Abstract: The National Emission Standards for Hazardous Air Pollutants (NESHAP) for Phosphoric Acid Manufacturing and Phosphate Fertilizers Production (40 CFR part 63, subparts AA and BB) were proposed on December 27, 1996, promulgated on

June 10, 1999, and amended on: June 12, 2002; April 20, 2006, August 19, 2015, and September 28, 2017. Owners and operators of affected facilities are required to comply with reporting and record-keeping requirements for the General Provisions (40 CFR part 63, subpart A), as well as for the specific requirements at 40 CFR part 63 subparts AA and BB. This includes submitting initial notifications, performance tests and periodic reports and results, and maintaining records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. These reports are used by EPA to determine compliance with these standards.

Form Numbers: None.

Respondents/affected entities: Phosphoric acid and phosphate fertilizer production facilities.

Respondent's obligation to respond: Mandatory (40 CFR part 63).

Estimated number of respondents: 13 (total).

Frequency of response: Quarterly and semiannually.

Total estimated burden: 2,200 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$441,000 (per year), which includes \$186,000 in annualized capital/startup and/or operation & maintenance costs.

Changes in the Estimates: There is no change in the labor hours in this ICR compared to the previous ICR. This is due to a zero-growth rate for the industry.

Director, Regulatory Support Division.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 and Table 1A of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). of Receipt of Requests from the registrants listed in Table 2 of Unit II. to voluntarily cancel these product registrations. In the March 5, 2019 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 180-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

The effective date of the cancellations listed in Table 1A of Unit II. is October 7, 2019, and the

registrant may continue to sell and distribute existing stocks of these products until October 7, 2020.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 and Table 1A of Unit II.

Accordingly, the Agency hereby orders that the product registrations identified in Table 1 and Table 1A of Unit II. are canceled. Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of March 5, 2019 (84 FR 7899) (FRL-9988-75). The comment period closed on September 3, 2019.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10000-74-OA]

Announcement of the Board of Directors for the National Environmental Education Foundation

AGENCY: U.S. Environmental Protection Agency (EPA).

ACTION: Notice of Appointment.

SUMMARY: The National Environmental Education and Training Foundation (doing business as The National Environmental Education Foundation or "NEEF") was created by Section 10 of Public Law 101-619, the National Environmental Education Act of 1990 (NEEA) as a private 501(c)(3) non-profit organization. It was established by Congress as a common ground upon which leaders from business and industry, all levels of government, public interest groups, and others can work cooperatively to raise a greater national awareness of environmental issues beyond traditional classrooms.

Per NEEA, the EPA Administrator appoints and reappoints eligible individuals to serve on NEEF's Board of Directors. The Administrator announces the following four-year appointments to NEEF's Board of Directors, effective 90 days after publication of this notice:

- Jeniffer Harper-Taylor—Siemens Foundation (Re-appointment)
- Jennifer Love—Royal Caribbean International
- Lori A. McFarling—Discovery Education
- Steve Sikra—Proctor & Gamble

Additional considerations: As an independent foundation, NEEF is different from the Agency's several federal advisory committees and scientific boards, which have their own appointment processes. Because NEEA gives complete discretion to the Administrator in appointing members to NEEF's Board of Directors, EPA is taking additional steps to ensure all prospective members are qualified to serve on the Board and represent diverse points of view. In early 2019, EPA's Office of the Administrator formed an internal review panel comprised of senior EPA career officials tasked with verifying the qualifications of all future members of the NEEF Board of Directors selected by the Administrator. All new Board appointees underwent review by the panel prior to publication of this notice. These appointees will join the current Board members. Information on the Board members is available on NEEF's public website: <https://www.neefusa.org/about-needf/board>.

In December 2018, NEEF signed a first-time Memorandum of Understanding with the (EPA) Acting Administrator Andrew R. Wheeler to establish increased coordination between EPA and NEEF on key EPA initiatives including but not limited to EPA's Recycling Initiative, Trash Free Waters Program, Winning on Reducing Food Waste initiative, and the Healthy Schools Initiative.

FOR FURTHER INFORMATION CONTACT: For information regarding this Notice of Appointment, please contact Lee Tanner, (202)-564-4988) Acting Supervisor for Office of Environmental Education, U.S. EPA 1200 Pennsylvania Avenue NW, Washington, DC 20460. General information concerning NEEF may be found here: <https://www.neefusa.org/>.

SUPPLEMENTARY INFORMATION: Section 10(a) of the National Environmental Education Act of 1990 (NEEA) establishes the National Environmental Education Foundation and its underlying terms. The statute in its
