UNITED STATES OF AMERICA NUCLEAR REGULATORY COMMISSION

In the Matter of LaCrosseSolutions, LLC, La Crosse Boiling Water Reactor EA–19–077

Docket Nos.: 50–409 and 72–046

License No.: DPR–45

ORDER APPROVING THE TRANSFER OF LICENSE AND CONFORMING AMENDMENT

I.

LaCrosseSolutions, LLC (LS) is the holder of Possession Only License No. DPR–45, with respect to the possession, maintenance, and decommissioning of the La Crosse Boiling Water Reactor (LACBWR). LACBWR was an Atomic Energy Commission (AEC) Demonstration Project Reactor that first achieved criticality in 1967, that commenced commercial operation in

November 1969, and that was capable of producing 50 megawatts of electricity. LACBWR is located on the east bank of the Mississippi River in Vernon County, Wisconsin, about 1 mile south of the Village of Genoa, Wisconsin, and approximately 19 miles south of the city of La Crosse, Wisconsin, and is collocated with the Genoa Generating Station (Genoa 3), which is a coal-fired power plant that is still in operation. The Allis-Chalmers Company was the original licensee of LACBWR; the AEC later sold the plant to the Dairyland Power Cooperative (DPC) and granted it Provisional Operating License No. DPR-45 on August 28, 1973.

LACBWR permanently ceased operations on April 30, 1987. DPC applied to amend the LACBWR license to a possession-only license on May 22, 1987, and completed reactor defueling on June 11, 1987. In a letter dated August 4, 1987, the NRC terminated DPC's authority to operate LACBWR and granted the licensee possess-but-not-operate status. By letter dated August 18, 1988, the NRC amended DPC's license to reflect the permanently defueled configuration at LACBWR.

The NRC issued an order authorizing the decommissioning of LACBWR and approving the licensee's proposed Decommissioning Plan (DP) on August 7, 1991. Because the NRC approved DPC's DP before August 28, 1996 (the effective date of an NRC final rule concerning power reactor decommissioning (61 FR 39278; July 29, 1996)), the DP is considered the Post-Shutdown Decommissioning Activities Report (PSDAR) for LACBWR. The PSDAR public meeting was held on May 13, 1998, and subsequent updates to the LACBWR decommissioning report have combined the DP and PSDAR into the "LACBWR Decommissioning Plan and Post-Shutdown Decommissioning Activities Report." DPC constructed an onsite Independent Spent Fuel Storage Installation (ISFSI) and completed the movement of all 333 spent nuclear fuel elements from the Fuel Element Storage Well to dry cask storage at the ISFSI by September 19, 2012.

By order dated May 20, 2016, the NRC approved the direct transfer of Possession Only License No. DPR-45 for LACBWR from DPC to LS, a wholly-owned subsidiary of EnergySolutions, LLC, which was created for the sole purpose of completing the dismantlement and remediation activities at the LACBWR site. The order was published in the **Federal Register** on June 2, 2016 (81 FR 35383). The transfer assigned DPC's NRC-licensed possession, maintenance, and decommissioning authorities for

LACBWR to LS in order to implement expedited decommissioning at the LACBWR site. Final decommissioning activities at LACBWR are scheduled to be completed in 2019 and the LACBWR License Termination Plan (LTP) was approved by the NRC on May 21, 2019.

II.

By letter dated June 27, 2018 (Agencywide Documents Access and Management System (ADAMS) Accession No. ML18184A444), as supplemented by letter dated December 3, 2018 (ADAMS Accession No. ML18341A138), LS and DPC (collectively, the applicants) submitted an application, pursuant to Section 184 of the Atomic Energy Act of 1954, as amended, and Section 50.80, "Transfer of licenses," of Title 10 of the *Code of Federal Regulations* (10 CFR), requesting NRC consent for the direct transfer of LS's Possession Only License No. DPR-45 for LACBWR to DPC. Specifically, LS intends to transfer its NRC-licensed possession, maintenance, and decommissioning authorities back to DPC upon the completion of decommissioning activities at the LACBWR site.

DPC is currently the licensed owner of LACBWR; it holds title to and ownership of the real estate encompassing most of the LACBWR site, as well as leasehold interests for the remaining portions of the site; title to and ownership of the spent nuclear fuel; and title to and ownership of all improvements at the LACBWR site. LS currently maintains a lease for the above-ground LACBWR structures (other than the LACBWR ISFSI) and previously assumed responsibility for all NRC-licensed activities at the LACBWR site, including responsibility under the license to complete decommissioning. LS will relinquish any remaining lease rights it holds at the site upon the completion of decommissioning.

Upon the execution of the license transfer, DPC will maintain the onsite ISFSI and the ultimate disposition of the spent nuclear fuel will be provided for under the terms of DPC's Standard Contract for Disposal of Spent Nuclear Fuel and/or High Level Waste with the U.S. Department of Energy. DPC will also continue to maintain its nuclear decommissioning trust, an external trust in which funds are segregated from its assets and outside its administrative control, in accordance with the requirements of 10 CFR 50.75(e)(1).

The application also requested approval of a conforming amendment to the license pursuant to 10 CFR 50.80 and 10 CFR 50.90, "Application for

amendment of license, construction permit, or early site permit." No physical or operational changes to the facility were requested beyond those encompassed in the LACBWR PSDAR and LTP. Notice of the application was published in the **Federal Register** on October 11, 2018 (83 FR 51509). The supplemental letter dated December 3, 2018, provided additional information that clarified the application, did not expand the scope of the application as originally noticed, and did not change the NRC staff's no significant hazards consideration determination. No requests for hearing or comments were received.

Pursuant to 10 CFR 50.80, no license, or any right thereunder, shall be transferred, either voluntarily or involuntarily, directly or indirectly, through transfer of control of the license to any person, unless the Commission gives its consent in writing. Upon review of the information in the application and other information before the Commission, and relying upon the representations and agreements contained in the application, the NRC staff has determined that DPC is qualified to be the holder of the license and that the transfer of the license to DPC, as described in the application, is otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission pursuant thereto, subject to the condition set forth below.

Upon review of the application for a conforming amendment to the LACBWR license to reflect the transfer to DPC, the NRC staff determined the following:

(1) The application for the proposed license amendment complies with the standards and requirements of the Atomic Energy Act of 1954, as amended (the Act), and the Commission's rules and regulations set forth in 10 CFR Chapter I.

(2) There is reasonable assurance that the activities authorized by the proposed license amendment can be conducted without endangering the health and safety of the public, and that such activities will be conducted in compliance with the Commission's regulations.

(3) The issuance of the proposed license amendment will not be inimical to the common defense and security or to the health and safety of the public.

(4) The issuance of the proposed license amendment is in accordance with 10 CFR part 51, "Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions," of the Commission's

regulations and all applicable requirements have been satisfied.

The findings set forth above are supported by an NRC safety evaluation dated September 24, 2019, which is available at ADAMS Accession No. ML19008A397.

III.

Accordingly, pursuant to Sections 161b, 161i, and 184 of the Act, 42 U.S.C. Sections 2201(b), 2201(i), and 2234; and 10 CFR 50.80, *it is hereby ordered* that the transfer of the license, as described herein, to DPC is approved, subject to the following condition:

Prior to the closing of the license transfer from LS to DPC, DPC shall provide satisfactory documentary evidence to the Director of the Office of Nuclear Material Safety and Safeguards (NMSS) at the NRC that it has obtained or continues to possess the appropriate amount of insurance required of a licensee under 10 CFR 140.12 and 10 CFR 50.54(w) of the Commission's regulations, consistent with the exemptions issued to LACBWR on June 26, 1986, and July 24, 2018.

It is further ordered that, consistent with 10 CFR 2.1315(b), the license amendment that makes changes, as indicated in Enclosure 2 to the cover letter forwarding this Order, to conform the license to reflect the subject direct license transfer is approved. The amendment shall be issued and made effective at the time the proposed direct license transfer is completed.

It is further ordered that, after receipt of all required regulatory approvals of the proposed direct license transfer, DPC shall inform the Director of NMSS in writing of such receipt, and of the date of closing of the transfer, no later than 2 business days prior to the date of closing of the direct license transfer. Should the proposed direct license transfer not be completed within 1 year of this Order's date of issuance, this Order shall become null and void; provided, however, that upon written application and for good cause shown, such date may be extended by order. This Order is effective upon issuance.

For further details with respect to this Order, see the application dated June 27, 2018, as supplemented by letter dated December 3, 2018, and the associated NRC safety evaluation dated September 24, 2019, which are available for public inspection at the Commission's Public Document Room (PDR), located at One White Flint North, Public File Area O1-F21, 11555 Rockville Pike (first floor), Rockville, Maryland. Publicly available documents created or received at the NRC are accessible electronically through ADAMS in the NRC Library at [http://](http://www.nrc.gov/reading-rm/adams.html)

www.nrc.gov/reading-rm/adams.html. Persons who encounter problems with ADAMS should contact the NRC's PDR reference staff by telephone at 1-800-397-4209 or 301-415-4737 or by email to pdr.resource@nrc.gov.

Dated at Rockville, Maryland this 24th day of September 2019.

For The Nuclear Regulatory Commission,
John W. Lubinski,
Director, Office of Nuclear Material Safety and Safeguards.

BILLING CODE 7590-01-P

POSTAL REGULATORY COMMISSION

[Docket Nos. MC2019-204 and CP2019-226; MC2019-205 and CP2019-227; MC2019-206 and CP2019-228]

New Postal Products

AGENCY: Postal Regulatory Commission.
ACTION: Notice.

SUMMARY: The Commission is noticing a recent Postal Service filing for the Commission's consideration concerning negotiated service agreements. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* October 3, 2019.

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at <http://www.prc.gov>. Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202-789-6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Docketed Proceeding(s)

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the market dominant or the competitive product list, or the modification of an existing product currently appearing on the market dominant or the competitive product list.

Section II identifies the docket number(s) associated with each Postal

Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3007.301.¹

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern market dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39 U.S.C. 3642, 39 CFR part 3010, and 39 CFR part 3020, subpart B. For request(s) that the Postal Service states concern competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3015, and 39 CFR part 3020, subpart B. Comment deadline(s) for each request appear in section II.

II. Docketed Proceeding(s)

1. *Docket No(s):* MC2019-204 and CP2019-226; *Filing Title:* USPS Request to Add Priority Mail Express & Priority Mail Contract 99 to Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* September 25, 2019; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3020.30 *et seq.*, and 39 CFR 3015.5; *Public Representative:* Christopher C. Mohr; *Comments Due:* October 3, 2019.

2. *Docket No(s):* MC2019-205 and CP2019-227; *Filing Title:* USPS Request to Add Priority Mail Contract 552 to Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* September 25, 2019; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3020.30 *et seq.*, and 39 CFR 3015.5; *Public Representative:* Christopher C. Mohr; *Comments Due:* October 3, 2019.

3. *Docket No(s):* MC2019-206 and CP2019-228; *Filing Title:* USPS Request to Add First-Class Package Service Contract 104 to Competitive Product

¹ See Docket No. RM2018-3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19-22 (Order No. 4679).
