BILLING CODE 3290–F9–C

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****Notice of Request To Release Airport Property for Land Disposal**

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of Request to Rule on Release of Airport Property for Land Disposal at the Malden Regional Airport & Industrial Park (MAW), Malden, Missouri.

SUMMARY: The FAA proposes to rule and invites public comment on the release of land at the Malden Regional Airport & Industrial Park (MAW), Malden, Missouri.

DATES: Comments must be received on or before November 1, 2019.

ADDRESSES: Comments on this application may be mailed or delivered to the FAA at the following address: Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE–620G, 901 Locust, Room 364, Kansas City, MO 64106.

In addition, one copy of any comments submitted to the FAA must

be mailed or delivered to: David Blalock, Airport Manager, City of Malden Regional Airport & Industrial Park, 3077 Mitchell Drive, P.O. Box 411, Malden, MO 63863-0411, (573) 276-2279.

FOR FURTHER INFORMATION CONTACT:

Amy J. Walter, Airports Land Specialist, Federal Aviation Administration, Airports Division, ACE-620G, 901 Locust, Room 364, Kansas City, MO 64106, (816) 329-2603, amy.walter@faa.gov. The request to release property may be reviewed, by appointment, in person at this same location.

SUPPLEMENTARY INFORMATION: The FAA invites public comment on the request to release two tracts of land approximately 2.44 acres and 9.79 acres each, of airport property at the Malden Regional Airport & Industrial Park (MAW) under the provisions of 49 U.S.C. 47107(h)(2). This is a Surplus Property Airport. On May 21, 2019, the Airport Manager of the City of Malden requested a release from the FAA to sell two tracts of land, 2.44 acres and 9.79 acres each. Buyer, Walt Construction, LLC, will use the land for development. On September 25, 2019, the FAA determined that the request to release property at the Malden Regional Airport & Industrial Park (MAW) submitted by the Sponsor meets the procedural requirements of the Federal Aviation Administration and the release of the property does not and will not impact future aviation needs at the airport. The FAA may approve the request, in whole or in part, no sooner than thirty days after the publication of this notice.

The following is a brief overview of the request:

The Malden Regional Airport & Industrial Park (MAW) is proposing the release of airport property containing two tracts of land, 2.44 acres and 9.79 acres each, more or less. The release of land is necessary to comply with Federal Aviation Administration Grant Assurances that do not allow federally acquired airport property to be used for non-aviation purposes. The sale of the subject property will result in the land at the Malden Regional Airport & Industrial Park (M) being changed from aeronautical to non-aeronautical use and release the lands from the conditions of the Airport Improvement Program Grant Agreement Grant Assurances in order to dispose of the land. In accordance with 49 U.S.C. 47107(c)(2)(B)(i) and (iii), the airport will receive fair market value for the property, which will be subsequently reinvested in another eligible airport improvement project for general aviation use.

Any person may inspect, by appointment, the request in person at the FAA office listed above under **FOR FURTHER INFORMATION CONTACT**. In addition, any person may, upon appointment and request, inspect the application, notice and other documents determined by the FAA to be related to the application in person at the Malden City Hall.

Issued in Kansas City, MO on September 25, 2019.

Jim A. Johnson,

Director, FAA Central Region, Airports Division.

Federal Aviation Administration

Notice of Submission Deadline for Schedule Information for Newark Liberty International Airport for the Summer 2020 Scheduling Season

AGENCY: Department of Transportation, Federal Aviation Administration (FAA).

ACTION: Notice of submission deadline.

SUMMARY: Under this notice, the FAA announces the submission deadline of October 3, 2019, for Summer 2020 flight schedules at Newark Liberty International Airport (EWR). The deadline coincides with the schedule submission deadline for the International Air Transport Association (IATA) Slot Conference for the Summer 2020 scheduling season.

DATES: Schedules must be submitted no later than October 3, 2019.

ADDRESSES: Schedules may be submitted by mail to the Slot Administration Office, AGC-200, Office of the Chief Counsel, 800 Independence Avenue SW, Washington, DC 20591; facsimile: 202-267-7277; or by email to: 7-AWA-slotadmin@faa.gov.

FOR FURTHER INFORMATION CONTACT: Al Meilus, Manager (Acting), Slot Administration Office, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone (202) 267-2822; email Al.Meilus@faa.gov.

SUPPLEMENTARY INFORMATION: This document provides routine notice to carriers serving EWR, one of the capacity-constrained airports in the United States, of the upcoming schedule submission deadline for Summer 2020. The FAA has designated EWR as an IATA Level 2 airport consistent with the

Worldwide Slot Guidelines (WSG).^{1,2} A separate schedule submission notice for John F. Kennedy International Airport (JFK), Los Angeles International Airport (LAX), Chicago O'Hare International Airport (ORD), and San Francisco International Airport (SFO) was published in the **Federal Register** on September 27, 2019 (84 FR 51222).

General Information for EWR in the Summer 2020 Season

For the Summer 2020 scheduling season at EWR, the FAA is primarily concerned about scheduled and other regularly conducted commercial operations from 0600 to 2300 Eastern Time (1000 to 0300 UTC). Carriers may submit schedules for the entire day in addition to the identified hours. Carriers should submit schedule information in sufficient detail including, at minimum, the marketing or operating carrier, flight number, scheduled time of operation, frequency, aircraft equipment, and effective dates. IATA standard schedule information format and data elements for communications at Level 2 airports in the IATA Standard Schedules Information Manual (SSIM) Chapter 6 may be used. The WSG provides additional information on schedule submissions at Level 2 airports.

The U.S. Summer 2020 scheduling season is from March 29, 2020, through October 24, 2020, in recognition of the IATA northern Summer scheduling period.

As stated in the WSG, schedule facilitation at a Level 2 airport is based on the following: (1) Schedule adjustments are mutually agreed upon between the airlines and the facilitator; (2) the intent is to avoid exceeding the airport's coordination parameters; (3) the concepts of historic precedence and series of slots do not apply at Level 2 airports; although WSG recommends giving priority to approved services that plan to operate unchanged from the previous equivalent season at Level 2 airports; and (4) the facilitator should adjust the smallest number of flights by the least amount of time necessary to avoid exceeding the airport's coordination parameters. Consistent with the WSG, the success of Level 2 in the U.S. depends on the voluntary cooperation of all carriers.

The FAA considers several factors and priorities as it reviews schedule

¹ This designation remains effective until the FAA announces a change in the **Federal Register**.

² The FAA applies the WSG to the extent there is no conflict with U.S. law or regulation. The FAA is reviewing recent substantive amendments to the WSG adopted in version 10 (Aug. 1, 2019) and considering whether to implement certain changes in the U.S.
