DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Proposed Information Collection; Comment Request; Southeast Region Dealer and Interview Family of Forms**

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to

take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before December 9, 2019.

ADDRESSES: Direct all written comments to Adrienne Thomas, PRA Officer, NOAA, 151 Patton Avenue, Room 159, Asheville, NC 28801 (or at PRAComments@doc.gov). All comments received are part of the public record. Comments will generally be posted without change. All Personally Identifiable Information (for example, name and address) voluntarily submitted by the commenter may be publicly accessible. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument and instructions should be directed to Dr. David Gloeckner, (305) 361–4257 or david.gloeckner@noaa.gov.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for renewal of a current information collection. Fishery quotas are established for many species in the fishery management plans developed by the Gulf of Mexico Reef Fish Fishery Management Council, the South Atlantic Fishery Management Council, and the Caribbean Fishery Management Council. The Southeast Fisheries Science Center has been delegated the responsibility to monitor these quotas. To do so in a timely manner, seafood dealers that handle these species are required to report the purchases (landings) of these species. The frequency of these reporting requirements varies depending on the magnitude of the quota (e.g., lower quota usually require more frequent reporting) and the intensity of fishing effort. The most common reporting frequency is weekly. Daily reporting is only used for one fishery.

In addition, information collection included in this family of forms includes interview with fishermen to gather information on the fishing effort, location and type of gear used on individual trips. This data collection is conducted for a subsample of the fishing trips and vessel/trips in selected commercial fisheries in the Southeast region and commercial fisheries of the US Caribbean. Fishing trips and individuals are selected at random to provide a viable statistical sample.

These data are used for scientific analyses that support critical conservation and management decisions made by national and international fishery management organizations.

This data collection is authorized under 50 CFR part 622.5.

II. Method of Collection

Dealer reports used for quota monitoring are reported electronically for all but one fishery (mackerel gillnet) is reported via fax. Bio profile data from Trip Interview programs is obtained by face-to-face interviews with fisherman or sea food dealers.

BILLING CODE 3510-22-P

DEPARTMENT OF DEFENSE

Department of the Air Force

[Docket ID: USAF-2019-HQ-0009]

Privacy Act of 1974; System of Records

AGENCY: Department of the Air Force, DOD.

ACTION: Notice of a new System of Records.

SUMMARY: The Office of the Deputy Assistant Secretary of the Air Force for Financial Operations (SAF/FMF) is adding a new System of Records titled, "Forms and Account Management Service (FAMS)," F065 SAF FMF A. FAMS will be the sole, web-based platform for the appointment and termination of Departmental Accountable Officials, appointment and termination of Key Signatories of financial documentation, and access management to a portfolio of information systems, which are material for audit.

DATES: This addition is effective upon publication; however, comments on the Routine Uses will be accepted on or before November 8, 2019. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <http://www.regulations.gov>.

Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Chief Management Officer, Directorate of Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any

personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mr. LaDonne White, Department of the Air Force, Air Force Privacy Office, Office of Warfighting Integration and Chief Information Officer, ATTN: SAF/CIO A6, 1800 Air Force Pentagon, Washington, DC 20330-1800, or by phone at (571) 256-2515.

SUPPLEMENTARY INFORMATION: During Financial Improvement and Audit Readiness (FIAR) audits of Air Force Information Technology (IT) processes, numerous notices of findings and recommendations were issued, related to vulnerabilities in managing Air Force systems account access and appointment of accountable official positions. Findings identified gaps in properly handling and managing accounts for access and authority to act. Improper account management presents information security risks that could result in unauthorized access. Historically, many of these functions were performed in a decentralized manner and conducted manually without effective checks and balances on accuracy. Introduction of the new web-based platform will reduce and eliminate the use of paper forms as it will automate the request and approval processes and enable periodic validation and reconciliation of account records against actual account permissions.

OMB Circular No. A-123 defines management's responsibility for internal control in Federal agencies. A re-examination of the existing internal control requirements for Federal agencies was initiated in light of the new internal control requirements for publicly-traded companies contained in the Sarbanes-Oxley Act of 2002. Circular A-123 and the statute it implements, the Federal Managers' Financial Integrity Act of 1982, are at the center of the existing Federal requirements to improve internal control.

This circular reflects policy recommendations developed by a joint committee of representatives from the Chief Financial Officer Council (CFOC) and the President's Council on Integrity and Efficiency (PCIE). The policy changes in this circular are intended to strengthen the requirements for conducting management's assessment of internal control over financial reporting. SAF/FMF is responsible for developing and maintaining effective internal control that provides assurance that significant weaknesses in the design or operation of internal control, such as unauthorized access to Air Force

systems, that could adversely affect the agency's ability to meet its objectives, would be prevented or detected in a timely manner. FAMS enables SAF/FMF the means to track and manage the appointment of qualified personnel (Departmental Accountable Officials and Financial Signatories) to key positions and control Air Force system access to appropriately cleared Air Force employees, thereby meeting the requirements of OMB A-123.

The OSD notices for Systems of Records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address provided in the **FOR FURTHER INFORMATION CONTACT** paragraph or are available at the Defense Privacy, Civil Liberties, and Transparency Division website via at <http://dpcl.d.defense.gov>.

The proposed systems reports, as required by the Privacy Act, as amended, were submitted on August 5, 2019, to the House Committee on Oversight and Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to Section 6 of OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016 (December 23, 2016, 81 FR 94424).

Dated: October 4, 2019.
