Continuation of the Orders

U.S. Customs and Border Protection will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year (sunset) reviews of these *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Fine Denier Polyester Staple Fiber (PSF) From the Republic of Korea: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On August 23, 2019, the Department of Commerce (Commerce) published the initiation and preliminary results of the changed circumstances review (CCR) of the antidumping duty (AD) order on fine denier polyester staple fiber (PSF) from the Republic of Korea (Korea). For these final results, Commerce continues to find that Toray Advanced Materials Korea, Inc. (TAK) is the successor-in-interest to Toray Chemical Korea, Inc. (TCK).

DATES: Applicable October 2, 2019.

FOR FURTHER INFORMATION CONTACT: Thomas Hanna, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-4682.

SUPPLEMENTARY INFORMATION:

Background

On May 23, 2019, TAK requested that, pursuant to section 751(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.216(b), Commerce conduct a CCR of the AD order on PSF from Korea.¹ In its request, TAK argued that it is the successor-in-interest to its wholly-owned subsidiary TCK and, accordingly, Commerce should assign it

the cash deposit rate established for TCK.² TAK stated that, in April 2019, TAK merged with TCK and, as a result of the merger, TAK assumed all of TCK's assets, rights, and liabilities.³

On August 23, 2019, Commerce published the notice of initiation and preliminary results for this CCR, determining that TAK is the successor-in-interest to TCK.⁴ In the *Initiation and Preliminary Results*, we provided all interested parties an opportunity to comment and to request a public hearing regarding our preliminary finding that TAK is the successor-in-interest to TCK.⁵ We received no comments or requests for a public hearing from interested parties within the time period set forth in the *Initiation and Preliminary Results*.⁶

Scope of the Order

The merchandise covered by the order is fine denier polyester staple fiber (fine denier PSF), not carded or combed, measuring less than 3.3 decitex (3 denier) in diameter. The scope covers all fine denier PSF, whether coated or uncoated. Fine denier PSF is classifiable under the HTSUS subheading 5503.20.0025. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Final Results of CCR

For the reasons stated in the *Initiation and Preliminary Results*, and because we received no comments from interested parties to the contrary, Commerce continues to find that TAK is the successor-in-interest to TCK. As a result of this determination and consistent with established practice, we find that TAK should receive the cash deposit rate assigned to TCK. Consequently, Commerce will instruct U.S. Customs and Border Protection to suspend entries of subject merchandise produced or exported by TAK at TCK's current cash deposit rate of 0.00 percent.⁷ This cash deposit requirement will be effective upon the publication date of our final results for this CCR and

SUMMARY: As a result of these sunset reviews, the Department of Commerce (Commerce) finds that revocation of the antidumping duty orders on welded stainless steel pressure pipe (WSSPP) from Malaysia, Thailand, and the Socialist Republic of Vietnam (Vietnam) would be likely to lead to continuation or recurrence of dumping, at the levels identified in the “Final Results of Sunset Reviews” section of this notice.
