

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received no comments in response to the March 5, 2019 **Federal Register** notice announcing the Agency's receipt of the requests for voluntary cancellations of the products listed in Table 1 and Table 1A of Unit II.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 and Table 1A of Unit II.

Accordingly, the Agency hereby orders that the product registrations identified in Table 1 and Table 1A of Unit II. are canceled. The effective date of these cancellations is specified in the **DATES** section. Any distribution, sale, or use of existing stocks of the products identified in Table 1 and Table 1A of Unit II. in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI. will be a violation of FIFRA.

V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of March 5, 2019 (84 FR 7899) (FRL-9988-75). The comment period closed on September 3, 2019.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows:

The registrant of 432-1477, listed in Table 1, requested the cancellation to be effective on December 31, 2018, therefore, the registrant may continue to sell and distribute existing stocks of these products until December 31, 2019,

which is 1 year after the effective date of the cancellation. Thereafter, the registrant is prohibited from selling or distributing the product listed in Table 1, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal.

For all other voluntary cancellations listed in Table 1A, the registrants may continue to sell and distribute existing stocks of products listed in Table 1A of Unit II. until 1 year after the publication of the Cancellation Order in the **Federal Register**, the date is specified in the **DATES** section. Thereafter, the registrants are prohibited from selling or distributing products listed in Table 1A, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal.

Persons other than the registrants may sell, distribute, or use existing stocks of the products listed in Table 1 and Table 1A of Unit II. until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-10000-74-OA]

Announcement of the Board of Directors for the National Environmental Education Foundation

AGENCY: U.S. Environmental Protection Agency (EPA).

ACTION: Notice of Appointment.

SUMMARY: The National Environmental Education and Training Foundation (doing business as The National Environmental Education Foundation or "NEEF") was created by Section 10 of Public Law 101-619, the National Environmental Education Act of 1990 (NEEA) as a private 501(c)(3) non-profit organization. It was established by Congress as a common ground upon which leaders from business and industry, all levels of government, public interest groups, and others can work cooperatively to raise a greater national awareness of environmental issues beyond traditional classrooms.

Per NEEA, the EPA Administrator appoints and reappoints eligible individuals to serve on NEEF's Board of Directors. The Administrator announces the following four-year appointments to NEEF's Board of Directors, effective 90 days after publication of this notice:

- Jeniffer Harper-Taylor—Siemens Foundation (Re-appointment)
- Jennifer Love—Royal Caribbean International
- Lori A. McFarling—Discovery Education
- Steve Sikra—Proctor & Gamble

Additional considerations: As an independent foundation, NEEF is different from the Agency's several federal advisory committees and scientific boards, which have their own appointment processes. Because NEEA gives complete discretion to the Administrator in appointing members to NEEF's Board of Directors, EPA is taking additional steps to ensure all prospective members are qualified to serve on the Board and represent diverse points of view. In early 2019, EPA's Office of the Administrator formed an internal review panel comprised of senior EPA career officials tasked with verifying the qualifications of all future members of the NEEF Board of Directors selected by the Administrator. All new Board appointees underwent review by the panel prior to publication of this notice. These appointees will join the current Board members. Information on the Board members is available on NEEF's public website: <https://www.neefusa.org/about-needf/board>.

In December 2018, NEEF signed a first-time Memorandum of Understanding with the (EPA) Acting Administrator Andrew R. Wheeler to establish increased coordination between EPA and NEEF on key EPA initiatives including but not limited to EPA's Recycling Initiative, Trash Free Waters Program, Winning on Reducing Food Waste initiative, and the Healthy Schools Initiative.

FOR FURTHER INFORMATION CONTACT: For information regarding this Notice of Appointment, please contact Lee Tanner, (202)-564-4988 Acting Supervisor for Office of Environmental Education, U.S. EPA 1200 Pennsylvania Avenue NW, Washington, DC 20460. General information concerning NEEF may be found here: <https://www.neefusa.org/>.
