SUPPLEMENTARY INFORMATION: FSA is assessing mandatory and potential discretionary changes to CRP resulting from the passage of the 2018 Farm Bill, by preparing a PEA to provide FSA decisionmakers, other agencies, Tribes, and the public with an analysis that evaluates effects in appropriate contexts, describes the intensity of adverse as well as beneficial impacts, and addresses cumulative environmental impacts associated with proposed programmatic changes to these programs. CRP was first

authorized in the Food Security Act of 1985 (Pub. L. 99–198, 99 Stat. 1509–1514, 16 U.S.C. 3831–3835), and is governed by regulations in 7 CFR part 1410. CRP is a voluntary program that supports the implementation of long-term conservation measures designed to improve the quality of ground and surface waters, control soil erosion, and enhance wildlife habitat on environmentally sensitive agricultural land. In return, CCC provides participants with rental payments and cost share assistance under contracts that extend from 10 to 15 years. CRP is a CCC program administered by FSA with the support of other Federal, State, and local agencies and organizations. More information on CRP is available at: <https://www.fsa.usda.gov/programs-and-services/conservation-programs/conservation-reserve-program/index>.

The CRP draft PEA is available at: <https://www.fsa.usda.gov/programs-and-services/environmental-cultural-resource/nepa/current-nepa-documents/index>. The availability of the CRP draft PEA was announced on September 27, 2019, through an FSA news release; that announcement started the 30-day public comment period.

The draft PEA evaluates No Action and Proposed Action Alternatives to ensure the full range of mandatory and potential discretionary alternatives and impacts are analyzed. The alternatives and impacts included in the draft PEA will be amended, as appropriate, based on input from the public, other agencies, and Tribes submitted during this comment period, in the final PEA and FSA's decision document, which will be made available at the site listed above under Addresses.

SUPPLEMENTARY INFORMATION:

Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 *et seq.*), the Office of Information and Regulatory Affairs designated this notice as major, as defined by 5 U.S.C. 804(2).

Background

The Agriculture Improvement Act of 2018 (Pub. L. 115–334, 2018 Farm Bill)

was signed into law by the President on December 20, 2018. The Farm Bill included several statutory provisions affecting the CF and WWD Programs.

Rural Area Population Threshold

Section 6402 of the Farm Bill amended section 343(a)(13) of the Consolidated Farm and Rural Development Act (CONACT) to change the eligible population threshold in the definition of “rural” and “rural area” for the CF and WWD Guaranteed Loan Programs to 50,000. As a result of this amended definition, § 343(a)(13)(D) “Areas Rural in Character” is also applicable to CF and WWD Guaranteed Loans, but this portion of the definition has been determined to not be self-executing and, therefore, will be implemented through the rulemaking process consistent with Administrative Procedure Act requirements. While the guaranteed programs generally are available in more highly populated rural areas, Section 306(a)(24) of the CONACT was amended to establish a reservation of funds for CF Guaranteed Loans for projects in rural areas with a population of not more than 20,000 inhabitants and to provide a prioritization for WWD Guaranteed Loans for rural areas with a population of not more than 10,000 people.

CF Guaranteed Loans

Section 6402 of the 2018 Farm Bill amended § 343(a)(13) of the CONACT to define a rural area for CF Guaranteed loans as “an area other than (i) a city or town that has a population of greater than 50,000 inhabitants; and (ii) any urbanized area contiguous and adjacent to a city or town described in clause (i).” Applications for CF Guaranteed Loan funds for projects in rural areas with a population up to 50,000 may be submitted to RHS in accordance with 7 CFR 3575.52 for processing. Pursuant to Section 6402 of the 2018 Farm Bill and Section 306(a)(24) of the CONACT, guarantee funds appropriated during the fiscal year (including FY 2020) will be reserved for projects in rural areas with a population of not more than 20,000 inhabitants based on the following reservation of funds schedule:

- (1) 100 percent of the first \$200,000,000 so made available;
- (2) 50 percent of the next \$200,000,000 so made available; and
- (3) 25 percent of all amounts exceeding \$400,000,000 so made available.

Based on the reservation of funds schedule outlined above, applications received where no funds are available (*i.e.* applications for projects in areas with more than 20,000 inhabitants, but
