Overview of This Information Collection

1. *Type of information collection:* Renewal of a Currently Approved Collection.

2. *The title of the form/collection:* Electronic Applications for the Attorney Student Loan Repayment Program.

3. *The agency form number, if any, and the applicable component of the department sponsoring the collection:* There is no agency form number for this collection. The applicable component within the Department of Justice is the Office of Attorney Recruitment and Management, Justice Management Division, U.S. Department of Justice.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Primary: Individuals or households. Other: None. The Department of Justice Attorney Student Loan Repayment Program (ASLRP) is an agency recruitment and retention incentive program based on 5 U.S.C. 5379, as amended, and 5 CFR part 537. Individuals currently employed as a

DOJ attorney and incoming hires for attorney positions within the Department may request consideration for the ASLRP. The Department selects new participants during an annual open season each spring and renews current beneficiaries (DOJ employees) who remain qualified for these benefits, subject to availability of funds. There are two application forms—one for new requests, and the other for renewal requests. A justification form (applicable to new requests only) and a loan continuation form complete the collection. The “new request” form is submitted voluntarily, by current DOJ employees as well as by incoming DOJ attorney hires who, if selected, do not receive benefits until they are a DOJ employee. Renewal requests are submitted by only by current DOJ employees—no non-employees would qualify.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond/reply:* The Department anticipates about 275 respondents annually will complete the new request form and justification form and apply for participation in the ASLRP. Of those, an average of 10 or less are incoming attorney hires who have not yet entered on duty with the DOJ. In addition, each year the Department expects to receive approximately 110 applications from current employees (DOJ attorneys) requesting renewal of the benefits they received in the preceding year. It is estimated that each new request (including justification) will take two (2) hours to complete, and each renewal request approximately 20 minutes to complete.

6. *An estimate of the total public burden (in hours) associated with the collection:*

a. The estimated burden associated with this collection is 586 hours, 40 minutes. It is estimated that new applicants will take 2 hours to complete the request form and justification and that previously selected recipients requesting continued funding will take 20 minutes to complete a renewal form. The burden hours for collecting respondent data, 586 hours, 40 minutes, are calculated as follows: 275 new respondents × 2 hours = 550 hours, plus 110 renewing respondents × 20 minutes = 36 hours, 40 minutes.

b. An estimate of the *public* burden focusing only incoming hires and excluding current DOJ employees is 20 hours, calculated as follows: 10 new respondents (incoming hires) × 2 hours = 20 hours.

DEPARTMENT OF LABOR

[Agency Docket Number DOL-2019-0005]

Child Labor, Forced Labor, and Forced or Indentured Child Labor in the Production of Goods in Foreign Countries and Efforts by Certain Foreign Countries To Eliminate the Worst Forms of Child Labor

AGENCY: The Bureau of International Labor Affairs, United States Department of Labor.

ACTION: Notice; request for information and invitation to comment.

SUMMARY: This notice is a request for information and/or comment on three reports issued by the Bureau of International Labor Affairs (ILAB) regarding child labor and forced labor in certain foreign countries. Relevant information submitted by the public will be used by the Department of Labor (DOL) in preparing its ongoing reporting as required under Congressional mandates and a Presidential directive. The 2018 Findings on the Worst Forms of Child Labor report (TDA Report), published on September 27, 2019, discusses efforts of 131 countries and territories to eliminate the worst forms of child labor over the course of 2018 and assesses whether countries made significant, moderate, minimal, or no advancement during that year to address the worst forms of child labor. It also suggests actions foreign countries can take to eliminate the worst forms of child labor through legislation, enforcement, coordination, policies, and social programs. The 2018 edition of the List of Goods Produced by Child Labor or Forced Labor (TVPRA List), published on September 20, 2018, makes available to the public a list of goods from countries that ILAB has reason to believe are produced by child labor or forced labor in violation of international standards. Finally, the List of Products Produced by Forced or Indentured Child Labor (E.O. 13126 List), provides a list of products, identified by country of origin, that

DOL, in consultation and cooperation with the Departments of State (DOS) and Homeland Security (DHS), has a reasonable basis to believe might have been mined, produced, or manufactured with forced or indentured child labor. Relevant information submitted by the public will be used by DOL in preparing the next edition of the TDA Report, to be published in 2020; the next edition of the TVPRA List, to be published in 2020; and possible updates to the E.O. 13126 List as needed.

DATES: Submitters of information are requested to provide their submission to DOL's Office of Child Labor, Forced Labor, and Human Trafficking (OCFT) at the email or physical address below by 5 p.m. on January 13, 2020.

SUPPLEMENTARY INFORMATION:

I. The Trade and Development Act of 2000 (TDA), Public Law 106-200 (2000), established eligibility criteria for receipt of trade benefits under the Generalized System of Preferences (GSP). The TDA amended the GSP reporting requirements of Section 504 of the Trade Act of 1974, 19 U.S.C. 2464, to require that the President's annual report on the status of internationally recognized worker rights include "findings by the Secretary of Labor with respect to the beneficiary country's implementation of its international commitments to eliminate the worst forms of child labor."

The TDA Conference Report clarifies this mandate, indicating that the President consider the following when considering whether a country is complying with its obligations to eliminate the worst forms of child labor: "(1) whether the country has adequate laws and regulations proscribing the worst forms of child labor; (2) whether the country has adequate laws and regulations for the implementation and enforcement of such measures; (3) whether the country has established formal institutional mechanisms to investigate and address complaints relating to allegations of the worst forms of child labor; (4) whether social programs exist in the country to prevent the engagement of children in the worst forms of child labor, and to assist with the removal of children engaged in the worst forms of child labor; (5) whether the country has a comprehensive policy for the elimination of the worst forms of child labor; and (6) whether the country is making *continual progress* toward eliminating the worst forms of child labor." (H. Conf. Rept. 106-606, May 4, 2000, p. 124).

DOL fulfills this reporting mandate through annual publication of the U.S. Department of Labor's Findings on the Worst Forms of Child Labor report with respect to countries eligible for GSP. To access the 2018 TDA Report, please visit <https://www.dol.gov/agencies/ilab/resources/reports/child-labor/findings/>.

II. Section 105(b) of the Trafficking Victims Protection Reauthorization Act of 2005 ("TVPRA of 2005"), Public Law 109-164 (2006), 22 U.S.C 7112(b), as amended by Section 133 of the Frederick Douglass Trafficking Victims Prevention and Protection Reauthorization Act of 2018, Public Law 115-425, directs the Secretary of Labor, acting through ILAB, to "develop and make available to the public a list of goods from countries that ILAB has reason to believe are produced by forced labor or child labor in violation of international standards, including, to the extent practicable, goods that are produced with inputs that are produced with forced labor or child labor." (TVPRA List).

Pursuant to its mandate under the TVPRA of 2005, on December 27, 2007, DOL published in the **Federal Register** a set of procedural guidelines that ILAB follows in developing the TVPRA List (72 FR 73374). The guidelines set forth the criteria by which information is evaluated; established procedures for public submission of information to be considered by ILAB; and identified the process ILAB follows in maintaining and updating the TVPRA List after its initial publication.
