Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on September 3, 2019, the Canadian National Railway (CN) petitioned the Federal Railroad Administration (FRA) to extend and modify a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 229. Specifically, CN seeks to extend its waiver for 81 carbody style locomotives (BCOL 4601–4626 and CN 2400–2454) that are not equipped with a brake valve adjacent to each end exit door. CN also requests relief from a condition of the original waiver which required such locomotives to be captive to CN’s system while operated in the United States. FRA assigned the petition Docket Number FRA–1999–5756.

CN explains that all locomotives covered under its request are equipped with a rear walkway from which the engineer may be directed during a reverse movement. CN further states it has been complying with the existing conditions of the waiver and is not aware of any operational problems with these locomotives while in service in the United States. A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Issued in Washington, DC.

Associate Administrator for Railroad Safety, Chief Safety Officer.

Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect. 5 CFR 1320.12(c); see also 60 FR 44983, Aug. 29, 1995.

Title: Public Transportation Emergency Relief Program.

OMB Control Number: 2132–0575.

Type of Request: Renewal of a previously approved information collection.

Abstract: Since the authorization of the Public Transportation Emergency Relief Program in 2012, Congress has appropriated funds three times for transit agencies affected by disaster. The first appropriation of funds for the program was in 2013 following Hurricane Sandy, for which the President declared a major disaster for areas of 12 States and the District of Columbia. Under the Disaster Relief Appropriations Act (Pub. L. 113–2), Congress provided $10.9 billion for FTA’s Emergency Relief Program for recovery, relief, and resilience efforts in the counties specified in the disaster declaration. Approximately $10.0 billion remained available after implementation of the Balanced Budget and Emergency Deficit Control Act of 2011 (Pub. L. 112–25) and after intergovernmental transfers to other bureaus and offices within DOT. FTA has allocated the full amount in multiple tiers for response, recovery and rebuilding; for locally prioritized resilience projects, and for competitively selected resilience projects.

The second appropriation of funds for the Emergency Relief Program was in 2018 following Hurricanes Harvey, Irma, and Maria, for which the President declared major disasters in areas of Florida, Georgia, Louisiana, Puerto Rico, South Carolina, Texas, and the U.S. Virgin Islands. Under the Bipartisan Budget Act of 2018 (Pub. L. 115–123), Congress provided $330 million for FTA’s Emergency Relief Program for transit systems affected by Hurricanes Harvey, Irma, and Maria. On May 31, 2018 FTA allocated $277.5 million for response, recovery, rebuilding, and resilience projects.

The third appropriation of funds for the Emergency Relief Program was in 2019. Under the Additional Supplemental Appropriations for Disaster Relief Act of 2019, Congress appropriated $10.5 million for FTA’s Emergency Relief Program for transit systems affected by major declared disasters occurring in calendar year 2018.

Respondents: States, local governmental authorities, Indian tribes and other FTA recipients impacted by Hurricane Sandy which affected mid-Atlantic and northeastern states in October 2012; Hurricane Harvey which affected areas of Texas and Louisiana in August 2017; and Hurricanes Irma and Maria which affected the southeastern states and the territories of the Puerto Rico and the U.S. Virgin Islands in September 2017, and by major declared disasters occurring in calendar year 2018.

Estimated Annual Number of Respondents: 26.

Estimated Total Annual Burden: 4,680 hours.

Frequency: Annually.

Nadine Pembleton, Director Office of Management Planning.
